5 Employability in South Lanarkshire – Kickstart Scheme Progress

A report dated 5 August 2021 by the Executive Director (Finance and Corporate Resources) was submitted on the Council's involvement with the UK Government's Kickstart Scheme.

The UK Government launched the Kickstart Scheme in October 2020 with a view to mitigating the economic impact of the COVID-19 pandemic on the employment and training opportunities of young people aged 16 to 24 years of age who were in receipt of Universal Credit.

The Scheme focused on employers and if they took on an eligible young person in a new post, would be offered funding for 26 weeks of paid work experience at the national minimum wage rate. It was hoped that the experience would lead to longer term employment or training opportunities.

The Scheme operated using Host organisations and Gateway organisations. A Host offered Kickstart places within its own organisation and a Gateway acted as a broker for other employers in the area. The Department for Work and Pensions (DWP) acted as the first point of contact and all vacancies were advertised via job centres and referrals by Work Coaches.

The Council had been successful in its applications to become both a Kickstart Host, with up to 50 places and 350 places as a Gateway.

The maximum value of payment for each placement was up to £7,648.80 per participant for both Host and Gateway grants. Payments were made via the Council as participants achieved specific milestones in their placements. For placements in the public sector, wraparound funding had been used to top up the hourly rate to the Living Wage rate.

There were currently 9 young people appointed to roles within the Council, with 16 in the process of being interviewed/recruited. There had been 28 young people appointed to placements with employers throughout South Lanarkshire, with a further 29 placements shortlisted for interviews. There were currently 14 jobs advertised and a further 50 in process.

The length of time in paid placement had been extended for some placements using the Youth Guarantee Programme fund from the Scottish Government. This wrap around funding had been aimed at providing extended placements for those young people who needed a little more support, or where there had been significant initial training required to carry out the role.

As a consequence of lockdown, the Scheme had not commenced until April 2021 and there had been indications that the Scheme would be extended beyond December 2021.

Labour market statistics showed that, as the Job Retention Scheme concluded, those over the age of 25 would require employability support and the Council was refocussing other funding to address the needs of this group.

The Forum decided: that progress to date on the Kickstart Scheme be noted.
