Continue to undertake road and footway improvements	Percentage of the road network resurfaced within the financial year 2019-20	Green	During quarter four, some progress was made which has allowed the Service to resurface 0.15% of the road network. However, given severe weather during February and the implications of Covid-19, we were unable to complete our overall programme meaning we just fell short of our annual target of 3.5%.	Amber
	Percentage of our road network that should be considered for maintenance	Report Later	Emerging Society of Chief Officers of Transportation in Scotland (SCOTS) Road Condition Index (RCI) survey results for the period covering 2018 to 2020 indicate that 30.3% of our road network should be considered for treatment, compared to our current target of 31.2% which was based on previously available results. The Scottish average is 35.0%. This continues a trend of year on year improvement since the commencement of the Roads Investment Plan	Green
Deliver road and transportation infrastructure improvements to support new development, including those undertaken as part of the City Deal	Prioritised road infrastructure delivered by March 2020 in line with available external and internal capital funding	Green	In order to reduce congestion two projects were taken forward. A traffic signal control system called SCOOT, which will involve in the upgrade/replacement of traffic signal equipment, was to be implemented on the Glasgow Road corridor in Cambuslang / Rutherglen. These works are delayed due to unforeseen circumstances involving utility apparatus that requires to be relocated and will be completed in the new financial year. To maximise expenditure traffic signal equipment has been purchased for future projects. A traffic modelling exercise was commissioned for Lanark. Traffic counts were completed in September and provided data for a new traffic model for the town. This involved the consideration of the Lanark Gyratory scheme identified in the Local Transport Strategy as well as other potential options. Modelling works are complete and a draft report is being reviewed.	Amber

Encourage greater use of public transport by working with partners to improve public transport infrastructure	Prioritised improvements to bus and rail infrastructure delivered by March 2020 in line with agreed Park and Ride Strategy and available external funding	Green	<p>Planning consent was granted to allow the extension of the Park and Ride facilities at Carstairs Junction. Works are almost complete but have been suspended due to the ongoing Covid-19 situation.</p> <p>Third party land negotiations are complete to secure land for new Park and Ride facilities in Lanark however, due to the ongoing Covid-19 situation the process has not been able to be concluded as the Land Registry is closed.</p> <p>Negotiations were completed with the land purchased by the Council for a new Park and Ride in Cambuslang.</p> <p>Discussions with Strathclyde Partnership for Transport (SPT) have identified the upgrading of bus stop and shelter infrastructure on the Fernhill Road / Mill Street as well as the Burnside Road / Stonelaw Road corridors in Rutherglen. Works were issued and subsequently completed on the Fernhill and Mill Street corridor. In addition, the expansion of Real Time bus information has been completed at 4 locations.</p>	Amber
Encourage active travel by extending our network of cycle routes	Walking and cycling projects / schemes delivered in line with agreed 2019-20 capital programme	Green	<p>The Active Travel Study in the Cambuslang and Rutherglen area is complete. A consultant has been appointed to undertake studies for Carluke and Law area, Lanark and Hamilton. These are ongoing however, the Covid-19 situation has affected the consultation process. These studies are now programmed for completion early in the new financial year. The completed studies will include a proposed identified walking/ cycle network for the towns as well as identifying measures and initiatives to promote sustainable travel.</p> <p>The expansion of the cycle network in East Kilbride will continue following the conclusion of the Active Travel study in the town. The concept design of sections on Churchhill Avenue and towards East Kilbride Railway Station through to East Main Road are complete. The first phase of the route on West Mains Road / East Mains Road are almost complete but have been suspended due to the ongoing Covid-19 situation.</p> <p>Cycle monitoring equipment as well as cycle shelters at various locations were identified and contracts issued for their installation. Works are almost complete but have been suspended due to the ongoing Covid-19 situation.</p>	Amber
