**7. Performance Progress Report**

7.1. Quality 2017/2018

A minimum of two quality audits are targeted weekly which measure the quality of workmanship over a range of road worker activities.

**Table 5: Quality Audit Results**

Depot	No. of Quality Audits	Target %	Actual %	No. of Corrective Actions
<b>Clydesdale</b>	68	90-100	99	22
<b>Hawbank</b>	9	90-100	98	1
<b>Canderside</b>	1	90-100	100	0

7.2. Ideally percentage compliance should be 100%, however, 90%+ is considered acceptable provided corrective and preventative measures are undertaken before the auditor leaves site.

7.3. Roads Maintenance 2017/2018

This local performance indicator details the percentage compliance within timescale for Category 2 defects. The Quarter 3 figure for 2017/2018 is detailed Table 6 below:

**Table 6: Roads Maintenance Performance Indicators**

Category	Target %	2017/2018 3 <sup>rd</sup> Quarter %	2016/2017 3 <sup>rd</sup> Quarter %
Category 2 (within seven working days)	80	61.28	92.33

- 7.4. As of 1 April 2016 this PI has changed to measure Category 2 defects as defined in the Council's new Guidance Document for Road Safety Inspections and Defect Categorisation. The new PI has a repair timescale of 7 working days and a target compliance of 80%. The Road Maintenance Management System has been upgraded to reflect this change.

7.5 Winter Maintenance

During the Winter Season gritting operations are generated by a weather forecast specific to road conditions. The forecast is received three times daily from Meteogroup, the forecast provider. Winter activity is therefore, in the main, planned. The forecast can often be marginal and timing of adverse weather uncertain. In these circumstances a call out system operates and staffs on stand-by are alerted. Scouting patrols are put in operation and used to advise decision making staff in the roads service of the prevailing conditions and to initiate "call out" should the weather deteriorate quickly.

Summarised below are the actions by month this winter compared to previous years.

**Table 7: Winter Maintenance Actions**

Month	Planned Carriageway Actions				Planned Footway Actions				Call Out			
	14/15	15/16	16/17	17/18	14/15	15/16	16/17	17/18	14/15	15/16	16/17	17/18
