#### 4. Monitoring Statistics

#### 4.1. Attendance Statistics (Appendix 1)

Information on absence statistics is analysed for the month of August 2020 for Finance and Corporate Resources.

The Resource absence figure for August 2020 was 2.0%, which remains unchanged when compared to last month and is 1.1% lower than the Council-wide figure. Compared to August 2019, the Resource absence figure has decreased by 1.6%.

Based on the absence figures at August 2020 and annual trends, the projected annual average absence for the Resource for 2020/2021 is 3.3%, compared to a Council-wide average figure of 4.4%.

For the financial year 2020/2021, the projected average days lost per employee equates to 5.5 days, compared with the overall figure for the Council of 7.0 days per employee.

Managers follow the procedures outlined in the Maximising Attendance Policy to support employees to remain at work, or to return to work after a sickness absence. There are comprehensive employee supports in place and additionally, Personnel Services work in close partnership with line managers and Resource Management Teams on a case management basis to ensure that appropriate actions are taken.

The attendance information contained in this report includes absences as a result of Covid-19, and employees are being supported through this difficult time to maintain attendance levels where they can.
