#### 2 Minutes of Previous Meeting

The minutes of the meeting of the Financial Resources Scrutiny Forum held on 21 March 2019 were submitted for approval as a correct record.

The Forum decided:

that the minutes be approved as a correct record.

#### 3 Revenue Budget Monitoring 2018/2019

A report dated 1 May 2019 by the Executive Director (Finance and Corporate Resources) was submitted comparing actual expenditure against budgeted expenditure for the period ending 1 March 2019 (Period 13).

The figures included an underspend of £12.530 million on the General Fund Revenue Account and a breakeven position on the Housing Revenue Account. Following a transfer to Reserves, there was an underspend of £7.030 million.

The main factors contributing to the underspend on the General Fund Revenue Account were detailed in the report.

Following a probable outturn exercise, it was forecast that there would be an underspend of £13.257 million at the year end, before any transfer to Reserves. Taking into account all transfers to Reserves agreed at the meeting of the Executive Committee on 13 February 2019, the outturn position was an underspend of £7.063 million.

A detailed analysis of each Resource's outturn position was provided in the report.

To meet a number of corporate pressures, it was proposed to allocate £4.000 million to reducing savings requirements and a further £1.305 million to meet the terms of the 2018/2019 pay award. Taking those adjustments into account, a revised underspend of £1.758 million for the General Fund Revenue Account was forecast. A further £1.000 million would be transferred to reduce savings requirements for 2019/2020, reducing the underspend figure to £0.758 million.

At 1 March 2019, Trading Services' actual surplus totalled £7.481 million, representing an under recovery of £2.612 million against the phased budget.

#### The Forum decided:

- (1) that the underspend of £12.530 million on the General Fund Revenue Account before transfers to reserves at 1 March 2019, as detailed in Appendix 1 to the report, and forecast to 31 March 2019, be noted;
- (2) that the underspend of £7.030 million on the General Fund Revenue Account after transfers to Reserves, as detailed in Appendix 2 to the report, and forecast to 31 March 2019 be noted;
- (3) that the breakeven position on the Housing Revenue Account at 1 March 2019 and the forecast to 31 March 2019 of a breakeven position be noted; and
- (4) that the actual surplus achieved by the Trading Operations of £7.481 million at 1 March 2019, representing an under recovery of £2.612 million against the phased budget, be noted.

#### 4 Revenue Budget Monitoring 2018/2019 – Detailed Resource Analysis

A report dated 1 May 2019 by the Executive Director (Finance and Corporate Resources) was submitted on the detailed financial analysis as at 1 March 2019 (Period 13) for each of the Council's Resources.

The following information was provided for each Resource and the Housing Revenue Account:-

- ♦ an Executive Summary showing the top level position for each of the Services within the Resource and the Housing Revenue Account as at 1 March 2019 (Period 13)
- details of the most significant variances within Resources and the Housing Revenue Account across subjective headings and across Services as at 1 March 2019 (Period 13)
- ♦ a line by line trend analysis of the total Resources' expenditure and income across subjective headings as at 1 March 2019 (Period 13)

Officers responded to members' questions on various aspects of the report.

The Forum decided: that the financial position for each of the individual

Resources' revenue budgets for 2018/2019 at 1 March

2019 (Period 13) be noted.

[Reference: Minutes of 21 March 2019 (Paragraph 4)]

# 5 Revenue Budget Monitoring 2018/2019 – Trading Operations' Performance Review – Property Services

A report dated 24 April 2019 by the Executive Director (Housing and Technical Resources) was submitted on the financial and operational performance of Property Trading Operation for the period ending 1 March 2019 (Period 13).

Details were also provided on a number of key operational and personnel issues including:-

- ♦ absence statistics for the period 1 April 2018 to 1 March 2019 by Service and type, including details of Management Interventions during the reporting period
- operational activity undertaken within Property Services during the performance reporting period

Officers responded to members' questions on various aspects of the report.

**The Forum decided:** that the position as at 1 March 2019 (Period 13) be noted.

[Reference: Minutes of 24 January 2019 (Paragraph 5)]

#### 6 Review of Trading Services - 2019/2020 Update

A report dated 16 April 2019 by the Executive Director (Finance and Corporate Resources) was submitted advising of an exercise carried out to fulfil the Council's annual requirement to review existing and potential Trading Services.

Details of how the review had been carried out, including the criteria each Service had been assessed against and the outcome, were provided. The review exercise had shown that, under current guidelines, the existing trading activities should transfer the budget for the Property Trading Service to Housing and Technical Resources, and for Roads and Fleet Trading Services to Community and Enterprise Resources.

An analysis of other potential trading activities, identified by CIPFA, had been assessed against the same criteria and had resulted in no additional services being proposed.

At its meeting on 1 May 2019, the Executive Committee had approved the transfer of those Trading Services.

The Forum decided: that the transfer of Fleet and Roads to the Community and

Enterprise Resources' budget and the transfer of Property Trading Services to the Housing and Technical Resources'

budget be noted.

#### 7a Capital Programme Monitoring 2018/2019 – General Fund Capital Programme

A report dated 1 May 2019 by the Executive Director (Finance and Corporate Resources) was submitted on the position of the General Fund Capital Programme 2018/2019 at 1 March 2019 (Period 13)

The General Fund Capital Programme for 2018/2019 totalled £66.819 million. At 1 May 2019, £51.707 million had been spent against a phased budget of £56.307 million, representing expenditure of £4.600 million behind profile.

The physical progress achieved on the General Fund Capital Programme 2018/2019 at 1 March 2019 was detailed in Appendices D to F to the report.

**The Forum decided:** that the report be noted.

[Reference: Minutes of the Executive Committee of 1 May 2019 (Paragraph 3)]

#### 7b Capital Budget Monitoring 2018/2019 - Housing Capital Programme

A report dated 1 May 2019 by the Executive Director (Finance and Corporate Resources) was submitted on the position of the Housing Capital Programme 2018/2019 at 1 March 2019 (Period 13).

The Housing Capital Programme for 2018/2019 totalled £53.664 million. At 1 March 2019, £45.462 million had been spent against a phased budget of £45.527 million, representing expenditure of £0.065 million behind profile.

The physical progress achieved on the Housing Capital Programme 2018/2019 at 1 March 2019 was detailed in Appendix B to the report.

**The Forum decided:** that the report be noted.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Revenue Budget Monitoring Final Outturn and Annual

Report and Accounts - 2018/2019

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ advise the Forum on the year-end position for the General Fund and the revenue budget performance of each Resource,
- ♦ advise on the year-end position of the Housing Revenue Account (HRA),
- provide a reconciliation of the outturn position in the Annual Accounts (Expenditure and Funding Analysis Statement) to the revenue budget performance for the year 2018/2019,
- ◆ provide details of the full unaudited South Lanarkshire Council Accounts 2018/2019 and Charitable Accounts 2018/2019 for consideration, and
- provide the publication details for the unaudited Annual Accounts.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to note the following recommendation(s):
  - that the position of the General Fund (Section 5 and summarised in Appendix 1), be noted;
  - that the proposed additional transfers to reserves by Resources and Corporate Items totalling £5.739 million (Sections 6.3, 6.7.6 and 6.8.6), be noted:
  - (3) that the change to the Treasury Management Strategy to reflect the method of debt repayment be referred to Council for endorsement, be noted (section 6.7.5),
  - that the final outturn position of an underspend of £1.298 million, and the transfer of this underspend to the Uncommitted General Fund (Section 7.5), be noted:
  - that the position on the Housing Revenue Account, including the transfer from reserves of £2.613 million (Section 9), be noted;
  - (6) that the publication details for the unaudited Annual Accounts for 2018/2019 (Section 10), be noted; and
  - (7) that South Lanarkshire Council Accounts 2018/2019 and the Charitable Accounts 2018/2019 have been provided to members for their consideration, be noted.

#### 3. Background

- 3.1. The Revenue reports attached provide details on the Executive Committee report dated 26 June 2019, which shows the final outturn on the Council's Revenue Budget, including Trading Operations and the Housing Revenue Account.
- 3.2. Under existing regulations, the Council's unaudited Annual Accounts for the year ended 31 March 2019 require to be submitted for audit by 30 June 2019. This deadline was met and the full unaudited Annual Accounts were submitted to the Risk and Audit Scrutiny Committee on 19 June 2019 for consideration, prior to submission to the External Auditor.
- 3.3. This report will provide information on the following areas:
  - Executive Summary on 2018/2019 Outturn Position (Section 4)
  - General Services Probable Outturn position for 2018/2019 (Section 5)
  - General Services year-end monitoring position for 2018/2019 (detailed in Section 6 and summarised in Section 7)
  - Summary of Year End Reserves position (Section 8)
  - Year-end position on the Housing Revenue Account (Section 9)
  - Information on the Annual Accounts including details of publication arrangements for the unaudited Accounts (Section 10)
  - Reconciliation of the year-end monitoring position summarised in section 6, to the figures presented in the Annual Accounts (Section 11)
  - Details of the Charities Accounts (Section 12)

#### 4. Executive Summary

- 4.1. Audit recommendations require the Council to present a report to Elected Members detailing the final outturn position on the Council's Revenue Budget, including seeking approval for any transfers to reserves not previously reported or approved throughout the year.
- 4.2. This report and appendices provides a detailed analysis of the Council's financial position. Whilst the full detail and background is provided for Member's information in the report, in order to summarise the position and provide Members with the key highlights, we have provided an Executive Summary below:
  - **Final outturn position:** The position after all transfers to reserves is an underspend of £1.298 million, compared to the position of £0.758 million previously reported. This is an improvement of £0.540 million and is mainly due to an improved Council Tax position (section 5.2).
  - **Resource position**: The position after transfers to reserves is an overspend of £2.912 million, compared to the previously reported position of £3.004 million, an improvement of £0.092 million (section 6.4).
  - Loan Charges: The final position is an underspend of £8.703 million, an improvement of £2.803 million on the position previously reported during the year. This is due to a late change advised by Audit Scotland in relation to the approach to the principal repayment of debt. This allowed the Council to reprofile its principal repayments in 2018/2019 in relation Schools, generating an additional underspend of £2.841 million (section 6.7).
  - Council Tax: The final position is an over recovery of £3.138 million, mainly as a result of lower demand for the Council Tax Reduction Scheme and a slightly

higher in-year collection of Council Tax. This is an improved position of £0.432 million on that previously reported (section 6.11).

- Transfer to Reserves: As part of the probable outturn, the Executive Committee approved the transfer of £15.390 million to Reserves and at the year end approval is being sought to transfer a further £5.739 million including the £2.841 million of loan charges underspend, taking the total transfers to reserves to £21.129 million.
- Some of the further transfers to reserves will be used in the 2020/2021 budget to reduce the need for savings. This includes monies transferred to reserves from the Loan Charge underspend, and Interest on Revenue Balances.
- **Uncommitted Reserves:** It is proposed that this underspend of £1.298 million is added to the earmarked reserves to be used to fund future pressures, and be held in the Uncommitted General Fund (section 7.5).
- Reserves: The Council's General Fund Reserves at the end of 2018/2019 will be £82.785 million. There are £50 million of reserves set aside for future budget strategies of which £26 million has been allocated to specific years (section 8).
- Annual Accounts: The Council's Annual Accounts and Charities Accounts
  have been considered by the Risk and Audit Scrutiny Committee and a copy of
  the accounts provided to Members. A reconciliation between the accounts and
  figures contained in this report is provided.
- 4.3. Full details of each of these items is included in the remainder of the report.

#### 5. 2018/2019 General Services – Summary of Final Outturn

5.1. After taking into account Transfers to Reserves approved by the Executive Committee on 13 February 2019, along with the approved commitment to fund corporate budget pressures (2019/2020 Strategy and 2018/19 additional 0.5% pay award), the Probable Outturn position anticipated was an underspend of £0.758 million. This is illustrated in the Table 1 below:

Table 1 - General Services 2018/19 Probable Outturn

	Probable		
	Outturn

= General Fund Underspend (at Probable Outturn)	0.758		

5.2. **Final Outturn**: The final outturn position after all transfers to Reserves is an underspend of £1.298 million. This is an improvement of £0.540 million, the details of which are summarised in Table 2 below.

#### 6. 2018/2019 Year-End Position

- 6.1. **Resources (including Trading Operations):** At the Year-End, the net expenditure position for Resources (including Trading Operations) before Transfers to Reserves, is £625.631 million compared to the budget of £629.328 million. This results in an underspend of £3.697 million. The detail of this is shown in Appendix 1 with the underspend specifically shown in column 6.
- 6.2. As noted in section 4, the Executive Committee (13 February 2019) approved Transfers to Reserves. For Resources, the Transfers were £4.754 million. These are detailed in Appendix 2 for ease of reference. This represents the amount agreed at probable, adjusted to reflect the actual spend position on these items at the year-end.
- 6.3. Based on the year-end position, Resources proposed additional Transfers to Reserves totalling £1.855 million, for commitments where spend was not incurred in 2018/2019, but would be required in 2019/2020. These transfers are shown in Table 3, with more detail provided in Appendix 3.

6.4. Taking all the Transfers to Reserves into account, the Resources' final outturn position is an overspend of £2.912 million (Appendix 1, col 8). This is an improved position of £0.092 million from the Probable Outturn overspend position.

- 6.5. The detailed position for each Resource is detailed in Appendix 4. Also included in Appendix 4 are explanations for significant variances for each of the Services within the Resources.
- 6.6. **Capital Financed from Current Revenue (CFCR):** The CFCR budget line is showing a breakeven position at the year-end. This is unchanged from the position that was reported as part of the Probable Outturn.
- 6.7. **Loan Charges:** The position at the end of the year is an underspend of £8.703 million. This is an improved position of £2.803 million on the position reported throughout the year.
- 6.7.1. The overall underspend position reflects the timing of borrowing (delayed due to using cash balances) and the interest rates achieved. In addition, the Finance Minister agreed to review the legislation during 2019/2020 which would allow councils to vary loans fund principal prepayments for debt taken before 1 April 2016. Following a late change advised by Audit Scotland, the ability to vary Loans Fund Repayments for debts pre 2016 can now be applied a year early in 2018/2019.
- 6.7.2. The Council carried out a detailed analysis of records against individual assets including schools and roads. The majority of the Council's debt which could be reprofiled relates to schools. Whilst the re-profiling had been agreed from 2019/2020 as part of the 2019/2020 budget the benefit can now be taken in 2018/2019. By changing loans fund repayments an additional underspend of £2.841 million can be taken in 2018/2019.
- 6.7.3. To do this requires a change the Council's Treasury Management Strategy. This would allow debt repayment to be spread across a longer time period.
- 6.7.4. There is no impact on the overall level of debt that will be repaid. The same amount of debt will be repaid, but the term over which it is repaid is extended. The reduction in principal debt repayments in 2018/2019 will be paid over the remaining life of the debts, and amounts to approximately £0.050 million per annum. This can be accommodated in the Loan Charges budget.
- 6.7.5. The Council are the approvers of the Treasury Management Strategy, and it is that Strategy that agrees the method of how the Council repays its debt. On that basis, there is a requirement to refer this change in approach to the Council for endorsement.
- 6.7.6. Approval was sought to transfer the £2.841 million in respect of the loans fund repayments to the Earmarked General Fund and used in the 2020/2021 Budget Strategy to reduce the savings requirement (subject to the Council's endorsement of the approach to debt repayment).

**Table 4 - Loan Charges - Additional Proposed Transfers** 

Proposed Transfer	£m
Loan Charges Repayments - Future budget strategy (section 6.7.2)	2.841
Total Loan Charges Additional Transfers	2.841

6.8. **Corporate Items:** The final outturn position is an underspend of £1.687 million before transfers to reserves. This includes the impact of funding of the additional 0.5% 2018/2019 pay award (£1.305 million).

- 6.8.1. As reported during the year the underspend reflects budgets for Superannuation on Overtime, Rates, Utilities, Carbon Reduction and Pay Grade Restructure, which were not required in 2018/2019.
- 6.8.2. In addition, the actual position includes income from Feed In Tariffs and Renewable Heating Initiatives and also the repayment by Resources for 'spend to save' projects previously funded by the Central Energy Efficiency Fund (CEEF). These items are known at the year-end only, and are included in the list of proposed transfers to Reserves (Appendix 3) to meet future costs of energy projects. They do not affect the Council's position.
- 6.8.3. Also included in the Corporate Items line is the Interest on Revenue Balances (IORB) for both the Council's General Fund and in relation to the Council's Reserves.
- 6.8.4. The forecast over recovery on the General Fund IORB was included in the probable outturn, however, the actual position is an additional over recovery of £0.360 million reflecting the actual profile of spend/income realised to the end of the year. Approval is sought to transfer this additional income to Reserves to assist with the 2020/2021 Budget Strategy. The Reserves' IORB (£0.092 million) is included in Corporate Items and is an accounting entry only, as it must then be transferred to Reserves. This has no impact on the year-end position of the Council.
- 6.8.5. Finally, Corporate Items also includes the requirement to show the commitment on social housing funded by additional income from Council Tax Second Homes. The relevant income is included within the Council Tax income line, and between the two, has no impact on the Council's position.
- 6.8.6. As part of the probable outturn, a transfer to reserves from the Corporate Items budget line of £0.434 million was approved in respect of utilities. Due to the underspends in sections 6.8.2 and 6.8.4 above, approval was sought to transfer further amounts to reserves to meet commitments in future years. These are detailed in Table 5 and in Appendix 3:

**Table 5 - Corporate Items - Additional Proposed Transfers** 

Proposed Transfer	£m
Feed In Tariffs - Future costs (section 6.8.2)	0.048
Renewable Heating Initiative - Future costs (section 6.8.2)	0.298
Central Energy Efficiency Fund - Future costs (section 6.8.2)	0.245
Interest on Revenue Balances (General Fund) - Future budget strategy (section 6.8.4)	0.360
Interest on Revenue Balances (Reserves) - Accounting requirement only (section 6.8.4)	0.092
Total Corporate Items Additional Transfers	1.043

- 6.8.7. The Corporate Items' position after all proposed Transfer to Reserves is an underspend of £0.210 million. This is an improved position of £0.054 million on the probable position shown for Corporate Items.
- 6.9. Transfer to Reserves Budget Line
- 6.9.1. **Priorities and Investments:** As reported during the year, the unutilised element of the priorities and investment budgets, which were allocations of funding for New Initiatives, was transferred to this budget line and approval received to transfer the underspend to reserves (Executive Committee, 13 February 2019). Before any

transfers to reserves, there is an underspend position of £5.202 million. After the approved transfer to reserves of £5.202 million, the position is breakeven which is in line with the position reported during the year.

- 6.9.2. **Corporate Transfers:** The overspend of £5.000 million reflects the approved transfer to reserves from the Council's underspend position, for utilisation in the 2019/2020 Budget Strategy. This is in line with the position reported during the year.
- 6.10. Council Tax and Council Tax Reduction Scheme: The year-end position on the Council Tax line is an over recovery of £3.138 million. The over recovery relates to higher than budgeted arrears collection, additional in-year collection and an over recovery of income in respect of Council Tax Second Homes, which offsets the expenditure contained within Corporate Items (section 6.8.5).
- 6.11. The year-end over-recovery is an improved position of £0.432 million compared to the probable position and mainly relates to lower than anticipated demand for the Council Tax Reduction Scheme payments, and slightly higher in-year collection of Council Tax and additional Council Tax Second Homes' income.
- 6.12. **Accounting Adjustments:** Accounting Regulations mean that adjustments are required to report spend correctly as either capital or revenue for the purposes of publishing our Annual Accounts. This includes where spend from the capital programme is on assets that are not owned by the Council (for example Clyde Gateway spend) or where spend must be classed as revenue. There is no physical impact for projects from this adjustment it is an accounting entry only.
- 6.13. £5.408 million of capital spend is required to be recorded as revenue spend. Conversely, £1.867 million of revenue spend should be recorded as capital. The Resource positions above, include these required transfers between the revenue and capital account, and reflects the position reported to the Executive Committee on 29 May 2019 (Capital Outturn 2018/2019).

#### 7. Summary of the General Services 2018/2019 Final Outturn Position

7.1. Table 6 summarises the year-end position across Resources and Corporate Budget lines, as discussed in section 6.

7.2. The Probable Transfer to Reserves of £15.390 million is the revised figure shown in Appendix 2, and takes account of the fact that some transfers have been revised to reflect the final spend achieved in these areas in 2018/2019.

- 7.3. Table 6 shows that before the Transfers to Reserves, there is an underspend of £22.427 million. Taking into account the Transfers agreed at Probable (Appendix 2) as well as the additional Proposed Transfers of £5.739 million (Appendix 3) gives a total Transfer to Reserves of £21.129 million.
- 7.4. After taking account of all known commitments and transfers to reserves, the position on the Council's budget is an underspend of £1.298 million.
- 7.5. It was proposed that this underspend of £1.298 million is added to the earmarked reserves to be used to fund future pressures, and be held in the Uncommitted General Fund.

#### 8. Reserves

- 8.1. As a result of the 2018/2019 final outturn exercise, the Council's Usable Reserves at the end of 2018/2019 will be £118 million. Of this total Reserves balance, £50 million was identified for use in the Council's Revenue Budget Strategies, with £26 million currently allocated to specific years. Appendix 6 provides a final Reserves position at 31 March 2019.
- 8.2. Following discussions with external audit, for the purposes of the Annual Accounts, the element of the amounts earmarked for future strategies, but which have not yet been allocated to a specific years' strategy, will be reclassified and held in the Uncommitted General Fund.
- 8.3. It is important to note that this does not change the value of the reserves held by the Council, and does not change the balance of reserves being used for future strategies. It merely changes whether they are held in the Earmarked or Uncommitted General Fund Reserves.
- 8.4. Other amounts within the overall total estimated Reserves at the end of 2018/2019 relate to specific Reserves such as the Housing Revenue Account, the Insurance Fund and Capital Funds, with £13 million held in the Uncommitted General Fund Reserve (excl. Revenue Strategy element) which the Council holds to use in the event of unforeseen circumstances year. Table 7 shows the position.

#### 9. Housing Revenue Account

- 9.1. The Housing Revenue Account is separate to the Council's General Fund. This account shows a deficit for the year of £2.613 million, which is funded from a transfer from the Housing Revenue Account Reserve. Appendix 7 shows the final outturn position to 31 March 2019 on the Housing Revenue Account. The position on the Housing Revenue Account will be breakeven after the Transfer from Reserves of £2.613 million.
- 9.2. The deficit of £2.613 million, when added to the amount brought forward from 2017/2018, gives an accumulated surplus of £9.011 million to be carried forward to 2019/2020 and will be used to meet future years' business plan commitments. This is reflected in the Council's reserves position.

#### 10. Annual Accounts - South Lanarkshire Council

- 10.1. The Local Authority Accounts (Scotland) Regulations 2014 require the unaudited accounts to be formally considered by elected members at a meeting to be held no later than 31 August.
- 10.2. The Risk and Audit Scrutiny Committee were presented with the 2018/2019 Unaudited Accounts for their consideration at the meeting on 19 June 2019.
- 10.3. The Annual Statement of Governance will be included in the Accounts and was presented separately to the Risk and Audit Scrutiny Committee on 19 June 2019, and the Executive Committee on 26 June 2019.
- 10.4. A copy of the unaudited Annual Accounts was e-mailed to Members for information, following the Risk and Audit Scrutiny Committee on 19 June 2019.
- 10.5. The Annual Accounts have been prepared in line with proper accounting practice contained within the Accounting Code of Practice (the Code), but remain subject to audit by Audit Scotland, who will complete their audit by 30 September 2019, having reported their findings to the Council in advance of that date. The year-end position detailed in section 6 is reflected in the Council's unaudited Annual Accounts.
- 10.6. In line with previous years, the full unaudited Annual Accounts will be available for public inspection in the Council Offices between 28 June 2019 and 19 July 2019, as prescribed by the Local Authority Accounts (Scotland) Regulations 2014. The Regulations also require publication of the Annual Accounts on the Council's website. As such, the unaudited Accounts will be available online from 28 June 2019 until the date the audited Accounts are published.

#### 11. Annual Accounts: Restatement of Monitoring Figures Reported

- 11.1. The Code introduced an Expenditure and Funding Analysis which must be prepared as part of the main Annual Accounts. The purpose of the statement is to reconcile the monitoring position reported to the Council's Executive Committee, to the figures reported in the Comprehensive Income and Expenditure Statement, which are presented on an accounting basis.
- 11.2. Appendix 8 reconciles the monitoring figures reported in Appendix 1 of this report to the figures in the Council's Annual Accounts (in the Expenditure and Funding Analysis Statement and the Comprehensive Income and Expenditure Account).
- 11.3. The starting point for the Expenditure and Funding Analysis is the year-end outturn before transfers to reserves shown in Appendix 1 (column 5), the monitoring surplus of £22.427 million. An adjustment is made to move the Trading Operations from

Resources to Other Income and Expenditure and to move the Corporate Items from the Other Income and Expenditure to the Resources. This is where they are shown in the Annual Accounts.

- 11.4. Appendix 8 (column 3) then takes this monitoring surplus of £22.427 million, and removes the Transfers from Reserves totalling £18.672 million, as the accounting requirements require us to remove both Transfers To and Transfers From Reserves, from these reported Committee figures.
- 11.5. The table in Appendix 8 then adds the HRA outturn position (col 5) to give the Council's total position: a surplus on provision of services of £1.142 million. This represents the Council's outturn position (General Fund plus HRA) on an accounting basis before Transfers To / Transfers From Reserves and is the position shown in the Expenditure and Funding Analysis.
- 11.6. Finally, the Expenditure and Funding Analysis position (Appendix 8, Table 1 col 7) is adjusted for the technical accounting transactions, including depreciation and pension accounting entries, which are outwith the normal Council monitoring process, to arrive at the figures in the Comprehensive Income and Expenditure Statement. These transactions are for accounting purposes and reflect the Council spend in line with accounting guidance. They do not change the final outturn position of the Council and have no impact on the actual position of the Council and the funds available.
- 11.7. As detailed in section 11.5, the Expenditure and Funding Analysis shows the movement on the General Fund Reserve and HRA Reserve before any transfers to/from other reserves. These relate to transfers from Other Reserves including the Repairs and Renewals Fund (including Winter Maintenance), the Insurance Fund and the IT Development Fund (Capital Fund) to offset expenditure and commitments that have been charged to the Revenue Budget but where the funding to pay for these commitments sits in another Reserve.
- 11.8. These transfers need to be taken into account to arrive at the total movement in the General Fund Reserve and HRA Reserve included in the Balance Sheet (Appendix 8, Table 2). Table 2 in Appendix 8 shows that when these transfers totalling £7.990 million (Table 2) are taken into account, the total General Fund and HRA position for the year is an increase of £9.132 million.

#### 12. Charitable Trusts Unaudited Accounts

- 12.1. The Council also submits unaudited accounts to the external auditor in respect of the 3 Charitable Trusts managed by the Council: South Lanarkshire Council Educational Trust, South Lanarkshire Council Charitable Trusts and the East Kilbride Information Technology Trust.
- 12.2. Copies of Council and Charitable Trust accounts were also e-mailed to Members following the Risk and Audit Scrutiny Committee on 19 June 2019.

#### 13. Employee Implications

13.1. None.

#### 14. Financial Implications

14.1. As detailed within this report.

#### 15. Other Implications

- 15.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.
- 15.2. There are no implications for sustainability in terms of the information contained in this report.

#### 16. Equality Impact Assessment and Consultation Arrangements

- 16.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 16.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

#### **Resource 2018/2019 Final Outturn Position**

The final outturn position for the year ended 31 March 2019, has been now been confirmed. There are examples of where commitments have not fully spent in 2018/2019, but which will spend in 2019/2020. As is normal practice, these committed monies are carried forward through Reserves at the end of the financial year.

To reflect this, the Resources' position shown in the table below details the outturn before Transfers to Reserves (col 2), the Transfers to Reserves by Resources approved as part of the Probable Outturn Exercise (col 3), the additional Transfers to Reserves being proposed by Resources (col 4) at the year end and the resultant final outturn position (col 5). Approval for these transfers is sought via Section 5 of the report.

The table shows an underspend of £3.697 million on the Resources' (including Trading Operations) current year budgets before any Transfers to Reserves for commitments.

After Transfers to Reserves of £6.609 million (col 3 and 4), the Resource position is an overspend for the year of £2.912 million (col 5). This is an improved position of £0.092 million compared to the Probable Outturn overspend of £3.004 million.

Each Resource is taken in turn in the table below, including an explanation of the reasons for the variances and any changes to the reserve transfer figures.

Resource	2018/19 Final Outturn
Community and Enterprise incl Trading Operations	The Resource including Trading Operations is showing an underspend position of £0.778 million before Transfers to Reserves. This is a decreased position of £0.849 million from the Probable position reported during the year, due to the Trading Operations' under recovery against surplus being higher than that anticipated at probable.
	Client Services - £2.282m underspend before transfers to reserves:  The net underspend position reflects underspends resulting from the turnover of staff as well as additional planning and building standards income. In addition, a refund was received from the contractor in respect of the waste contract. These are partially offset by the approved additional payment made to South Lanarkshire Leisure to assist with their budget pressures. This is offset by the under recovery of surplus in the Trading Operations detailed below.

#### **Trading Operations -:**

Within Fleet, the under recovery against surplus of £0.956 million before transfers to reserves, is due to the timing of efficiencies and also higher expenditure on materials and external repairs costs than anticipated.

For Roads, the under recovery against surplus of £0.548 million is due to the use of external contractors as a result of turnover of staff and also the timing of work on capital projects.

This is in line with the position reported during the year.

Transfers to Reserves totalling £0.407 million were approved as part of the Council's Probable Outturn, detailed in Appendix 2. As part of the final outturn, additional Transfers to Reserves are proposed totalling £0.798 million as detailed in Appendix 3. These relate to the Waste Contract refund to meet commitments in future years, funding to manage the cost of planning inquiries and funding for future commitments in respect of the public safety legal case.

The final position for the Resource, after all Transfers to Reserves is a net overspend of £0.437 million, compared to a probable overspend position of £0.508 million.

# Education Resources

The Resource outturn position is an underspend of £4.189 million before Transfers to Reserves. This is a reduced position of £0.273 million from the Probable position reported during the year.

The underspend relates to the Pupil Equity Fund for which funding is received for the academic year, which straddles two financial years and also an underspend within the Early Years' Service including the 1,140 expansion, due to the timing of recruitment.

There are also underspends in utilities and rates due to consumption efficiencies and the timing of opening of new establishments. These are partially offset by overspends in transport and demand led external placements. This is in line with the position reported during the year.

Transfers to reserves totalling £4.424 million were approved as part of the Council's Probable Outturn (Appendix 2) in relation to the Pupil Equity Fund, Early Years and Information Technology funding. The level of transfer in respect of some these items at year end has decreased by £0.976 million in relation to PEF and Early Years, reflecting additional expenditure incurred during 2018/2019.

As part of the final outturn, additional Transfers to Reserves are proposed totalling £0.738 million in relation to funding for Teachers Pay and Sanitary Products in Schools which has not been fully utilised in 2018/2019 but which is required to meet commitments in 2019/2020.

The final position after all Transfers to Reserves is an underspend of £0.003 million, compared to a probable underspend position of £0.038 million.

# Finance and Corporate Resources

The Resource is showing a net underspend of £0.112 million before Transfers to Reserves. This is an improved position of £0.112 million from the Probable breakeven position.

The underspend is due to the level of staff turnover being experienced across the Services during the year, a reduction in the cost of overpayments as part of the administration of Housing Benefits, the reduced cost of Employability programmes during the year and an underspend in the funding received for the provision of sanitary products in public places. This underspend is partially offset by expenditure on the rollout of multi-functional devices to schools, expenditure in IT related projects and a reduction in income from print-room work and the renewal of licences.

The Resource did not previously request any transfers to reserves, however, as noted above, part of the underspend relates to funding for Sanitary Products in Public Places which has not been utilised in 2018/2019. The Resource is seeking approval to transfer this funding of £0.078 million to reserves to meet commitments in 2019/2020. This proposal is included in Appendix 3.

The final position after all Transfers to Reserves is an underspend of £0.034 million, compared to a probable position of breakeven.

#### Housing and Technical Resources incl Trading Operations

The final outturn position for the Resource including Trading Operations, is an overspend of £0.251 million before Transfers to Reserves. This is an improved position of £0.275 million on the probable outturn position reported during the year.

#### **Client Services:**

As reported during the year, within Housing Services there is an underspend in respect of the Scottish Government funding for Temporary Accommodation within the Homelessness Service. Due to implementation timing and the level of bad debts being lower than anticipated, the funding was not fully utilised in 2018/2019. In addition, the Service experienced underspends in respect of the Rapid Rehousing Programme funding which was not fully utilised due to the timing of the recruitment of staff.

In addition Property Services experienced overspends in repairs and an under recovery of rental income, offset by an underspend in respect of the scheme of assistance payments to homeowners in relation to capital projects, which is demand led and is linked to the timing of capital projects.

#### **Trading Operation:**

The under recovery of surplus in the Property Trading Operation is due to the timing of works in relation to Early Years, Central Heating Programmes and Growth and Capacities in Schools.

In relation to reserves transfers, a transfer to reserves of £0.899 million in respect of the Temporary Accommodation funding was approved as part of the Council's Probable Outturn at the Executive Committee on 13 February 2019, detailed in Appendix 2. As part of the final outturn, additional Transfers to Reserves totalling £0.241 million in respect of the Rapid Rehousing Programme and Scheme of Assistance are proposed as detailed in Appendix 3.

The final position after all transfers to reserves is an overspend of £1.391 million compared to a probable overspend of £1.425 million, an improved position of £0.034 million.

# Social Work Resources

The outturn position is a net overspend of £1.131 million before Transfers to Reserves. This is a worse position of £0.022 million on the figure of £1.109 million reported during the year.

The net overspend as reported during the year is due to an overspend in Children and Families (external residential places, foster places as well as the level of kinship care payments) and Adults and Older People (employee costs). In addition, Adults and Older People have experienced additional expenditure on equipment, adaptations and technology to assist users to remain at home, as well as demand for respite and direct payments.

These overspends are partially offset by underspends in Performance and Support and Justice due to turnover of staff.

The Resource are not proposing any transfers to reserves and therefore the final outturn position after transfers remains at an overspend of £1.131 million, compared to the forecast overspend of £1.109 million.

## 2018/2019 Revenue Outturn Service Variance Explanations BEFORE Transfers to Reserves

The underspend relates to Pupil Equity Funding which is received for academic school years rather than financial years. This underspend will be used in April-June 2019 (2019/2020).	4.109
In addition, specific grant funding was received for the delivery of 1,140 hours within Early Years and due to the timing of recruitment which has been progressing since August 2018 to meet implementation requirements, and a lower than anticipated uptake in the lunches provided in Early Years establishments, there is an underspend in 2018/2019.	
There is also an underspend in utilities due to consumption efficiencies and an underspend in rates due to the timing of the opening of new establishments.	
Einanas and Cornerate Passuress	
Finance and Corporate Resources Finance Services The underspend is due to vacancies being considered in line with Service requirements and the reduced cost of overpayments as part of the administration of Housing Benefit.	0.732
Audit and Compliance Services  The overspend relates to an under recovery of income, reflecting the level of service provided to other bodies.	(0.023)

Information Technology Services The overspend reflects lower than anticipated staff turnover, additional electricity costs at the	(0.252)
Caird Data Centre and expenditure on a number of IT projects.	
Communications and Strategy	(0.216)
The majority of the overspend relates to an under recovery of income from external works carried out.	
Administration, Legal & Licensing	(0.362)
The overspend reflects a lower than anticipated level of staff turnover and an under recovery of income from private hire and taxi operator licences.	
Personnel Services	0.233
The underspend is due to the reduced cost of Employability programmes during the year.	
Housing and Technical Resources (including Trading Operations)	
Housing Services Funding received from the Scottish Government for Temporary Accommodation was not fully spent due to implementation timescales resulting in an underspend. In addition, funding was also received to assist with Rapid Rehousing Transitional Planning which due to timing was not utilised during the year. The Resource has requested that this funding be transferred to reserves to meet commitments in future years.	1.158
Property Services	0.003
The service has experienced an underspend in the scheme of assistance to homeowners for capital projects, which is a demand led budget. This was partially offset by additional expenditure on repairs and an under recovery of rental income.	
Property Trading Operation	(1.412)
The level of income from both contract and design work can be affected by the timing of works. The under recovery of surplus is due to the timing of works in relation to Early Years, Central Heating Programmes and Growth and Capacities in Schools.	
Social Work Resources	
Performance and Support	0.674
The underspend is due to the turnover of staff experienced during the year and expenditure on the implementation of the Carers Act was lower than anticipated.	
Children and Families	(1.886)
The overspend is due to expenditure on residential schools and external placements, fostering and adoption, kinship care and also turnover being lower than anticipated. This overspend is partially offset by non-recurring income and also an over recovery of income in relation to asylum seeking young people.	
Adults and Older People	(0.098)
	. ,
The overspend relates to expenditure on staffing and equipment, adaptations and assistive technology to support service users to remain at home and also demand for respite services and direct payments. This is partially offset by underspends in demand for Care Homes and Home Care as well as an over recovery of income.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Revenue Budget Monitoring 2018/2019 - Detailed

**Resource Analysis** 

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

• update members of the Financial Resources Scrutiny Forum of progress on the Council's revenue budget for the period covering 1 April 2018 to 31 March 2019.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation(s):
  - that the 2018/2019 detailed financial analysis as at period 14 (31 March 2019) **before** transfers to reserves for each of the individual Resources, be noted.

#### 3. Background

- 3.1. The individual reports attached provide detailed information on each of the Resource Revenue Budgets for 2018/2019 as at 31 March 2019. The detailed papers cover the General Services and also the Housing Revenue Account.
- 3.2. As detailed in the Revenue Budget Monitoring Report included in these papers (Item 3), as part of the probable outturn exercise, Resources were asked to forecast their position to 31 March 2019. As part of this exercise, Resources were asked to take all known commitments into account. The Revenue Budget Monitoring Report therefore includes the position **before** transfers to reserves and also, for information purposes, the position **after** taking into account the proposed transfers to reserves.
- 3.3. In relation to the information contained in this section of the Financial Resources Scrutiny Forum Papers, the Resource summaries replicate the **before** and **after** transfer to reserves position, while the information in the trends and variance analysis concentrates on the position **before** transfers to reserves at period 14, which the Executive summary shows.
- 3.4. The following information is provided for each Resource and the Housing Revenue Account:
  - An Executive Summary showing the top level position to date for each of the Services (as detailed in the Executive Committee Report) within the Resource and the Housing Revenue Account as at 31 March 2019 (Period 14).
  - Details of the most significant variances within the Resource and the Housing Revenue Account across Subjective headings and across Services as at 31 March 2019 (Period 14).

- A line by line trend analysis of the total Resource expenditure and income across subjective headings as at 31 March 2019 (Period 14).
- 3.5. These are shown in Appendices A to F attached.

#### 4. Employee Implications

4.1. None

#### 5. Financial Implications

5.1. As detailed in each of the individual Resource papers.

#### 6. Other Implications

- 6.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.
- 6.2. There are no implications for sustainability in terms of the information contained in this report.

#### 7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 7.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

# Community and Enterprise Resources Variance Analysis 2018/19 (Period 14)

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Employee Costs	1,679k under	APT&C Basic/Superannuation/NI - 2,255k under	Facilities, Streets and Waste (incl. Support) – 1,325k under Environmental (incl Projects) - 261k under Roads - 553k under	The underspend is mainly due to staff turnover across the Service.
			Planning and Economic Development - 116k under	The underspend is due to staff turnover and was partially offset by an overspend in pension costs for the Service.
		Overtime - (503k) over	Facilities, Streets and Waste (incl. Support) - (470k) over	The overspend is mainly due to covering vacancies within the service. In addition, the Waste Service was working additional overtime to manage the high level of requests for green and bulky waste uplifts as well as the requirement to arrange separate uplifts for blue bins which had been contaminated.
		Pension Increases/Additional Pension Costs - (74k) over	Planning and Economic Development - (65k) over	The overspend relates to ongoing costs of early retirals and was managed within the overall budget.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Property Costs	(10k) over	Rates - (51k) over	Facilities, Streets and Waste (incl. Support) - (42k) over	The overspend is due to lower than anticipated empty property rates relief.
		Rent - 93k under	Facilities, Streets and Waste (incl. Support) - 29k under	The underspend is mainly due to the reduction in the number of rented properties.
			Planning and Economic Development - 64k under	The underspend was due to reduced rent costs offset by an under recovery of income.
		Electricity - (69k) over	Roads - (44k) over	The overspend is mainly due to greater than anticipated spend on electricity for electric car charging power points and increased prices. This was managed within the overall Resource budget.
		Cleaning and Janitorial Supplies - (64k) over	Facilities, Streets and Waste (incl. Support) - (63k) over	The overspend is mainly due to the replacement of old equipment with new more efficient equipment.
Supplies and Services	(1,151k) over	Computer Equipment Purchase - 44k under	Roads - 69k under	The underspend was mainly due to less than anticipated support costs for the Electronic Data Records Management System.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Supplies and Services (cont)		Equipment, Apparatus and Tools - (209k) over	Facilities, Streets and Waste (incl. Support) - (168k) over	The overspend relates to expenditure on catering and cleaning equipment.
		Furnishing (Incl Crockery & Linen) - (33k) over	Facilities, Streets and Waste (incl. Support) - (33k) over	The overspend relates to the replacement of light equipment, crockery and cutlery within Facilities Management Catering service.
		Materials - (816k) over	Facilities, Streets and Waste (incl. Support) - (801k) over	The overspend is mainly due to the high level of spend on refuse collection bins. This overspend is partially offset by an over recovery of income from the sale of bins within Waste.
				In addition, the Grounds Service reported an overspend due to additional service requests, which are offset by an over recovery of income.
		Materials, Apparatus and Equipment - (72k) over	Facilities, Streets and Waste (incl. Support) - (72k) over	The overspend is mainly due to the purchase of playground equipment.
Transport and Plant	(106k) over	Fleet Services Charges - Vehicle Maintenance - (141k) over	Facilities, Streets and Waste (incl. Support) - (127k) over	The overspend is mainly within waste where the level of maintenance on vehicles is greater than anticipated due to the age of vehicles.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Transport and Plant (cont)		Fleet Services Charges - Leasing - 366k under	Facilities, Streets and Waste (incl. Support) - 348k under	The underspend reflects the timing of the replacement of vehicles, mainly within Grounds and Streets.
		Fleet Services Charges - Hired Vehicles - (141k) over	Roads - (104k) over	The overspend was mainly due to gritter costs for winter maintenance and was offset by an underspend on Payment to Trading Contractor. The budget will be realigned for 2019/20.
		Fleet Services Charges - Fuel - (156k) over	Facilities, Streets and Waste (incl. Support) - (138k) over	The overspend was mainly within the Grounds Service due to additional service requests and price increases. This was partially offset by additional income.
Administration Costs	(354k) over	Printing and Stationery - (68k) over	Facilities, Streets and Waste (incl. Support) - (64k) over	The overspend is mainly within Waste, where additional recycling/blue bin campaign flyers were required and for promotional material for school meals within Facilities Management.
		Advertising - Other - (45k) over	Environmental (incl Projects) - (24k) over	The overspend relates to Air Quality Projects and is offset by grant income from the Scottish Government.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Administration Costs (cont)		Advertising - Other (cont)	Planning and Economic	The overspend is due to advertising costs for planning
			Development - (16k)	applications and is recovered
			over	via the income from planning fees.
		Medical Costs - (50k) over	All Services - (50k) over	The overspend relates to a higher than anticipated number of medical referrals across the Services in support of absence management.
		Legal Expenses - (118k) over	Environmental (incl Projects) - (98k) over	The overspend was due to expenditure in relation to public health.
Payments to Other Bodies	(74k) over	Other Local Authorities - 38k under	Environmental (incl Projects) - 38k under	The underspend was mainly due to lower than anticipated expenditure on lab testing within Environmental services.
		Payments to Other Bodies - (111k) over	Planning and Economic Development - (90k) over	The overspend is mainly due to local plan costs within Planning and expenditure incurred on extra security requirements in respect of Christmas switch on events within Economic Development.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Payment to Contractors	424k under	Payment to Trading Service Contractor - 900k under	Roads - 900k under	The underspend was partially due to winter gritter costs being charged directly to Fleet Service Charges - Hired Vehicles. The budget will be realigned in 2019/20.  In addition, there has been less than anticipated expenditure on reactive maintenance works across all areas.
		Payment to Private Contractors - (383k) over	Facilities, Streets and Waste (incl. Support) - 3k under	The overspend is mainly due to additional service requests within Grounds which is offset by an over recovery of income. In addition, there was additional expenditure on the upkeep and extension of allotment areas, partially offset by a reduction in costs for the disposal of domestic waste due to a decrease in tonnages.
			<u>Leisure - (400k) over</u>	The overspend is due to the additional payment to South Lanarkshire Leisure and Culture Trust to assist with managing their budget pressures.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Payment to Contractors (cont)		Payment to Private Contractors (cont)	Environmental (incl Projects) - (119k) over	The overspend relates mainly to expenditure on Clinical Waste which is offset by an over recovery of income.
			Roads - 134k under	The underspend was mainly due to reduced demand for private contractors within Traffic Management and reduced expenditure for festive lighting.
Income	1,861k over recovered	ESF Grant - (60k) under recovered	Planning and Economic Development - (60k) under recovered	The under recovery relates to grant claims being finalised.
		Sales General - 121k over recovered	Facilities, Streets and Waste (incl.Support) - (24k) under recovered	The net under recovery was due to lower than budgeted cash income within the Catering Service as a result of a lower than anticipated uptake of school meals and an over recovery of income from the sale of bins in Waste Services. These are partially offset by the overspend on the purchase of bins (see Supplies and Services).

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Income (cont)		Sales General (cont)	Roads - 151k over recovered	The over recovery was mainly due to income for rechargeable lighting works and inspection fees being higher than anticipated, offset by additional expenditure.
		Sales - Departments of the Authority - 143k over recovered	Roads - 123k over recovered	The overspend was mainly due to rechargeable works to other Resources for potholing, resurfacing and lining works.
		Fees and Charges - General - 584k over recovered	Facilities, Streets and Waste (incl. Support) - 377k over recovered	The over recovery mainly relates to a refund from the contractor due to a reduction in tonnages at the civic amenity site within Waste Services and also a small increase in demand for bereavement.
			Environmental (incl Projects) - 166k over recovered	The over recovery is mainly due to a contribution in relation to public health.
			Planning and Economic Development - 376k over recovered	The over recovery reflects higher than anticipated levels of applications for planning and building standards.
			Roads - (336k) under recovered	The under recovery is mainly due to less than anticipated income from parking reflecting reduced demand for parking.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Income (cont)		Fees and Charges - Departments of the Authority - 122k over recovered	Environmental (incl Projects - 131k over recovered	The over recovery is mainly due to the provision of Clinical Waste services and was offset by additional expenditure (see Payment to Contractors).
		Rental Income - (32k) under recovered	Planning and Economic Development - (56k) under recovered	The under recovery is mainly due to less than anticipated income due to vacant units, offset by an underspend on Rent (see Property Costs).
		Other Income - 963k over recovered	Facilities, Streets and Waste (incl. Support) - 778k over recovered	The over recovery is mainly due to additional service requests within the Grounds Service and income from project design fees within Operations, offset by additional expenditure.
			Roads - 137k over recovered	The over recovery was mainly due to higher than anticipated income from Road Permits.
			Planning and Economic Development - 47k over recovered	The over recovery relates to the recovery of staff costs from the Clyde Windfarm.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Income (cont)		Trading Service Recharges - 26k over recovered	Facilities, Streets and Waste (incl. Support) - 26k over recovered	The over recovery was mainly due to the provision of additional catering and janitorial services within Facilities Management.

# **Education Resources Variance Analysis 2018/19 (Period 14)**

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Employee Costs	1,490k under	Teachers Basic / Superannuation and National Insurance - 1,202k under	Schools - 1,202k under	This underspend relates to the teachers cover and also funding for teachers pay award. The funding for the pay award has been transferred to reserves to support teachers' pay in 2019/20.
		APT&C Basic / Overtime / Superannuation / National Insurance - 334k under	Schools - 334k under	The underspend relates to Early Years Posts, where recruitment has been progressing since August 2018.  Specific grant funding was provided for delivery of 1140 hours of Early Years and the underspend in employee costs has been transferred to reserves to meet the cost of ELC expansion going forward.
		Teachers Training - 146k under	Schools - 146k under	This underspend offsets the overspend in Training within Administration Costs.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Employee Costs (cont)		Sessional Work - (113k) over	Schools - (113k) over	This expenditure was incurred as part of the Activities Programme, supporting the Youth and Family Community Learning service and is offset by an underspend in Paymnets to Other bodies
Property Costs	1,236k under	Rates - 187k under	Schools - 187k under	This underspend is due to the timing of the opening of new schools.
		Scottish Water (Metered and Drainage Charges) - 757k under	Schools - 757k under	The costs for new schools were lower than anticipated due to consumption efficiencies.
		Electricity - (326k) over	Schools - (326k) over	This overspend is in relation to the increase in price of electricity.
		Gas - 606k under	Schools - 606k under	This underspend reflects consumption efficiencies and the timing of invoice payments.
Supplies and Services	2,373k under	IT Equip Maint - Contract - 200k under	Schools - 200k under	This underspend relates to the schools ICT contract and the underspend has been transferred to reserves to support the funding required for the renewal of the contract.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Supplies and Services (cont)		Aids for Clients - 128k under	Schools - 128k under	This underspend is due to the demand for aids within the Additional Support Needs service being less than anticipated.
		Materials, Apparatus and Equipment - 145k under	Schools - 145k under	This underspend relates to expenditure on classroom materials in schools. The underspend has been transferred to reserves to assist with the renewal costs of the ICT contract.
		Pupil Equity Funding - 1,534k under	Schools - 1,534k under	This relates to grant funding received for the academic school year rather than financial year, therefore expenditure spans years 2018/19 and 2019/20. The underspend has been transferred to reserves to support the expenditure that will be incurred in the school session April to June 2019.
		Other Supplies and Services - 105k under	Schools - 105k under	The underspend is partly due to credits received from the Department of Works and Pensions relating to access to work payments and is offset by expenditure in other budget areas.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Supplies and Services (cont)		Catering - 393k under	Schools - 393k under	This underspend relates to expenditure on the provision of lunches in Early Years establishments. This is the result of a lower than anticipated uptake of meals.
Transport and Plant	(1,165k) over	Fleet Service Charges (all lines) - (309k) over	Schools - (309k) over	This relates to the cost of transporting children with Additional Support Needs to school.
		Pupil Transport - Special Educational Needs - (483k) over	Schools - (483k) over	This relates to the cost of transporting children with Additional Support Needs to school.
		Pupil Transport - Strathclyde Passenger Transport - (315k) over	Schools - (315k) over	This is a demand led service and reflects the volume of children that required transport to school.
		Pupil Transport - Other - (90k) over	Schools - (90k) over	This reflects the cost of transporting children who attended schools for Gaelic education.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Administration Costs	(146k) over	Training - (75k) over	Schools - (75k) over	This overspend is due to a major training programme required by the CQIS service.  This is offset by the underspend in the Teachers CPD training line (see Employee Costs).
Payments to Other Bodies	(8k) over	Other Local Authorities - 301k under	Schools - 301k under	This reflects a reduction in the placement of young people with additional support needs within other local authority establishments during this school session.
		Independent School Places - (654k) over	Schools - (654k) over	This overspend reflects the increased cost of placements for pupils with additional support needs in independent schools resulting from the new Scotland Excel pricing framework.
		Activities Programme - 232k under	Schools - 232k under	This underspend is partially offset by an overspend on Sessional Workers within employee costs, incurred in the provision of the programmes.
Income	265k over recovered	Government Grants - Other Education Grants - 345k over recovered	Schools - 345k over recovered	This over recovery relates to Early Years Graduate Funding.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Income (cont)		Fees and Charges General - (111k) under recovered	Schools - (111k) under recovered	This relates to an under recovery of crèche income.
		Early Years Fees - 80k over recovered	Schools - 80k over recovered	The over recovery in Early Years fees relates to increased uptake of available nursery places.

<sup>\*</sup> The underlined variances represent new variances since the last report.

# Housing and Technical Resources (excl HRA) Variance Analysis 2018/19 (Period 14)

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Employee Costs	344k under	APT&C Basic / Superannuation / National Insurance - 263k under	Property Services - 247k under	The underspend is due to higher than anticipated staff turnover.
		Other Employee Costs - 85k under	Housing Services - 91k under	This underspend mainly relates to the Rapid Re-Housing Programme funding which was not spent in the current year due to timing of staff recruitment. The underspend has been transferred to reserves to meet expenditure in future years.
Property Costs	(154k) over	Rates - 86k under	Property Services - 84k under	The underspend reflects a reduction in the level of empty properties requiring to be funded by Estates. The new tenants are liable for the payment of the rates.
		Rent - (128k) over	Property Services - (113k) over	The overspend reflects the current rental costs incurred on office accommodation properties.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Property Costs (cont)		Other Accommodation Costs - 76k under	Housing Services - 76k under	The number of temporary accommodation units was lower than anticipated and is partially offset by an under recovery of rental income.
		Repairs and Maintenance - Internal and External Contractor and Lifecycle Maintenance - (257k) over	Housing Services - (169k) over Property Services - (88k) over	This overspend is due to a greater than anticipated volume of repairs in relation to managed properties across both Housing and Property Services.
		Rent Written Off - Unlet Periods - (93k) over	Property Services - (56k) over	The void levels in Estates managed properties were higher than anticipated.
		Rent Written Off - Bad Periods – (118k) over	Housing Services - 124k under	This underspend reflects a lower than anticipated level of bad debt provision due to changes to the roll out of Universal Credit.
			Property Services - (242k) over	This reflects the year end provision for bad debts within Estates and Office Accommodation.
		Electricity - 55k under	Property Services - 86k under	The underspend reflects the lower than anticipated costs for office accommodation properties.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Property Costs (cont)		Fixtures and Fittings - 183k under	Housing Services - 183k under	This is a demand led line and the expenditure on homelessness properties was lower than anticipated.
Supplies and Services	71k under	Other Supplies and Services - 53k under	Housing Services - 33k under	This underspend on the Refugee programme reflects the timing of expenditure, and is offset by an under recovery of income from the Home Office.
Payments to Other Bodies	22k under	Payments to Other Bodies - 57k under	Housing Services - 56k under	This underspend reflects efficiencies in the procurement of contracts.
		Supporting People - 56k under	Housing Services - 56k under	This underspend reflects the current cost of delivery from external contractors.
		Assistance to Home Owners - (99k) over	Property Services - (99k) over	This overspend is mainly due to grants provided to homeowners for adaptations identified by Social Work.
Payments to Contractors	64k under	Payments to Private Contractors - 51k under	Housing Services - 51k under	This underspend reflects efficiencies in the procurement of contracts.

Subjective Head	Variance	Subjective line	Service / amount	Explanation
Income	808k over recovered	Contributions from Other Bodies - (80k) under recovered	Housing Services - (80k) under recovered	This under recovery mainly relates to income from the Home Office to cover the Refugee programme, offset by a reduction in expenditure (See Supplies and Services).
		Fees and Charges General - 57k over recovered	Housing Services - 36k over recovered	This relates mainly to contributions from tenants for support services provided.
		House Rents (Temporary Accommodation) - 777k over recovered	Housing Services - 777k over recovered	An element of the funding received for Temporary Accommodation was not required in the current year as a result of implementation timescales. This funding has been transferred to reserves to meet costs associated with Homelessness in future years.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: **09 May 2019** 

Report by: Executive Director (Finance and Corporate Resources)

Subject: 2018/2019 Recurring Variances and 2019/2020 Outlook

#### 1. Purpose of Report

- 1.1. The purpose of the report is to:-
  - ◆ advise on the recurring variances experienced in 2018/2019 and report on their outlook for 2019/2020.

### 2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation(s):
  - that the outlook for 2019/2020, in terms of recurring budget variances experienced in 2018/2019, be noted.

#### 3. Background

- 3.1. As part of the regular reports provided to the Financial Resources Scrutiny Forum, detail is provided on the trends in expenditure/income across the year and also any resultant variance. In addition, these variances are highlighted in an accompanying narrative paper which explains to members the reason for the variance.
- 3.2. On an annual basis, any recurring variance from the preceding year is highlighted to members along with the outlook on that particular budget line for the year ahead. This should provide members with a rolling picture on the Council's detailed budgets.

#### 4. 2018/2019 Issues and Outlook for 2019/2020

- 4.1. The 2018/2019 recurring budget variances have been reviewed and a list is included in Appendix A on a Resource by Resource basis.
- 4.2. In addition, alongside the 2018/2019 recurring variances, the respective Resources have provided the Forum with an update on the outlook for that spend area as anticipated in 2019/2020.

#### 5. Employee Implications

5.1. None.

#### 6. Financial Implications

6.1. None.

#### 7. Other Implications

7.1. No financial data is included in the report. However, Appendix A attached details recurring variances from 2018/2019 and the outlook for 2019/2020.

#### 8. Equality Impact Assessment and Consultation Arrangements

- 8.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 8.2. There is also no requirement to undertake any consultation in terms of the information contained in the report.

2018/2019 Budget Issues	Outlook for 2019/2020
Community and Enterprise Resources : All Services – Employee Costs / Income	
General underspends in Basic Pay and related costs have been experienced during the year. These are mainly due to turnover of staff, with recruitment being considered in line with service requirements throughout the year.	All services within Community and Enterprise are actively recruiting, however, any turnover may result in an underspend in Basic Pay and related costs.
In Facilities, Streets and Waste, an overtime overspend has been experienced to cover staff turnover. In addition within Waste Services, overtime has been required to support green waste uplift.	Overtime may still be required to cover any turnover of staff experienced throughout the year. Specifically in Waste Services, overtime is anticipated over the summer months to deal with the requests to uplift green waste.
Community and Enterprise Resources: Facilities, Streets and Waste – Property Costs	
An overspend has been experienced in Rates within Facilities, Streets and Waste due to lower than anticipated property relief, while rent costs within the Service are lower than anticipated due to a reduction in rented properties.	The rates relief is a recurring pressure again this year. However, the Service is working with Estates to find a buyer for the property.
An overspend within Cleaning and Janitorial Supplies was realised following the replacement of equipment.	No overspend is anticipated in Cleaning and Janitorial Supplies in 2019/20.
Community and Enterprise Resources : Facilities, Streets and Waste / Roads – Supplies and Services	
Within Facilities, Streets and Waste, there has been an underspend in Foodstuffs due to a lower than anticipated uptake of school meals,	The Foodstuffs budget has been re-aligned in 2019/20 to reflect the trends experienced in 2018/19.

2018/2019 Budget Issues	Outlook for 2019/2020
which is partially offset by an under recovery of income. An overspend has occurred within Materials which reflects the high demand for domestic bins (offset by Income) and Grounds spend due to the purchase of additional play equipment.	The demand for domestic bins is likely to be similar to that experienced in 2018/19 and therefore will present a budget pressure to be managed by the Resource. Again, this may be partially offset by income from sale of bins.
An overspend has been identified within the purchase of Catering and Cleaning equipment due to additional expenditure on the cashless school meals system and the replacement of light equipment, crockery.	No overspend is anticipated in the purchase of Catering and Cleaning equipment in 2019/20.
For Roads, an overspend was experienced within the supply of electrical power due to price increases, and the timing of savings being realised in relation to the Street Lighting Programme.	The budget for Electrical Power has been increased to reflect price increases experienced to date. The impact of any price increases in 2019/2020 will be monitored.
Community and Enterprise Resources : Facilities, Streets and Waste / Roads – Transport and Plant	
Within Facilities, Streets and Waste, an overspend have been realised within Vehicle Maintenance due to the age profile of the vehicles. An underspend has occurred within Lease Charges which reflects the timing of the replacement of operational vehicles. Fuel charges are higher than anticipated due to price increases and additional service requests, which is partially offset by additional income received.	Vehicle Maintenance is likely to be overspent in 2019/20 based on the age profile of the vehicles. This will be partially offset by an anticipated underspend in Lease Charges reflecting the timing of the replacement of operational vehicles. A programme of vehicle replacement is ongoing which is reducing the age profile of the fleet.  The budget for Fuel has been increased into 2019/20. The impact of
Within Roads, gritting vehicles were purchased during the winter period which was managed within the overall winter maintenance budget.	price increases will continued to be monitored.  The budget has been realigned in 2019/2020 therefore no variance is anticipated.

2018/2019 Budget Issues	Outlook for 2019/2020
Community and Enterprise Resources : All Services – Administration Costs	
An overspend in Advertising Costs within Planning and Economic Development and Roads reflects additional costs for planning applications and Traffic Regulation Orders respectively. This is partially offset by income received by the Service.	The budget for advertising has been realigned for 2019/20. Advertising costs are fully recovered as part of the fee income. Advertising for Traffic Regulation Orders is ad-hoc. Spend will be monitored during the year and budgets aligned as necessary.
All Services are experiencing an overspend in Medical Costs due to a higher than anticipated level of medical referrals in support of managing absence.	This is demand led. Any potential overspend will be managed within the Resource's overall budget.
An overspend in Legal Expenses within Environmental Services reflects expenditure incurred in relation to safeguarding public health.	Any further costs experienced in the new year will be reflected in the service spend.
Community and Enterprise Resources : Planning and Economic Development / Environmental (including Projects) – Payment to Other Bodies	
An underspend was realised within Environmental Services due to lower than anticipated expenditure on sample testing.	No underspend is anticipated in 2019/2020 as budget has been realigned.
An overspend in Planning and Economic Development was due to additional security requirements and local plan costs.	Additional security costs for events will continue in 2019/2020. No overspend is anticipated for local plan costs as the budget has been realigned.

2018/2019 Budget Issues	Outlook for 2019/2020
Community and Enterprise Recovered Facilities Streets and	1
Community and Enterprise Resources : Facilities, Streets and Waste / Roads / Environmental – Payment to Contractors / Income	
An overspend in the Facilities, Streets and Waste Service was due to spend on additional service requests (offset by Income) and the extension of allotment areas.	No overspend is anticipated in 2019/20.
An underspend in Roads' Payment to Trading Services Contractor was due to winter gritting costs being reflected against Fleet Services Charges (see Transport and Plant above).	The budget has been realigned in 2019/2020 therefore no variance is anticipated.
Additional expenditure for clinical waste services led to an overspend within Environmental Services, which was offset by additional income.	Expenditure and income budget for clinical waste have been realigned to reflect 2018/2019 trends and service delivery.
Community and Enterprise Resources : All Services – Income	
Facilities, Streets and Waste experienced an under-recovery of income in Sales (General) due to a lower than anticipated school meal uptake, lower bereavement income generation, partially offset by additional bin sales.	School meal income has been re-aligned to take account of the 2018/2019 uptake. Bereavement services income is expected to be broadly in line with budget in 2019/20.
Roads experienced an over-recovery of income within Sales General due to higher than anticipated rechargeable lighting works (offset by additional expenditure).	Income and expenditure budgets have been realigned in 2019/2020.
An under-recovery within Fees and Charges – General was experienced due to less than anticipated parking income within Roads, and waste disposal vouchers within Facilities, Streets and	It is anticipated that the reduced demand for Parking in town centres and for disposal vouchers, will continue in 2019/2020. This will be monitored.

2018/2019 Budget Issues	Outlook for 2019/2020
Waste. This was partially offset by a higher than anticipated level of planning and building warrant applications within Planning and Economic Development, and contributions received towards public health within Environmental Services.	Income from planning applications and building warrants is demand led. The budgets will be monitored during 2019/12020. The contribution towards public health was a one-off and is not anticipated into 2019/2020.
An over-recovery was realised within Environmental Services in Fees and Charges – Departments of the Authority due to additional provision of clinical waste services, offset by additional expenditure.	The expenditure and income budgets for clinical waste have been realigned to reflect 2018/2019 trends and service delivery.
Facilities, Streets and Waste experienced an over-recovery within Other Income due to additional service requests and project design works, with Roads also experiencing an over-recovery due to higher than anticipated income from road permits.	These are demand led services. Any over recovery in income will be offset by additional expenditure.
Income from Recovery from Capital was higher than anticipated within Roads due to additional design fee income.	No over-recovery is anticipated in 2019/2020.
An over recovery was realised within Facilities, Streets and Waste (Trading Service Recharges) due to the provision of additional catering and janitorial services, offset by additional expenditure.	These are demand led services and over recovery in income will be offset by additional expenditure

2018/2019 Budget Issues	Outlook for 2019/2020
Education Resources : Employee Costs	
Underspends experienced during the year against Teachers' basic salaries and on-costs reflecting the access to cover and funding for Teachers' pay award. Underspends also in APT&C Basic salaries and on-costs mainly relating to ongoing recruitment during the year primarily in Early Years.	The 2019/2020 recruitment campaign for teachers aims to maximise the number of teachers required for area cover. Recruitment for early years' workers to support the implementation of 1140 hours will continue in 2019/2020. These will be monitored throughout the year in terms of the impact on budget.
Education Resources : Property Costs	
Underspends were experienced in Rates due to the timing of new school openings and in Gas, reflecting consumption efficiencies over the year. Underspends also realised in Water charges as costs for new schools are lower than anticipated.	An underspend in gas may continue in 2019/20 as it is subject to price changes and weather conditions.
An overspend was experienced in Electricity costs due to price increases.	While the budget has been increased to reflect price increases experienced to date, price increases during 2019/2020 will be monitored. Education continues with a programme of energy efficiencies in schools and establishments.
Education Resources : Supplies and Services	
An underspend in Catering was realised due to the costs of lunch provision in nurseries being less than anticipated.	The continued implementation of ELC 1140 hours will see a further growth in lunch provision in 2019/2020, and a consequent increase in costs.
An underspend occurred on the utilisation of the Pupil Equity Funding, due to the timing of the funding received and the ability to use the	An underspend is anticipated in spend relating to the Pupil Equity Funding in 2019/2020, due to the timing of the funding received –

Outlook for 2019/2020
Budget has been adjusted in respect of the 2019/20 savings approved. Any further staff turnover experienced during the year could result in underspends.
Electricity Costs at the Caird Data Centre will continue into 2019/20 and will be managed by the Service as appropriate.
The overspend in Benefits and Revenues related to one-off costs for the systems in 2018/19. Further one-off costs in 2019/20 could result in an overspend. This line will be closely monitored this financial year.
The expenditure budget for IT equipment maintenance has been realigned in 2019/20.

2018/2019 Budget Issues	Outlook for 2019/2020
Finance and Corporate Resources : Communications and Strategy Services / Personnel Services – Administration Costs / Income	
The overspend in Advertising reflected works carried out on behalf of South Lanarkshire Leisure Trust and was offset by an over recovery of income.	South Lanarkshire Leisure and Culture Trust have identified savings in this areas for 2019/20, however any further fluctuations in demand could result in variances against budget in 2019/20.
The underspend in Training was a result of cheaper deliver methods / costs in relation to both employee training and employability programmes.	Budget has been adjusted in respect of the 2019/20 savings approved. Any further efficiencies in delivery methods during the year could result in underspends.
Finance and Corporate Resources : Personnel Services – Payment to Other Bodies	
The Payment to Other Bodies line (in Personnel Services) shows an underspend as a result of the reduced costs of employability programmes. In addition, there were a lower number of requests than	Budget has been adjusted in respect of the 2019/20 savings approved for employability programmes.
budgeted for employee physiotherapy (offset by an under recovery of income from recharges).	The expenditure and income budgets for physiotherapy have been realigned in 2019/20.

2018/2019 Budget Issues	Outlook for 2019/2020		
Finance and Corporate Resources : Finance Services – Payment to Contractors			
The overspend relates to increased payments for the alert alarms service within the 24 hour customer services control centre and increased payments for the Scotland Excel annual charge within Procurement.	The budget for the Scotland Excel annual charge within Procurement has been realigned in 2019/20. The alert alarms service is demand led. Further increased costs in 2019/20 could result in an overspend. This line will be closely monitored this financial year.		
Finance and Corporate Resources : Finance Services – Transfer Payments / Income			
The underspend is related to the demand for Housing Benefit for both Council and private housing tenants and is partially offset by an under recovery of income.	These budget lines are demand led and this could result in variances against budget in 2019/20.		
Finance and Corporate Resources : Personnel Services / Communication and Strategy Services – Income			
Sales (General) in Personnel Services showed an under-recovery due to reduced Income from the Coalyard and Cafes reflecting reduced footfall. This is offset by reduced expenditure incurred.	These budget lines are demand led and this could result in variances against budget in 2019/20.		
The under recovery of Other Income in Communications and Strategy reflects less external Income for print room works, while in Personnel Services, the under-recovery relates to a reduced requirement from the Training Fund for the Modern Apprentices, and offsets reduced expenditure.	This under recovery of external print room income will continue in 2019/20. Work is ongoing to mitigate this in the financial year. The Training Fund budget line is demand led based on expenditure incurred and this could result in variances against budget in 2019/20.		

2018/2019 Budget Issues	Outlook for 2019/2020
Housing and Technical Resources Non HRA: Property Services / Housing Services – Employee Costs  An underspend in Property Services and Housing Services (Employee Costs Basic and On-Costs) reflected the turnover levels of staff, and the timing of recruitment of staff for the Rapid Housing Programme.	Staffing levels continue to be monitored and reflect an ongoing review within Property Services. Rapid Housing recruitment is ongoing.
Housing and Technical Resources Non HRA: Housing Services / Property Services – Property Costs / Income	
An underspend was experienced within Rates across Property Services due to a reduction in empty properties. An overspend in Rent was realised due current costs for office accommodation properties.	A review of the rent for Brandongate has been completed and will remove the pressure in office accommodation.
In Housing Services, an underspend has been experienced in Other Accommodation Costs due to the number of temporary accommodation units being less than anticipated, offset by Income recovered.	The Homeless client numbers in these areas are reviewed annually and the revised budget is based on the Homeless business plan for 2019/20. These services are demand led therefore the situation will continue to be monitored.
Repairs and Maintenance (Internal and External Contractors, and Lifecycle Maintenance) showed an overspend across the Resource, reflecting the current demand for repairs in Estates managed properties and an overspend in Housing Services reflecting the level of void repairs in Homeless managed properties.	The Estates service is currently forecast to break even in 2019/20. At present Repairs is forecast to be managed however demand will continue to be monitored in line with revised forecasts.

2018/2019 Budget Issues	Outlook for 2019/2020		
Within Housing Services, Rent Written-off-Unlet Periods and Rent Written-off Bad Periods reflects the current levels of void properties in Homeless Accommodation and the level of bad debt provision required respectively.  An underspend was realised within Fixtures and Fittings in Housing	will continue to be monitored.  The Homeless client numbers in these areas are reviewed annually		
Services due to this being a demand-led service.	and the revised budget is based on the Homeless business plan for 2019/20. These services are demand led therefore the situation will continue to be monitored.		
Housing and Technical Resources Non HRA: Housing Services – Payment to Other Bodies			
The overspend in Assistance to Homeowners reflects an increase in demand as a result of additional Social Work demand.	These services are demand led therefore the situation will continue to be monitored.		
Housing and Technical Resources Non HRA : Housing Services – Income			
In Housing Services, additional income was received for House Rents (Temporary Accommodation) which, due to implementation timescales, was not required in 2018/2019.	The impact of implementation will continue to be monitored and the revised budget is based on the Homeless business plan for 2019/20.		

2018/2019 Budget Issues	Outlook for 2019/2020		
Housing and Technical Resources HRA : Employee Costs			
Underspends were experienced in Employee Basic and on-costs reflecting the turnover levels across the service.	Staffing levels and ongoing recruitment will continue to be monitored.		
Housing and Technical Resources HRA : Property Costs / Income			
Overspends were experienced in Grounds Maintenance and in Repairs and Maintenance (Internal and External Contractor) which reflected the current level of demand led works.	This is a demand led budget and is expected to be an ongoing pressure into 2019/20 due to current demand for clean ups and uplifts for Council shared properties as well as the level of Repairs and Voids being incurred. This will be managed within the overall budget.		
Rent Written Off – Unlet Periods and Bad Periods showed an underspend which reflects a lower than anticipated level of void rent loss and the provision for bad debt for the year being lower than anticipated.	The budget for 2019/20 has been established to manage the impact of the ongoing roll out of Universal Credit and Welfare Reform. This is demand led and will be monitored throughout the year.		
Housing and Technical Resources HRA : Income			
There is an under-recovery of House Rent Income received which reflects the timing of new units being added to the housing stock.	The volume of new housing stock completing during the year will be dependent on site progress and the budget will continue to be closely monitored in 2019/20.		

2018/2019 Budget Issues	Outlook for 2019/2020		
Social Work Resources : All Services – Employee Costs			
An underspend in Performance and Support was experienced in Admin. and Clerical reflecting vacancies within the service.	All posts are being recruited to therefore no underspend is forecast in 2019/20.		
In Managerial Support Specialist, a non-recurring underspend arose within Children and Families due to the phased implementation of the Intensive Family Support Service. In Adults and Older People, turnover being lower than anticipated meant that an overspend was experienced. A recurring underspend was identified within Justice Services which reflected vacancies currently in the process of being filled.	All staff have been recruited to the Intensive Family Support Service and staffing levels will continue to be monitored.		
In Basic Grade Social Workers across the Resource (except within Children and Families), underspends resulted from turnover being greater than anticipated, along with lower than anticipated costs associated with the implementation of the Carers Act. Within Children and Families, lower than anticipated turnover resulted in an overspend being realised.	All vacancies have been advertised and staffing levels will continue to be monitored. Carers Act funding is expected to full spend.		
In Children and Families, the overspend in Care Staff reflected overtime costs due to required staffing levels. This reflects the need to meet appropriate staffing ratios.	Peripatetic staffing have been recruited therefore the level of overspend is expected to reoccur at a reduced level.		

2018/2019 Budget Issues	Outlook for 2019/2020		
Within Adults and Older People, an underspend was realised in Care Staff due to vacancies within Older People residential. Overspends occurred in Home Care costs due to additional recruitment and overtime costs to meet required staffing levels. Additional pension costs were also incurred due to the ongoing cost of retirals.	Vacant posts have been advertised within Older People residential services. Additional peripatetic Home Carers are being recruited wh will reduce the level of spend on overtime.		
Social Work Resources : Adults and Older People / Performance and Support – Property Costs			
Within Performance and Support, an underspend was realised within Rates, due to a vacant property. An underspend in Other Property Costs was used to offset expenditure on furniture.	It is anticipated that the underspend in rates will continue. The budget for Other Property Costs will be used to manage one-off items of spend. It is anticipated that the full budget will be required in 2019/20 and realigned into other spend areas as required.		
Underspends experienced in Gas within Adults and Older People reflected efficiencies made, and favourable weather conditions.	A reduced underspend is anticipated in 2019/20 as result of previous energy efficiency measures.		
Social Work Resources : Adults and Older People / Children and Families / Performance and Support – Supplies and Services			
An overspend in Aids and Adaptations (Adults and Older People) was demand led with expenditure being greater than anticipated.	It is forecast the Aids and Adaptions will breakeven but will continue to be monitored.		
Within Children and Families, and the underspend in Supplies for Clients reflects demand for the year and was used to offset pressures elsewhere within the Resource.	No underspend is expected within supplies for clients.		
Within Performance and Support, an overspend within Office Furniture was offset by underspends in Other Property Costs.	The budget will be monitored and realigned if required in 2019/20.		

2018/2019 Budget Issues	Outlook for 2019/2020

reflected the timing of recharges for leased vehicles, and the withdrawal of Meals on Wheels services by the Royal Voluntary Service.	approved savings for that year.		
Social Work Resources : All Services – Payment to Other Bodies			
An underspend in Grants to Voluntary Organisations within Adults and Older People was realised due to the withdrawal of Meals on Wheels services by the Royal Voluntary Service.	These underspends will not recur in 2019/20 as these were approved savings for that year.		
An underspend was realised within Payments to Voluntary Organisations in Adults and Older People due to dementia training now being delivered in-house, and lower than anticipated costs to implement the Carers Act.	PTVO dementia training was offered as a saving for 2019/20. A full spend is anticipated in respect of Carer Act monies		
An overspend in Payments to Voluntary Organisations in Children and Families and Justice, was due to the requirement to use external partners to find and place a small number of adoptions and the cost of supporting service users respectively.	These overspends are expected to continue in 2019/20.		
Underspends Payments to Other Bodies across Children and Families and Performance and Support were a result of a reduction in the need for emergency placements and reduced costs to implement the Carers Act.	The requirement for emergency placements is demand led and will therefore be monitored. The Carers Act funding has been allocated and plans are in place for spend, therefore no underspend is anticipated in 2019/20.		

2018/2019 Budget Issues	Outlook for 2019/2020		
An overspend in Private Individuals in Children and Families reflects the current level of payments for kinship carers.	This is a demand led line. Based on current information, an overspend is forecast in 2019/20 and the position will continue to be monitored.		
An overspend in Children and Families for Social Work – Foster Parents reflects the demand for external fostering services, and an overspend in Adoption Allowances reflects an increase in the number of adoptions made.	This is a demand led line. Again, current information suggests that these overspends are expected to continue in 2019/20 and the position will continue to be monitored.		
Within Adults and Older People, an overspend in Direct Payments follows the introduction of Self Directed Support (SDS) and reflects more service users choosing this option.	This overspend is forecast to be greater in 2019/20 as a result of the full year effect of activity in 2018/19 and the continued increase in service users opting for a direct payment.		
Social Work Resources : Children and Families / Adults and Older People – Payment to Private Contractor			
Long Term Care within both Children and Families and Adults and Older People reflect the level of demand and the commitments in place for these service areas.	Overspends are forecast within Children & Families. The care home placements within Adults & Older People will be closely monitored.		
In Home Care within Children and Families, the underspend reflects the current commitment for homecare.	This underspend is not forecast to continued based on committed expenditure for 2019/20.		
The underspend in respite within Children and Families and Adults and Older People for Residential Placements reflects the current commitments for these service areas.	The requirement for respite is demand led based on assessed need. This will be monitored in 2019/20. The majority of the underspend in Adult and Older People residential placements arose from Social Care Funding for named care home placements, where commitments significantly reduced during the year. This budget has been realigned by the Integrated Joint Board in 2019/20 to meet cost pressures elsewhere, therefore an underspend is not anticipated.		

2018/2019 Budget Issues	Outlook for 2019/2020		
An overspend was realised in Day Related Activities within Children and Families which reflected the current commitment for children's residential school and secure placements.	These overspends are expected to increase in 2019/20 as more young people exercise their right to continuing care.		
Social Work Resources : Children and Families – Transfer Payments			
In Children and Families, Direct Assistance Payments shows an overspend relating to payments being made to kinship carers to support the welfare of young people.	This overspend is expected to increase in 2019/20 due to the demand led nature of the spend.		
Social Work Resources : Adults and Older People – Income			
An over-recovery of Fees and Charges General Income within Adults and Older People is the result of non-recurring income received in respect of prior year care costs from service users.	Based on the previous year's trend, this over recovery is forecast to continue.		
An under-recovery of income from Charges to Health Boards within Adults and Older People occurred due to a reduction in funding required for named care home placements.	The allocation for named care home placements has been reduced 2019/20, therefore no under recovery is expected.		
In Other Income, an over-recovery in Children and Families reflects the recovery of income from the Home Office for services provided to Asylum Seekers and the recovery of Direct Payment monies respectively.	An over recovery of income in respect of services provided to Asylum Seekers is forecast to continue.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Revenue Budget Monitoring 2019/2020

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

• update members of the Financial Resources Scrutiny Forum of progress on the Council's revenue budget for the period covering 1 April 2019 to 24 May 2019.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to note the following recommendation(s):
  - that the 2019/2020 Financial Position as at period 2 (24 May 2019) and the forecast to 31 March 2020, for General Services and the Housing Revenue Account (as detailed in Appendices 1 and 2), be noted.

#### 3. Background

- 3.1. The Revenue reports attached provide detail on the most recent Executive Committee report dated 26 June 2019. The reports detail the position as at 24 May 2019 for General Services (section 4) and the Housing Revenue Account (section 5), comparing actual expenditure and income to the budget for the same period.
- 3.2. The papers have been split into separate Appendices as shown below:
  - ◆ Appendix 1 2019/2020 Financial Position as at Period 2 (24 May 2019) for General Services
  - ◆ Appendix 2 2019/2020 Financial Position as at Period 2 (24 May 2019) for Housing Revenue Account
- 3.3. Appendix 1 provides the information on a service basis (Appendix 1a) and then the same information on a subjective basis (Appendix 1b).
- 3.4. Change in Status of Trading Operations: Following a review of the remaining 3 Trading Operations (Fleet, Roads and Property Services) and through reviewing the technical guidance around what constitutes a Trading Operation, a report was presented to the Executive Committee on 1 May 2019 seeking approval that they no longer be regarded as Trading Operations and thus remove the requirement to report them separately.
- 3.5. The Committee approved this change and it is reflected in the figures provided in Appendix 1. In order to ensure the full cost of all services are appropriately reported, there will still be internal transactions between service departments where spend is incurred in one service and recharged to another.

#### 4. Financial Position

#### 4.1. General Fund Revenue Account Position

As at 24 May 2019, Appendix 1 of the report details an underspend of £7.040 million (35.16%) against the phased budget.

- 4.2. The underspend of £7.040 million is made up of an underspend in Loan Charges and in Corporate Items. These are detailed below:
- 4.3. **Loan Charges:** Since setting the 2019/2020 budget, we have continued to review the Loan Charges Strategy, and in doing so have identified a principal repayment on debt that was due to be repaid in 2019/2020, totalling £5.8 million. It is proposed that we do not repay this in 2019/2020 and instead re-phase the repayment over a longer term. This allows a one-off benefit in loan charges in 2019/2020 of £5.500 million, with additional costs in future years of £0.300 million. This can be accommodated in the Budget Strategy.
- 4.4. In addition, a further £1.000 million underspend is expected in 2019/2020 reflecting the actual interest rates at which borrowing was taken in 2018/2019. Taking these together result in an underspend of £6.500 million in 2019/2020.
- 4.5. As part of the refresh of the 2020/2021 Budget Strategy, which was approved by the Executive Committee on 26 June 2019, it was proposed that this total Loan Charges underspend of £6.500 million is transferred to reserves at the end of the 2019/2020 financial year, and used to support the 2020/2021 Budget Strategy.
- 4.6. **Corporate Items 2020/2021 Strategy:** As part of the refresh of the 2020/2021 Budget Strategy, budget lines were identified that would generate an underspend in 2019/2020.
- 4.7. These relate to underspends in the payment to Strathclyde Passenger Transport (£0.110million) to reflect the agreed level of requisition for 2019/2020 and inflation on the secondary schools modernisation contract due to the actual inflation rate incurred being lower than anticipated in the Strategy (£0.080 million).
- 4.8. In addition, an amount was added to the Strategy in 2019/2020 that allowed consideration of the re-instatement of payments to Third Sector Organisations, previously removed as savings in 2016/2017 (£0.350 million). This budget is now no longer required which will result in an underspend in 2019/2020.
- 4.9. These underspends total £0.540 million. The budgets have been transferred from Community and Enterprise and Education Resources as appropriate, and will be held in this Corporate Items 2020/2021 budget line. As part of the 2020/2021 Budget Strategy, it is proposed that they are transferred to reserves at the end of the financial year and used to support the 2020/2021 Budget Strategy.
- 4.10. Education Resources: For 2019/2020 Education Resources have received £7.7 million of Pupil Equity Fund (PEF) which the Resource is fully committed to spend by the end of the academic year (June 2020). As schools operates in academic years (Aug-June) and not financial years, and PEF will spend over the academic year, it is likely that there will be an underspend at 31 March which will require to be carried forward and used in April to June 2020. An initial estimate of this is an underspend of £1.5 million based on the profile of spend in 2018/2019, but this will depend on the timing of spend throughout the year. The actual expected spend position for the financial year will become more certain after the start of the academic year in August.

#### 4.11. Transfers to / from Capital

Following a review of the 2019/2020 capital programme of works, it has been identified that some of the expenditure is revenue in nature. Therefore, it is proposed that budget of £4.506 million will be transferred from Capital to Resources' Revenue budgets. Details of these projects and their relevant values are included below.

- Planned Asset Management (£3.061 million)
- Private Housing Scheme of Assistance project (£1.000 million)
- IT Productivity (£0.236 million)
- Clyde and Avon Valley Landscape Partnership (£0.128 million)
- Crawfordjohn Community Projects (£0.081 million)
- 4.12. The transfer for Planned Asset Management is only part of the overall budget of £4.775 million the remainder will stay in capital at the moment. The total spend across revenue and capital remains the same. The capital spend will continue to be analysed during the year, and any further movement reported to a future meeting.
- 4.13. Conversely, expenditure in relation to roads carriageways is currently funded through the Roads Services' revenue budget. It is proposed that budget totalling £1.531m be transferred to the 2019/2020 Capital Programme as it is capital in nature. This was noted in the Council's Future Capital Investment Strategy (Executive Committee, 21 November 2018). The total overall budget for carriageways across capital and revenue remains unchanged.

#### 4.14. Additional General Revenue Grant

The Council has been notified of an allocation of £0.050 million for European Union Exit preparation and also an allocation of £0.019 million to assist with the delivery of the See Hear Sensory Impairment Strategy. These amounts have been included in the budget figures in Appendices 1 and 2.

#### 4.15. Other Funding

Education Resources have been notified of £1.964 million from the Attainment Scotland Fund Schools Programme for 2019/2020. In addition, Social Work Resources have been notified of funding from the NHS of £0.376 million for a Rapid Response Service and funding from the Scottish Government of £0.476 million in relation to the Scottish Attainment Funding for Looked After Children. These amounts have been included in the budget figures in Appendices 1 and 2.

## 5. Housing Revenue Account Position

5.1. As at 24 May 2019, Appendix 2 of the report shows a breakeven position against the phased budget on the Housing Revenue Account. The forecast to 31 March 2020 on the Housing Revenue Account is a breakeven position.

#### 6. Employee Implications

6.1. None.

#### 7. Financial Implications

7.1. As detailed within this report.

#### 8. Other Implications

8.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four

weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.

8.2. There are no implications for sustainability in terms of the information contained in this report.

#### 9. Equality Impact Assessment and Consultation Arrangements

- 9.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 9.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

#### 3. Background

- 3.1. The Capital reports attached provide detail on the position as at 31 March 2019 from a financial perspective.
- 3.2. Appendix A shows the financial position of the General Fund Capital Programme. Any physical progress update for projects carried forward into financial year 2019/20 will be picked up as part of the new year monitoring report.

#### 4. Employee Implications

4.1. None

#### 5. Financial Implications

- 5.1. The General Services Capital Programme for 2018/19 totalled £66.819 million. This reflects the programme agreed by the Executive Committee on 27 June 2018 and the subsequent amendments made through regular monitoring reports to Committee throughout 2018/19.
- 5.2. Appendix A shows the total expenditure of £61.321 million on the General Fund capital programme for year 2018/19.
- 5.3. The difference between the revised programme of £66.819 million and the actual spend of £61.321 million is £5.498 million.
- 5.4. For projects spending less than budget this year, this reflects the timing of spend and is not affecting operational delivery. The budget for this capital spend requires to be carried forward in to next financial year to complete projects, and the main projects which make up

the £5.498 million carry forward are detailed in Appendix B, along with their anticipated completion dates.

- 5.5. **Accounting Adjustments:** Accounting Regulations mean that adjustments are required to report spend correctly as either capital or revenue for the purposes of publishing our Annual Accounts. This includes where spend from the capital programme is on assets that are not owned by the Council (for example Clyde Gateway spend) or where spend must be classed as revenue. There is no physical impact for projects from this adjustment it is an accounting entry only.
- 5.6. £5.408 million of capital spend is required to be recorded as revenue spend. Conversely, £1.867 million of revenue spend should be recorded as capital. The transfers above mean that for the purpose of publishing our Annual Accounts only, there is capital spend of £57.780 million. This position is also noted in Appendix A.
- 5.7. **Carry Forward to 2019/20:** As detailed at section 5.3, budget of £5.498 million will carry forward into 2019/20 to conclude projects.

#### 6. Other Implications

- 6.1. The main risk associated with the Council's Capital Programme is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of overspend is managed through four weekly Investment Management Meetings.
- 6.2. There are no implications for sustainability in terms of the information contained in this report.

#### 7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 7.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Capital Budget Monitoring 2018/2019 - Housing Capital

**Programme** 

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

 update members of the Financial Resources Scrutiny Forum on the final outturn position of the Council's Housing Capital Programme for the period covering 1 April 2018 to 31 March 2019.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation:-
  - (1) that the final outturn position on the 2018/19 Housing Capital Programme be noted.

#### 3. Background

- 3.1. The Capital reports attached provide detail on the position as at 31 March 2019 from a financial perspective.
- 3.2. Appendix A shows the financial position of the Housing Capital Programme. Any physical progress update for projects carried forward into financial year 2019/20 will be picked up as part of the new year monitoring report.

#### 4. Employee Implications

4.1. None

#### 5. Financial Implications

- 5.1. The Housing Capital Programme for 2018/19 totalled £53.664 million. This revised programme was approved by Executive Committee on 27 June 2018.
- 5.2. Appendix A summarises actual expenditure of £53.962 million which is £0.298 million higher than budget due to good progress on projects.
- 5.3. Housing and Technical Resources have also received additional one-off income of £5.018 million in 2018/19 which will be added to the overall programme.
- 5.4. Taking into account the additional funding of £5.018 million and the year end spend position, there is a net £4.720 million of additional budget to carry forward to contribute to future years Housing programmes. To reflect the profile of spend expected on the Housing Investment programme the 2019/20 programme will be reduced by £0.110m, and the 2020/21 allocation increased by £4.830 million.

#### 6. Other Implications

- 6.1. The main risk associated with the Council's Capital Programme is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of overspend is managed through four weekly Investment management meetings.
- 6.2. There are no implications for sustainability in terms of the information contained in this report.

#### 7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 7.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Capital Budget Monitoring 2019/2020 - General Fund

**Capital Programme** 

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

 update members of the Financial Resources Scrutiny Forum of progress on the Council's General Fund Capital Programme for the period covering 1 April 2019 to 24 May 2019.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation:
  - that the physical and financial progress of the 2019/2020 General Fund Capital Programme be noted.

#### 3. Background

- 3.1. The Capital reports attached provide detail on the position as at 24 May 2019 from both a financial and physical perspective.
- 3.2. Appendices A and B show the financial position of the General Fund Capital Programme, with the physical progress detailed in Appendices C to E as they are split into Build, Non Build and Roads.

#### 4. Update to 2019/20 Programme

- 4.1. A three year General Fund Capital Programme covering 2017/2018 to 2019/2020 was approved by Council on 16 February 2017. An update to the General Services Capital Programme for 2019/2020 was approved by the Executive Committee on 21 November 2018. This update report agreed additions to the 2019/2020 programme totalling £19.257 million, resulting in a revised expenditure programme of £72.541 million.
- 4.2. Movements from 2018/19 (as approved by Executive Committee throughout the year) require to be added to this programme. Taking account of the £34.725 million of adjustments, the base programme for 2019/2020 is £107.266 million. These adjustments are listed in Appendix A attached.
- 4.3. However, in the first Executive Committee report of the new financial year (29 May 2019), a number of changes were also approved. These are detailed in Sections 4.4. to 4.20 and give a Revised General Fund Base Budget (including Carry Forward) of £78.429 million.

- 4.4. **2018/19 Carry Forward:** As reported in the Final Outturn Report for 2018/2019, a carry forward total of £5.498 million will ensure sufficient budget is available to conclude ongoing projects within the General Fund Capital Programme.
- 4.5. Extension / Improvement of Cemeteries: Reflecting the expected timing of spend, £1.772 million of the approved 2019/20 £1.952 million budget will be transferred to 2020/21.
- 4.6. **Zero Waste Fund:** The design of two projects is currently underway and it is anticipated that these will complete by September 2019. Of the planned spend of £0.440 million. Spend of £0.390 million is now likely to occur in 2020/21.
- 4.7. <u>Additional Roads</u>: At its meeting on the 27 February 2019 (Overall Position of Budget 2019/20 and Savings Proposals), the Council agreed an additional contribution of £0.720 million for investment in Roads. This will be funded by a contribution from the Council's Reserves.
- 4.8. Roads Bridges: It is anticipated that £0.500 million of the total approved budget of £6.000 million will be required in 2019/20 to undertake preparatory works for the replacement of Clyde Bridge, Pettinain and Ponfeigh Bridge, Douglas Water. The main construction phases of both these projects are expected to be undertaken during 2020/21 and the budget has been profiled accordingly.
- 4.9. <u>Street Lighting Improvement Programme</u>: As reported to the Executive Committee (27 June 2018), a financial saving of £3.124 million has been realised from the original programme. £1.500 million of the saving was achieved in 2018/19, with the remaining £1.624 million reduction being made to the 2019/20 Capital Programme.
- 4.10. Glasgow City Region City Deal: A recent review of project expenditure has been undertaken which has included alignment to the anticipated project approval dates by the City Deal Cabinet. To reflect actual profiling of spend, £16.509 million has been carried forward into future years, to conclude these projects.
- 4.11. Schools ICT Solutions for Learning: In order to reflect the revised profile of spend for the ICT refresh programme, £2.030 million of the £3.057 million budget will be moved into the 2020/21 Capital Programme.
- 4.12. <u>Education Growth and Capacities</u>: The Executive Committee on 26 September 2018 approved the addition of 2 new projects into the Capital Programme: St Mary's Primary School, Hamilton and St Charles' Primary School, Newton. The spend expected for 2019/20 of £0.997 million is now added to the capital programme.
- 4.13. In addition, to reflect expected spend profiles, £1.074 million of the Education Growth and Capacities budget of £1.736 million will be moved to the 2020/21 programme.
- 4.14. **Early Years 1,140 Hours**: In order to continue planning for implementation in August 2020, approval was given to progress with the Phase 1 projects to the Executive Committee on 15 August 2018 detailing a first phase of a capital programme of works. A second phase of works was approved by the Executive Committee on 13 February 2019.
- 4.15. A further report is being presented to this meeting, requesting approval to progress with a third phase of works. It is estimated that the total cost of delivering the 1,140 Hours

- programme will be in the region of £32.3 million, in line with the estimated costs already reported in the Council's Capital Strategy.
- 4.16. To reflect the expected timing of spend on projects, £3.365 million of budget will be accelerated from 2020/21 to 2019/20.
- 4.17. **Social Work Care Facilities**: Construction works for the Blantyre facility are scheduled to commence later in 2019. Initial estimates by Housing & Technical Resources anticipate that an allocation of £2.7 million will be required in 2019/20 for these works. Further phases of works are currently under development.
- 4.18. **2019/20 General Services Base Budget Position:** Taking into account the movements noted in 4.4. 4.17. above, the General Services Revised Expenditure Budget (including Carry Forward) is £74.196 million.
- 4.19. This is summarised in the table below.

	2019/20
	£m
Approved Programme – November 2018 (Section 4.1)	72.541

Social Work Care Facilities (Section 4.17)	(14.751)
Revised General Fund Expenditure Programme	74.196

- 4.20. Additional Capital Grant Funding: Since the approval of the revised 2019/20 Capital Programme on 21 November 2018 (Section 4.1.), the Local Government Finance Circular 2/2019 revised the Council's General Capital Grant allocation for 2019/2020. Grant funding has also been identified for specific spend programmes.
- 4.21. The 2019/20 Capital Programme has been increased to reflect the following:
  - Additional General Capital Grant of £0.087m.
  - Specific Capital Grants of £4.146 million, namely, Cycling, Walking and Safer Streets (£0.520 million), Vacant and Derelict Land (£1.120 million) and Town Centre Regeneration Fund (£2.506 million).

4.22. The updated General Services Base Budget for the year is therefore as follows:

	2019/20 £m
Revised General Fund Expenditure Programme (Section 4.20)	74.196
Additional General Capital Grant (Section 4.21)	0.087
Specific Capital Grants (Section 4.21)	4.146
Revised General Services Base Budget 2019/20	78.429

#### 5. Employee Implications

5.1. None

#### 6. Financial Implications

#### 6.1. <u>2019/20 Budget</u>

Section 4.22. above shows the base budget for the financial year as £78.429million. The details of this across Resources is shown in Appendix B to this report.

- 6.2. In the first two months of financial year 2019/20, amendments to the Capital Programme have been proposed by Resources totalling a net decrease of £0.080 million. These were submitted to the Executive Committee's on 29 May 2019 (increase of £2.530 million) and 26 June 2019 (decrease of £2.610 million). These are summarised below and detailed further in notes 1 and 2 to Appendix B.
  - Proposed Adjustments (Period 1) of £2.530 million
  - Proposed Adjustments (Period 2) of £0.365 million
  - Transfers to Revenue (Period 2) of £4.506 million
  - Transfers from Revenue (Period 2) of £1.531 million
- 6.3. The revised programme for the General Fund is £78.349 million as shown in Appendix B. This revised programme consists of the base budget plus carry forward projects, previously approved adjustments and adjustments to the programme as noted in notes 1 and 2 to Appendix B.

#### 6.4. Period 2 Position

Budget for the period is £3.293 million and spend to the 24 May 2019 is £3.295 million (4.08%). This represents expenditure of £0.002 million ahead of profile.

- 6.5. Actual funding received to 24 May 2019 is £37.494 million (47.86%).
- 6.6. Appendices C to E advise on the related physical progress of the General Fund Capital Programme for 2019/2020 and these are split across three elements: Build; Non-Build and Roads.

#### 7. Other Implications

- 7.1. The main risk associated with the Council's Capital Programme is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of overspend is managed through four weekly Investment Management Meetings.
- 7.2. There are no implications for sustainability in terms of the information contained in this report.

#### 8. Equality Impact Assessment and Consultation Arrangements

- 8.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 8.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

# Note 1 – Adjustments Approved by Executive Committee on 29 May 2019 (Period 1)

### **Community and Enterprise Resources**

#### Craighead Pavilion and Stadium Upgrade

Approval is sought to increase the 2019/20 Capital Programme by £0.068m to complete an upgrade of the Stadium at Craighead Park, Lesmahagow. These works will be funded by contributions from the Renewable Energy Fund (£0.030m) and developer's contributions from the Lesmahagow area (£0.038m).

£0.068m

#### Strathclyde Partnership for Transport (SPT)

Strathclyde Partnership for Transport have awarded this Council £2.455m to progress a number of schemes during 2019/20, £0.450m of which has been carried forward from financial year 2018/19, mainly for Lanark Station Park and Ride (£0.300m). Approval is sought to increase the 2019/20 Capital Programme by the net increase of £2.005m. Projects to carried out are shown in the table below:

£2.005m

Route Action Plans	£0.300m
Extension of Cambuslang Station	£0.800m
Park and Ride – Land Purchase	
Extension of Carstairs Station Park	£0.240m
and Ride	
Congestion Reduction Measures	£0.410m
National Strategic Cycle Routes	£0.216m
Bus Infrastructure Improvements	£0.039m
·	£2.005m

#### **Electric Vehicle Charging**

Transport Scotland has awarded this Council £0.181m to continue the expansion of the electric vehicle charging infrastructure across South Lanarkshire, £0.083m of which has been carried forward from financial year 2018/19. Approval is therefore sought to increase the 2019/20 Capital Programme by the net increase of £0.098m.

£0.098m

#### **Finance and Corporate Resources**

### Computer Room Upgrades

The Future Capital Investment Strategy identified a requirement to fund the migration of the Council's server and storage infrastructure from the Caird Data Centre. The funding included £0.300 million for upgrading works at Council Headquarters in Hamilton and the Civic Centre in East Kilbride. IT Services have now requested that this element of the works be accelerated into 2019/20 to allow essential works to be carried out. Approval is sought to increase the 2019/20 Capital Programme by £0.300 million to allow these advance works to progress. This will be funded by capital receipts received in advance of the approval of the 2020/21 programme.

£0.300m

#### **Community and Enterprise Resources**

### Quay Road, Rutherglen

The purchase of the currently leased Grounds Depot at Quay Road, Rutherglen was approved at the Housing and Technical Resources Committee on 5 June, 2019. Approval is sought to increase the 2019/20 Capital Programme by £0.350m to reflect the purchase. This will be funded from £0.195m from the Zero Waste programme, previously slipped into 2020/2021, along with a contribution from the Council's Reserves (£0.155m) held for Community and Enterprise Resources.

£0.350m

#### **Minor Adjustments**

£0.015m

#### **Total Adjustments**

£0.365m

#### **Transfers to Revenue**

Following a review of this programme of works, it has been identified that some of the expenditure cannot be classed as capital. Therefore, it is proposed that budget of £4.506 million will be transferred to Resources' Revenue budgets and details of these are included below.

(£4.506m)

- Planned Asset Management (£3.061 million)
- Private Housing Scheme of Assistance project (£1.000 million)
- IT Productivity (£0.236 million)
- Clyde and Avon valley Landscape Partnership (£0.128 million)
- Crawfordjohn Community Projects (£0.081 million)

For all of the projects listed above, the total budget will be transferred to revenue, with the exception of Planned Asset Management. The total overall budget for Planned Asset Management, across capital and revenue, remains at £4.775 million. Current estimates show that only £3.061 million requires to be classified as revenue. The remaining spend to be incurred by the end of the financial year, will be reviewed to ensure that it is classed appropriately (as revenue or capital), and any further movement reported to a future meeting.

#### **Transfers from Revenue**

Conversely, expenditure in relation to roads carriageways is currently funded through the Roads Services revenue budget. It is proposed that budget totalling £1.531 million be transferred to the 2019/20 Capital Programme. This was detailed in the Council's Future Capital Investment Strategy (Executive Committee, 21 November 2019). As with Planned Maintenance, the total overall budget for carriageways across capital and revenue remains unchanged.

£1.531m

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 8 August 2019

Report by: Executive Director (Finance and Corporate Resources)

Subject: Capital Budget Monitoring 2019/2020 - Housing Capital

**Programme** 

#### 1. Purpose of Report

1.1. The purpose of the report is to:-

 update members of the Financial Resources Scrutiny Forum of progress on the Council's Housing Capital Programme for the period covering 1 April 2019 to 24 May 2019.

#### 2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation:-
  - (1) that the physical and financial progress of the Housing Capital Programme be noted.

#### 3. Background

- 3.1. The Capital reports attached provide detail on the position as at 24 May 2019 from both a financial and physical perspective.
- 3.2. Appendix A shows the financial position of the Housing Capital Programme, with the physical progress detailed in Appendix B.

#### 4. Employee Implications

4.1. None

#### 5. Update to 2019/20 Programme

- 5.1. The Executive Committee approved a total Housing Capital Programme budget for 2019/20 of £61.945million on 20 February 2019.
- 5.2. As reported at the Executive Committee (26 June 2019), there is a negative carry forward of £0.110million from 2018/19, which will reduce the 2019/20 programme. The base budget for 2019/20 therefore totals £61.835million and this is the base budget for the year, as detailed at Appendix A.

#### 6. Financial Implications

- 6.1. Section 5.4 above shows the base budget for the financial year as £61.835 million.
- 6.2. Appendix A also shows the position on the Housing Programme as at 24 May 2019. Budget for the period is £3.497 million with spend of £3.497 million (5.66%). This represents a breakeven position.

6.3. Programmed funding for the year totals £61.835 million. As at 24 May 2019, actual funding of £3.497 million has been received.

#### 7. Other Implications

- 7.1. The main risk associated with the Council's Capital Programme is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of overspend is managed through four weekly Investment management meetings.
- 7.2. There are no implications for sustainability in terms of the information contained in this report.

#### 8. Equality Impact Assessment and Consultation Arrangements

- 8.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 8.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.
