

Review of Polling Districts and Polling Places

Ward No	Ward Name	PD Ref	Polling Place	Comments received on Polling District or Polling Place as a result of consultation	Outcome
1	Clydesdale West	CL10 and CL59	Kirkton Primary School	Kirkton PS – Need additional table for paperwork	Noted. Consideration will be given to collating paperwork in a more manageable way to avoid requirement for an additional table eg folder of info.
1	Clydesdale West	CL15	Crossford Hall	No comments received	Status Quo remains
1	Clydesdale West	CL54 and CL64	High Mill Primary School	Voter from Hemmingen Court, Carluke would prefer to vote at Kirkton Primary School. Layout of stations not great.	Not possible to change polling arrangements for Hemmingen Court due to difficulty in re-drawing the boundary without affecting numerous electors to their detriment. Layout of polling station will be revised.
1	Clydesdale West	CL56	Crawforddyke Primary School	Tight for 5 stations and layout could be better. Equipment as you come in door takes up a bit of space	Noted. Unlikely to be 5 stations at future elections which should ease the position. Layout will be revised and equipment location will be considered at future elections.
1	Clydesdale West	CL60	Braidwood Primary School	Voter at Clydesdale Cottage, Crossford unhappy with their move to Braidwood Primary School to vote.	Clydesdale Cottage, Crossford currently sits within CL60 who vote at Braidwood Primary School. Proposal to change to CL15 is reasonable. To accommodate this change several electors will also require to be moved to their benefit. Boundary has been restored to the burn to allow voters to vote at Crossford Hall as per previous elections.
1	Clydesdale West	CL66	Tom Craig Centre	No comments received	Status Quo remains
2	Clydesdale North	CL01	Lanark Primary School	No comments received	Status Quo remains (Shared with Ward 3)
2	Clydesdale North	CL02	St Nicholas Parish Church Hall	Parking arrangements caused difficulties	There are 2 parking areas and whilst this is clearly a busy area for parking to use an alternative polling place would inconvenience voters considerably. This polling place is in the main town centre and easily accessible to voters. Recommend continued use of St Nicholas Church Hall and parking will be monitored at future elections.
2	Clydesdale North	CL03, CL04, CL50	St Mary's Church Hall (Club Rooms)	No comments received	Status Quo remains
2	Clydesdale North	CL05	New Lanark Primary School	No comments received	Status Quo remains
2	Clydesdale North	CL06	Robert Owen Memorial Primary School	No comments received	Status Quo remains
2	Clydesdale North	CL12 and CL17	Kirkfieldbank Public Hall	No comments received	Status Quo remains
2	Clydesdale North	CL30	Tarbrax Village Hall	No comments received	Status Quo remains
2	Clydesdale North	CL31	Auchengray Primary School	Voter from Woolfords Cottages would prefer to vote at a location in Woolfords? Also mentioned that road from Woolfords to Auchengray is in a bad state of repair.	It appears that there are no suitable locations in Woolfords for polling arrangements. Roads Area Office investigated the complaint and advised that the road had very few defects along the section from Woolfords to Viewfield Farm and good condition from the Farm to Auchengray as it was resurfaced in June 2007.
2	Clydesdale North	CL51	Nemphlar Hall	No comments received	Status Quo remains
2	Clydesdale North	CL62	Forth Sports & Community Centre	No comments received	Status Quo remains
2	Clydesdale North	CL63	Braehead Hall	No comments received	Status Quo remains

3	Clydesdale East	CL37	Thankerton Hall	No comments received	Status Quo remains
3	Clydesdale East	CL38	Pettinain Hall	Layout could be improved	Noted. Layout will be revised for future elections.
3	Clydesdale East	CL39	Carmichael Primary School	No comments received	Status Quo remains
3	Clydesdale East	CL42	Quothquan Hall	Layout could be improved. Entrance should be through main door and not disabled access which has a reduced doorway height and is therefore dangerous for electors to use.	Agree main entrance should be used. Disabled entrance access is low and therefore would require signage if this is used for disabled electors.
3	Clydesdale East	CL49 and CL53	Carstairs Community Centre	No comments received	Status Quo remains
3	Clydesdale East	CL52	Carstairs Junction Hall	No comments received	Status Quo remains
3	Clydesdale East	CL55	Lanark Primary School	No comments received	Status Quo remains (Shared with Ward 2)
4	Clydesdale South	CL08	Milton Primary School	No comments received	Status Quo remains
4	Clydesdale South	CL09	Woodpark Primary School	No comments received	Status Quo remains
4	Clydesdale South	CL11 and CL13	Blackwood Hall	No comments received	Status Quo remains
4	Clydesdale South	CL14	Auchenheath Hall	5 voters asked to vote at Crossford Hall instead of Auchenheath Hall	To re-draw the boundary to accommodate this change would affect in the region of 200 voters. It is proposed that the status quo remains but that voters at Auchenheath Hall are surveyed at the next election to gauge interest in this proposal.
4	Clydesdale South	CL16	Brocketsbrae Hall	No comments received	Status Quo remains
4	Clydesdale South	CL41	Rigside Community Hall	No comments received	Status Quo remains
4	Clydesdale South	CL44	Douglas St Brides Community Hall	No comments received	Status Quo remains
4	Clydesdale South	CL45	Glespin Community Hall	No comments received	Status Quo remains
4	Clydesdale South	CL46	Coalburn Leisure Centre	Voter unhappy with change from St Bride's Community Hall, Douglas and voting at Coalburn Leisure Centre. Lives at The Gardens House, Douglas.	The Gardens House, Douglas currently sits within CL46 and votes at Coalburn Leisure Centre. Proposal to change to polling district CL44 is straightforward and therefore allows the voter(s) to vote at St Bridget's.

5	Avondale and Stonehouse	EK99	Sandford Village Hall	No comments received	Status Quo remains
6	East Kilbride South	EK20, EK21	Murray Owen Centre	Voter from Anniversary Avenue, East Kilbride suggested voting at South Park Primary School	Consideration was given to this suggestion, however, voters in Anniversary Avenue are in Ward 6 and South Park Primary School is used as a polling place for voters in Ward 7. The recommendation is that the status quo remains.

8	East Kilbride Central North	EK01	Maxwellton Primary School/Greenburn	No comments received	Status Quo remains
8	East Kilbride Central North	EK07	Hunter Primary School	Proposal to use St Leonards Primary School instead of two wards voting in one Polling Place.	It is possible to move electors from EK63 to St Leonards PS. It is slightly more convenient for most EK63 electors travelling by car to go to St Leonards PS rather than Hunter Primary, although it is less convenient for most electors going to St Leonards Primary by foot as opposed to going to Hunter Primary by foot. St Leonards Primary has been used previously for elections and is a suitable polling place. The RC Church adjacent to the school appears to have some serious access difficulties, particularly for disabled electors arriving by car. Decision is whether moving EK63 and inconveniencing electors who travel by foot is more or less problematic than those electors voting at a polling place where 2 wards vote. Recommendation is that EK63 electors are moved to St Leonards PS.

8	East Kilbride Central North	EK24	Kirktonholme Primary School	No comments received	Status Quo remains
8	East Kilbride Central North	EK25	Kirktonholme Community Hall	Layout could be improved.	Noted. Layout will be revised for future elections.
8	East Kilbride Central North	EK28	Halfmerke Primary/West Mains School	No comments received	Status Quo remains
8	East Kilbride Central North	EK29	East Kilbride Old Parish Church Hall	No comments received	Status Quo remains
8	East Kilbride Central North	EK30	East Kilbride Arts Centre	Layout tight with 2 stations but workable	Noted. Layout will be revised for future elections.
8	East Kilbride Central North	EK64 and EK66	Mount Cameron Primary School	No comments received	Status Quo remains
9	East Kilbride West	EK22, EK59 and EK95	Stewartfield Community Centre	No comments received	Status Quo remains
9	East Kilbride West	EK23, EK42, EK43, EK51	Mossneuk Primary School	Suggestion that electors living in EK54 (Ullswater/Conistor etc) transfer from Mossneuk PS to Crosshouse PS. Disabled car parking should be clearly marked and door of building opened outwards. Polling station was too small especially at busy times.	Agree. The polling district EK54 should be sub-divided and for those electors living in Ullswater etc they should then be subsumed within EK52. For the remaining electors (42) within EK54 (Swift Place/Trent Place) they should be subsumed within EK51 (463) and continue to vote at Mossneuk Primary School. Disabled car parking will be clearly marked at future elections. Accessibility and layout will be improved at future elections.
9	East Kilbride West	EK52	Crosshouse Primary School	No comments received	Status Quo remains (Shared with Ward 6)
9	East Kilbride West	EK47 and EK94	Thorntonhall Lawn Tennis Club	No comments received	Status Quo remains
9	East Kilbride West	EK96	St Kenneth's Primary School	Elector reported the building was dilapidated, unclean and not fit for use.	Noted. Checks were made in all polling places and with polling staff and it was considered that St Kenneth's PS was in good condition and fit for use.

Ward No	Ward Name	PD Ref	Polling Place	Comments received on Polling District or Polling Place as a result of consultation	Outcome
10	East Kilbride East	EK03 and EK04	Long Calderwood Primary School	Due to the demolition of the Allers Centre Lammermoor Nursery could be considered. Electors in EK03 and EK12 or EK03 could vote at Long Calderwood Primary School and EK 12 could vote at St Leonards Primary School. Entrance was poorly signposted. Re-consider layout of polling station.	In view of the impending closure of the Allers Centre as a polling place for EK12 and EK03. The recommendations are to allocate electors within EK12 to St Leonards Primary - there is a pedestrian subway underneath St Leonards Road for voters travelling by foot. Secondly, it is proposed that electors within EK03 are now allocated to Long Calderwood Primary instead of the Allers Centre. Unfortunately, as the Allers Centre was in the middle of the polling district, this change will inconvenience all of the electors - for those living closest to Long Calderwood Primary the distance is approximately 4/10's of a mile, and for those living furthest away it will be nearer 3/4's of a mile. Consideration was given to the use of Lammermoor Play Centre Pavilion. The Pavilion is totally unsuitable for use. Consideration was also given to siting a portacabin at Waverley which is 1/2 a mile from Long Calderwood Primary School, however, due to the number of electors the use of a portacabin would not be suitable. The layout of the polling station will be revised for future elections.
10	East Kilbride East	EK08	Alison Lea Community Centre	Polling at this place is tight and a suggestion has been made to split the polling district. Disabled access not good.	The proposed sub-division of EK08, creation of a new polling district for the electors living in Sutherland Way/Caithness Road etc and sending them to vote at St Leonards Primary instead of Alison Lea Community Centre is a good idea. It is more convenient for most of the electors in Sutherland Way etc to go to St Leonards Primary, and this will relieve some pressure on Alison Lea Community Centre which is a very small polling place for the number of electors who vote there. The proposed new polling district boundary within EK08 is a natural one. Accessibility will be improved for future elections.
10	East Kilbride East	EK09, EK12 and EK63	St Leonards Primary School	This polling place was not used in May 2007, however, had been used previously as a polling place. Consideration should be given to EK12 voting at Brancumhall Sports Pavilion instead of St Leonards Primary School.	EK09 is a new polling district created for electors in Sutherland Way/Caithness Road etc. EK12 previously voted at Allers Centre and EK63 previously voted at Hunter Primary School all now voting at St Leonards PS. Brancumhall Sports Pavilion is some distance away from St Leonards PS and voters would require to pass St Leonards PS to go to Brancumhall Sports Pavilion. It is therefore recommended that voters vote at St Leonards PS.
10	East Kilbride East	EK61	Calderwood Community Hall	No comments received	Status Quo remains
10	East Kilbride East	EK67	Mount Cameron Primary School	Suggested closure of St Hilary's PS and use of Mt Cameron PS.	Agree. This closure would not inconvenience voters as the schools are within a very short distance of each other. Use Mount Cameron PS for EK67 electors.

12	Rutherglen Central and North	RU07	Wardlawhill Parish Church	Rutherglen High School will be demolished. Suggest St Columbkilles Hall, Kirkwood Street, Rutherglen as alternative.	Wardlawhill Parish Church would be a suitable alternative to Rutherglen High School. The hall is on the same street at Rutherglen High School and is easily accessible and suitable for the appropriate number of polling stations and more central for electors than St Columbkilles Hall.
12	Rutherglen Central and North	RU10	Rutherglen United Reformed Church	No comments received	Status Quo remains
12	Rutherglen Central and North	RU06 and RU40	Burgh Primary School	Refurbishment of Burgh PS - consider alternative. St Columbkilles Hall suggested.	Considered St Columbkilles Hall and Glenburgh Nursery Centre however new Burgh Primary School is now available and suitable for use.

13	Cambuslang West	RU26 and RU31	West Coats Primary School	No comments received	Status Quo remains
13	Cambuslang West	RU27, RU29, RU60 and RU94	Eastfield Community Centre	Voter from Coldstream Drive suggested voting at Calderwood PS. Too small to use and layout could be improved.	Noted. Layout will be revised for future elections. Voters from Coldstream Drive are in Ward 13 and Calderwood Primary School is used as a polling place for voters in Ward 11. The recommendation is that the status quo remains.
13	Cambuslang West	RU28	James Aiton Primary School	No comments received	Status Quo remains
13	Cambuslang West	RU30	Burnside Primary School	Burnside PS is outwith Ward 13. Mar Gardens voters (Ward 11) pass Burnside PS to go to St Marks PS. Issue with those who live beside the school but pass it to go to another polling place (Glenlui Ave who vote at St Marks Primary School). Also consideration should be given to Blaitbeth Terrace and Blairbeth Road residents. St Anthony's/Loch Primary School possible alternatives. Calderwood PS (Cambuslang West ward 13) alternative for RU30.	Consideration was given to moving voters to St Anthony's and Loch Primary School as possible alternatives, however, the distance for voters is considerable, particularly for elderly or disabled voters. A request was made for the use of the Burnside Church Hall, however, no agreement was given to this. Burnside Bowling Club was also considered but this location was unsuitable as a polling place and parking arrangements were poor and possibly dangerous. Burnside Primary School could be used by voters from Ward 13 and also Ward 11, however, this may cause confusion to electors where there would be two groups of agents/candidates dealing with 2 groups of electors. Recommendation is that the status quo remains.
13	Cambuslang West	RU32 and RU37	West Whitlawburn Bonus Ball Resource Centre	Voter from Wallace Wynd suggested voting at Cambuslang Institute. Voter from Kirkburn Avenue, Cambuslang suggested West Coats Primary School. Poorly signposted	Consideration was given to voters from Wallace Wynd voting at Cambuslang Institute, however, this is not currently used as a polling place. A change to the polling district boundary would inconvenience more electors than it would assist. It is recommended that the status quo remains. Voters from Kirkburn Avenue, Cambuslang may be more suitably accommodated at West Coats Primary School, however, the change to the polling district is significant and would incorporate a change of polling place to a large number of electors. Further discussion with elected members concluded that the status quo should remain. With regard to signposting full consideration will be given to this at future elections.

18	Hamilton West and Earnock	HS23 and HS26	Udston Primary School	Voters from West Craigs voted at Udston. Concerns were expressed regarding a reduced turnout from this area and concerns regarding unsafe parking. Electors previously voted at High Blantyre Public Hall/Priestfield Senior Citizens' Centre, Blantyre and it had been previously recommended that the electors vote at Udston. Suggestion to consider any public halls in Auchentibber or even High Blantyre area that could be used?	Consideration was given to alternative polling places for voters from West Craigs (eg St Ninians and Jock Stein Centre). It appears that the most convenient location is Udston Primary School. High Blantyre Public Hall and Priestfield Senior Citizen's Centre which were used in the past for these voters, however, it is no longer the most suitable due to ward boundary changes. Ward 15 currently vote at High Blantyre Public Hall. It is proposed that the status quo remains.

Was like a building site – should not be used as a polling place.	Noted. Good signage will be put in place at future elections. Agree that, due to modernisation of the school, the polling place wasn't quite as accessible and tidy as it should have been, however, every effort will be made to ensure that this is not repeated here or at any other polling place in the future.
