

South Lanarkshire Council

Annual Governance Statement 2021/2022

1. Scope of responsibility

The residents of South Lanarkshire expect the council to conduct its business in a lawful and transparent way. In particular, the council has a duty to safeguard public money and account for it; and to continuously review and improve how its functions are discharged, focussing on the priorities of economy, efficiency, and effectiveness.

The council is responsible for putting in place proper arrangements for the governance of its activities, facilitating the effective exercise of its functions including clear arrangements for the management of risk.

A [Local Code of Corporate Governance](#) (referred to as the “Code” from here on) has been approved and adopted. The Code is reviewed and updated annually and is consistent with the seven core principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) framework entitled ‘Delivering Good Governance in Local Government’.

This statement explains how the council has complied with the Code during 2021/2022 and meets legislative requirements to include the Annual Governance Statement within the Annual Accounts. It also sets out the significant changes to the council’s governance arrangements as a result of the global health pandemic (referred to as the “Pandemic” from here on).

2. The purpose of the council

The [Council Plan, Connect 2017-22](#) sets out the council’s vision, values and objectives and what difference this will make to the residents and communities of South Lanarkshire. A mid-term review was finalised during 2020.

The council is also a statutory Community Planning Partner and the [Community Plan 2017-27](#) provides a common vision for the South Lanarkshire Community Planning Partnership and sets out how the partners aim to achieve that vision. An update of the plan was completed during 2020/2021.

The council has set the framework for strong corporate governance by having a clear vision and values which are outlined in the diagram below: -

3. The purpose of the council's governance framework

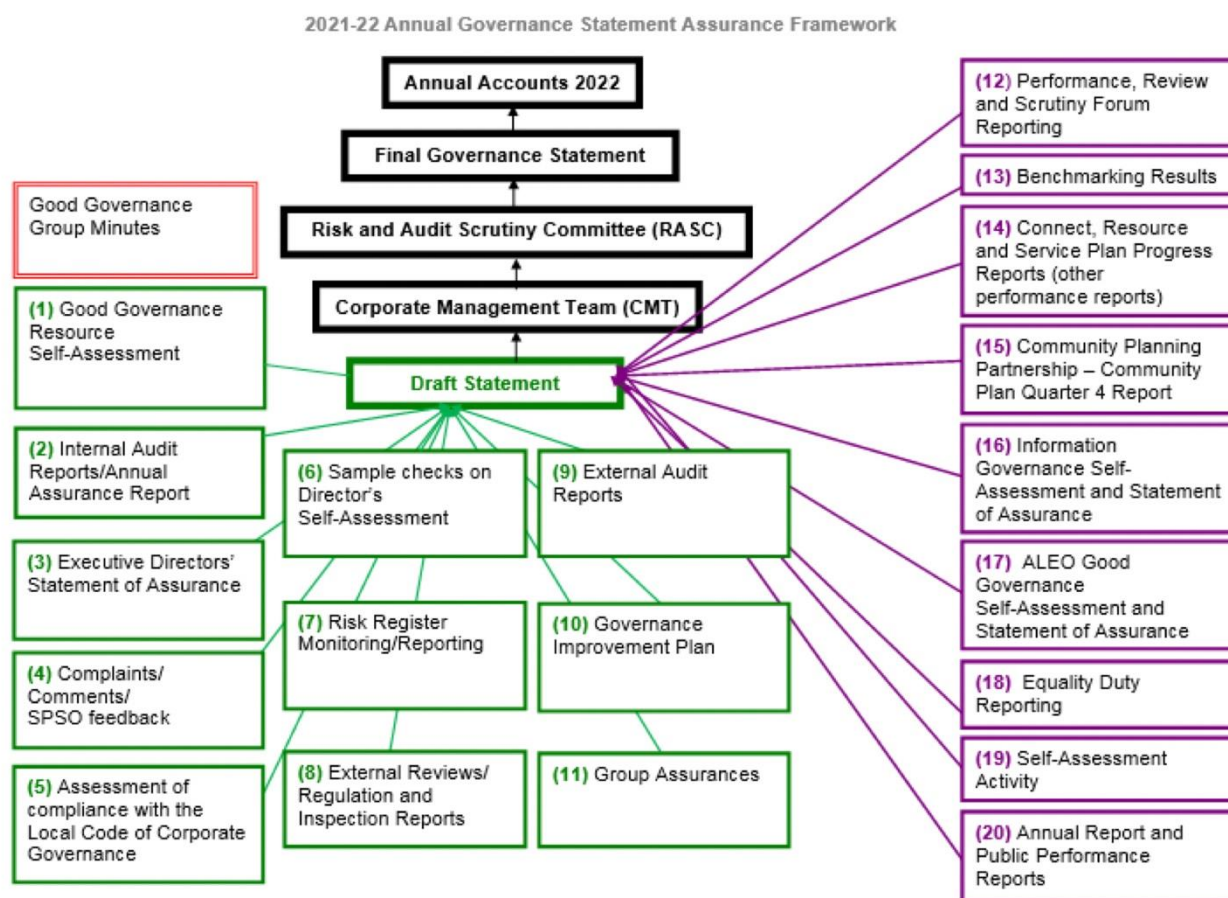

The governance framework comprises of the culture, values, systems, and processes by which the council is directed and controlled. It describes the way the council is accountable to communities. It enables the council to monitor the achievement of its strategic objectives and consider whether these objectives have led to the delivery of appropriate and cost-effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It is based on an ongoing process designed to identify and prioritise the risks to the achievement of the council's aims and objectives by evaluating the likelihood and potential impact of those risks being realised. This enables the council to manage risk efficiently, effectively, and economically.

The governance framework has been in place at South Lanarkshire Council for the year ended 31 March 2022 and up to the date of approval of the Annual Report and Accounts.

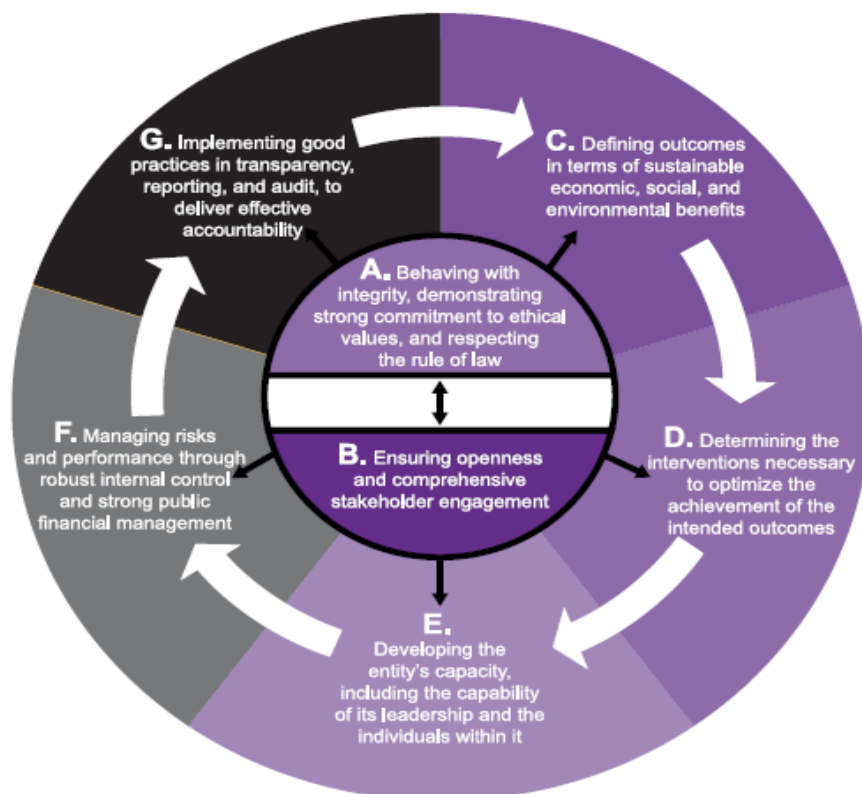

4. How the council monitors and evaluates the effectiveness of its governance arrangements?

The council annually reviews the effectiveness of its governance arrangements. The key sources of assurance that inform this review and underpin the statements made within this document are shown in the diagram below.

5. Key elements of the council's governance assurance framework

The council aims to achieve good standards of governance by adhering to the seven national principles below, which form the basis of the council's Code. These principles are used each year to evaluate governance arrangements and identify areas for improvement.

The following table demonstrates how the council has complied with these principles and provides assurance as to how they are met. Significant elements of the systems and processes that comprise the council's governance arrangements and important changes/ developments are described. Links to the key council documents referred to below can be found in Section 2 of the Code. The impact of the Pandemic has been included and additional commentary can be found at the end of this section. Commentary on the council's level of compliance with the CIPFA Financial Management Code can also be found at the end of this section.

COVID-19 Pandemic Governance Arrangements

The 2019/2020 Governance Statement set out the initial impacts of the Pandemic on the council's governance arrangements. During 2020/2021, the council, its partners and local community organisations continued to strengthen the partnership approach in response to the Pandemic. In 2021/2022 the council continues to manage the impacts of the Pandemic through robust resilience arrangements and controls.

As the council has moved through the different phases of response and recovery, changes to governance arrangements have been made to comply with national guidance and legislation. New ways of working have been put in place to continue to maintain the delivery of essential business of the council and to respond to the Pandemic. Priority services have been maintained throughout the Pandemic and many new services/processes established. Throughout the year, schools, nurseries, etc. have adapted in accordance with national decisions and guidance.

Costs associated with the Pandemic have been met from funding provided by the Scottish Government and the council will continue to monitor the financial impact of the Pandemic into 2022/2023 and beyond. This will include working with South Lanarkshire Leisure and Culture on the impact of the Pandemic on their business and their recovery.

As the Pandemic response eases, recovery will be a significant area of work for the council and its partners and is highlighted as such in Section 7 of this statement.

CIPFA Financial Management Code

The Financial Management Code (FM Code) provides guidance for good and sustainable financial management in local authorities. By complying with the principles and standards within the code authorities will be able to demonstrate their financial sustainability. The following information sets out the council's level of compliance with the CODE.

The council has reviewed the principles of the FM Code as part of its internal governance process. A self-assessment was carried out during the shadow implementation year (2020-2021) which identified that the Council had fully embedded 14 of 17 criteria as part of its normal business by the end of the shadow implementation year (2020/2021). This highlights that the council already has a strong approach to financial management and financial resilience including demonstrating value for money, strong governance and controls and adherence to professional guidance, and our approach to financial management and reporting (including budget setting and medium to long term planning). For the remaining three principles which were not fully embedded, actions were agreed which will allow us to further embed and develop our existing financial management controls and measures to provide continued comfort on financial resilience. The action plan is summarised below and with progress up to end of March 2022:-

1. In relation to financial resilience this will be included in a future Budget Strategy paper presented in 2022.
2. As part of the annual budget consultation, we are embedding the 2020/2021 approach going forwards.
3. We will continue to embed options appraisal across the Council.

6. Review of Effectiveness

The review of governance arrangements for 2021/2022 has also considered the following assurance outcomes: -

Group Assurances

In respect of the Joint Boards, Charities and Companies that fall within the council's group boundary, the review of their internal financial control systems is informed by: -

- Annual Governance Statements included in the respective financial statements of the Joint Boards.
- Assurances from company directors and/or other senior company officials; and
- The work of the relevant body's respective external auditors (and where relevant internal auditors) and other interim reports.

The Executive Director of Finance and Corporate Resources, the council's Chief Financial Officer, has considered the effectiveness of the group's internal financial control system for the year ended 31 March 2022. It is the Executive Director of Finance and Corporate Resources' opinion that reasonable assurance can be placed on its effectiveness.

Internal Assurance

It is the opinion of the council's Risk Management Service that a good level of assurance can be placed on the council's strategic risk control environment and a good level of assurance can be placed on the council's operational risk control environment.

It is the opinion of the council's Audit and Compliance Manager that, overall, reasonable assurance can be placed on the adequacy and effectiveness of the council's framework of governance, risk management and control arrangements for the year ending 31 March 2022.

7. Significant Governance Areas

The 2020-21 Annual Governance Statement identified 12 significant governance areas that the council were working to address. Progress updates can be found on the council's website; see the Significant Governance Areas Update Q4 2020/2021 [link to be added when published](#). Of these areas, three have progressed and are now embedded in our processes, the other nine remain as significant areas of action for the council moving forward into 2021/2022 and will continue to be monitored as such.

11	Recruitment and Retention Challenges	<p>COVID-19 and Brexit have had a substantial impact on recruitment and retention as the labour market has tightened and employees have more mobility through agile working which is not necessarily tied to a geographical location. In addition some older workers have reassessed priorities and taken up an option for partial or full retiral earlier than they would have done previously.</p> <p>As a result there are a number of skills in short supply nationally and this is putting pressure on local government services. Examples of this include HGV drivers, procurement and Social Care. The impact on Senior Manager recruitment and retention is also clear and turnover at this level is closely monitored</p> <p>South Lanarkshire Council has experienced these issues and is taking the following actions:-</p> <ul style="list-style-type: none"> • Workforce Plans are being refreshed to reflect the changed environment by 30 June 2022 • A grow your own approach is being used in key areas (recruited graduates in Procurement) 	Chief Executive and all Directors
