Percentage of our road network that should be considered for maintenance treatment	This figure is derived from the Society of Chief Officers of Transportation in Scotland (SCOTS) Road Condition Index (RCI) survey which is undertaken each year. The target figure of 29.7% is based on the results for the period 2020 to 2022. The RCI for 2021 to 2023 will be published in January 2023 and reported in quarter four.	Report Later	This figure is derived from the Society of Chief Officers of Transportation in Scotland (SCOTS) Road Condition Index (RCI) survey. The survey has now been completed and the overall RCI is 30.8% for 2021 to 2023. This falls short of the target of 29.7% and is a depreciation of 1.1% in the overall condition of the road network. Individual road categories are generally also showing a concerning regression in condition.	Red
