Report

4

Report to: Enterprise Services Committee

Date of Meeting: 4 February 2014

Report by: Executive Director (Finance and Corporate Resources)

Executive Director (Community and Enterprise

Resources)

Subject: Enterprise Services - Capital Budget Monitoring

2013/2014

1. Purpose of Report

1.1. The purpose of the report is to:-

◆ provide information on the progress of the capital programme for Enterprise Services for the period 1 April 2013 to 13 December 2013.

2. Recommendation(s)

- 2.1. The Committee is asked to approve the following recommendation(s):
 - that the Enterprise Services' capital programme of £18.285million, and expenditure to date of £13.826million, be noted.

3. Background

- 3.1. This is the third capital monitoring report presented to the Enterprise Services Committee for the financial year 2013/2014.
- 3.2. The Community and Enterprise Resources' budget is managed in totality by the Resource. The report details the financial position for Enterprise Services in Appendix A. For information, the report also details the financial position for Community and Enterprise Resources in total in Appendix A.

4. Employee Implications

4.1. None.

5. Financial Implications

- 5.1. The total capital programme for Enterprise Services for 2013/2014 is £18.285million. This includes budget adjustments approved at the Executive Committee up to 4 December 2013. Anticipated spend to date was £11.916million with £13.826million of expenditure being incurred (75.61% of full budget). This represents a position of £1.910million ahead of profile which represents good progress achieved to date within the Roads Investment Programme. This time last year, £16.331million was spent (73.60%).
- 5.2. Current estimates suggest an outturn for the financial year of £18.201m, which represents an underspend of £0.084m. In the main, this is due to the profiling of the

final account for works at Hornal Road, Uddingston, and works amounting to less than anticipated at the former Cathkin Clean site, Rutherglen.

6. Other Implications

- 6.1. The main risk associated with the Council's Capital Programme is that there is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of an overspend is managed through four weekly Investment Management Meetings.
- 6.2. There are no implications for sustainability in terms of the information contained in this report.

7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 7.2. There is also no requirement to undertake any consultation in terms of the information contained in the report.

Paul Manning
