

# Report

Report to:	<b>Clydesdale Area Committee</b>
Date of Meeting:	<b>16 December 2008</b>
Report by:	<b>Executive Director (Enterprise Resources)</b>

Subject:	<b>Planning Application Appeals</b>
----------	-------------------------------------

## 1. Purpose of Report

1.1 The purpose of the report is to:-

- ◆ Advise members of planning application appeal decisions issued by the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA) during the period 1<sup>st</sup> April 2008 – 30<sup>th</sup> September 2008 and of appeals outstanding.

## 2. Recommendation(s)

2.1 The Committee is asked to approve the following recommendation(s):-

- (1) that the decisions issued by DPEA are noted for information;
- (2) that the appeals lodged with DPEA are also noted for information.

## 3. Background

3.1 Following refusal of a planning application, or non-determination within the statutory two month period for issuing a decision, or of the granting of consent subject to conditions, appeals can be lodged by applicants to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA) for their consideration. An appeal can be dealt with through three mechanisms: formal public inquiry, a hearing or by written submission. The vast majority are dealt with by written submissions.

3.2 During the period 1<sup>st</sup> April 2008 – 30<sup>th</sup> September 2008, DPEA have issued decisions on the appeals listed in Appendix 1. Appendix 2 lists appeals which have been lodged but which have yet to be decided.

## 4. Statutory performance indicators

4.1 The Council currently requires to report a statutory performance indicator relating to appeals to Scottish Government on:

The number of appeals that were successful (in the appellants favour):

- a) as a percentage of the number of planning determinations made by the council
- b) as a percentage of the number of determinations that went to appeal.

4.2 The indicator examines the extent to which planning applicants appealed to Scottish Ministers against the decision of the Council and were successful in having the Council's decision overturned. The indicator relates to both householder and non-householder applications.

- 4.3 The indicators for the period 1 April 2008 – 30 September 2008 are as follows:  
The number of appeals that were successful:  
a) as a percentage of the number of planning determinations made by the council – 0.4% (National average = 0.7%)  
b) as a percentage of the number of determinations that went to appeal – 17.8% (National average = 37.5%).

Therefore, the figures for the previous six month period are, to date, better than the existing national averages, which reflects the balanced and considered approach in assessing and determining planning applications.

## **5. Notable appeal decisions**

- 5.1 This section highlights some of the more important appeal decisions, or appeal decisions on larger scale proposals issued during the last six months.
- 5.2 CL/06/0617 – Application by Aldi Stores Ltd for the erection of Class 1 retail unit with associated access, car parking and servicing at Market Road, Biggar.  
The appeal was dismissed by the Reporter partly on the basis that the proposed store would have an unacceptable impact on the vitality and viability of Biggar town centre and partly because it would result in the loss of marketable industrial land which could meet local needs.
- 5.3 EK/07/0133 – Non determination by the Council within the statutory two month period of an application by Vico Properties plc for the erection of a non-food retail unit of 700 square metres at Kingsway East, Nerston, East Kilbride.  
The appeal was dismissed by the Reporter on the basis that there was no overriding reason to depart from the relevant policies of the development plan which identified the site for commercial and not retail use. It was considered an inappropriate location for a retail use and was not physically related to other retail uses in the area.

## **6. Employee Implications**

- 6.1 None.

## **7. Financial Implications**

- 7.1 In respect of planning application no. EK/07/0531 the Reporter, as well as sustaining the planning appeal, also found that “the Council had acted in an unreasonable manner resulting in liability for expenses.” The appellants have subsequently submitted a claim for £18,923.66 in expenses.

## **8. Other Implications**

- 8.1 None.

## **9. Equality Impact Assessment and Consultation Arrangements**

- 9.1 This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore, no impact assessment is required.

**Iain Urquhart**  
**Executive Director (Enterprise Resources)**

2 December 2008

## **Link(s) to Council Objectives/Values**

- Improve the quality of the physical environment

**Previous References**

None

**List of Background Papers**

- All appeal decision letters issues by the Directorate of Planning and Environmental Appeals for the appeals detailed in Appendix 1.
