#### 5. Financial Implications

- 5.1. The financial position of the Housing and General Fund Capital Programmes are noted in Appendices A and C respectively.

5.3. Following agreement at Executive Committee on 26 May 2010, a review of the Primary Schools Modernisation Programme is currently being undertaken. A report will be submitted to Executive Committee on 22 September 2010 outlining the findings of the review. This is likely to result in further slippage within the programme in 2010/11, however the value of this will not be known until the review is complete.

# 6. Other Implications

6.1. The main risk associated with the Council's Capital Programme is failure to manage the projects resulting in a significant overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of an overspend is managed through 4 weekly Investment Management Meetings.

# 8. Equality Impact Assessment and Consultation Arrangements

- 8.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 8.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.
