## 4. General Fund Capital Programme 2023/2024

### 4.1. 2023/24 Budget

Section 3.1 notes that the programme for the General Fund was £91.061 million, as approved by Council in February 2023. A number of adjustments to the programme have been required to reflect budget carried forward from financial year 2022/2023, along with additional funding received in 2022/2023. The adjustments also reflect the anticipated spend which can realistically be achieved in 2023/2024. In total, these adjustments amount to a net decrease of £13.212 million and result in a base budget for 2023/2024 of £77.849 million. A full list of these adjustments is included in Appendix A.

- 4.2. During financial year 2023/2024, Resources have advised of adjustments required to the programme. The revised programme for the year totals £83.322 million and includes adjustments to the programme totalling a net increase of £5.473 million. These adjustments were approved by the Executive Committee on 21 June 2023 and 16 August 2023 and are detailed in Appendices C and D respectively. The increase mainly reflects additional funding from external bodies which are required to be spent on specific programmes of work.
- 4.3. The funding available to support the programme also totals £83.322 million and is detailed in Appendix E (Page 3).
- 4.4. **Period 4 Position**  
The programme spend and funding for the General Fund is summarised in Appendix D. As noted in 4.2, the total capital spending programme for the year is £83.322 million.
- 4.5. Budget for the period is £9.998 million and spend to the 14 July 2023 is £9.856 million, slightly behind programme by £0.142 million.
- 4.6. Actual funding received to 14 July 2023 is £41.715 million.
- 4.7. Relevant officers will continue to closely monitor the generation of all income including receipts.
5. **Employee Implications**
  - 5.1. There are no employee implications as a result of this report.
6. **Financial Implications**
  - 6.1. The financial implications are included in section 4 of this report.
7. **Climate Change, Sustainability and Environmental Implications**
  - 7.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.
8. **Other Implications**
  - 8.1. The main risk associated with the Council's Capital Programme is an overspend. The risk has been assessed as low given the detailed project management plans prepared and monitored for each project. The risk of overspend is managed through four weekly Investment management meetings.
9. **Equality Impact Assessment and Consultation Arrangements**
  - 9.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
  - 9.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

## **2023/2024 General Services Base Budget Position – Required Adjustments**

**General Fund – 2023/24 Budget:** As noted at Section 3.1 of this report, the base programme for the General Fund is £91.061 million, as approved by Council in February 2023. This has been updated to reflect the adjustments detailed in sections 1.1 to 1.7 below and summarised in Table 1.

- 1.1. **Approvals Post February 2023:** The Executive Committee, at its meeting on the 29 March 2023, approved £0.180 million of additional funding towards the Chatelherault allotments project in financial year 2023/2024.

**Addition to Budget: £0.180 million**

- 1.2. **2022/23 Carry Forward:** As reported in the Final Outturn Report for 2022/2023, a separate report to this meeting, a carry forward total of £12.660 million will ensure sufficient budget is available to conclude ongoing projects within the General Fund Capital Programme.

**Addition to Budget: £12.660 million**

- 1.3. **Additional Funding (2023/2024):** At the end of 2022/2023, additional funding was received and used to fund expenditure incurred in that year. The net total of this income is an increase to the programme of £0.723 million and this needs to be added to the overall expenditure budget being carried into 2023/2024.

**Addition to Budget: £0.723 million**

- 1.4. **Leisure and Culture Transformation Fund:** As part of the 2023/2024 Revenue Budget, members approved an allocation of £1.182 million to pay for the cost of borrowing £13 million of capital investment for a Leisure and Culture Transformation Fund. The fund will help modernise the leisure and culture estate, optimise use of assets and assist in the transition towards net zero. Following the completion of the review of the Leisure Trust portfolio, when the profile of spend is known, this funding will be added to the 2023/2024 Capital Programme. It has not been included in the Programme to date.

- 1.5. **2023/2024 Movements:** As part of the carry forward exercise, Resources were asked to consider the level of spend which could realistically be achieved in financial year 2023/2024. Resources have confirmed that projects totalling £26.775 million are not required in financial year 2023/2024. A full breakdown of these projects is included in Appendix 1.

- 1.6. Due to the complex nature and scale of the proposed project, Larkhall Leisure Centre accounts for £9.219 million of the total movement of £26.775 million. An allocation of £0.250 million remains in the 2023/2024 programme for this project. Should a spend profile for this project be established in the coming months, the funding slipped into future years can be added back into the 2023/2024 programme as required.

- 1.7. The total movements also include £0.937 million of project savings, where projects have been successfully completed for less than originally budgeted. Some of these projects are funded by developer contributions, which will no longer be required.

**Reduction to Budget: £26.775 million**

- 1.8. **2023/2024 General Services Base Budget Position:** Taking into account the movements noted in sections 1.1 to 1.7, the General Services Programme for 2023/2024 is now £77.849 million. This is the base budget for the financial year. This is summarised in Table 1 and is shown in detail, in Appendices 3 and 4 to this report.
