3a Capital Budget Monitoring 2022/2023 – General Fund Capital Programme

A report dated 23 January 2023 by the Executive Director (Finance and Corporate Resources) was submitted on the position of the General Fund Capital Programme 2022/2023 for the period 1 April to 29 December 2022.

The revised General Fund Capital Programme for 2022/2023 totalled £78.272 million, as detailed in Appendix B to the report. This included new adjustments to the programme agreed by the Executive Committee on 1 February 2023, totalling £0.531 million and included additional funding for new projects as detailed in Appendix A to the report. Due to timing of the project spend, it was anticipated that this funding would slip into 2023/2024 and the net impact on the 2022/2023 Capital Programme would be nil.

In December 2022, the Scottish Government had revised the 2022/2023 General Capital Grant allocation to £32.074 million, which was an increase of £0.202 million, as detailed in Appendix D to the report. Due to the late notification of this additional funding, it was unlikely that any new projects would be designed and completed prior to the end of the financial year. Consequently, the additional allocation of £0.202 million would be used to fund the existing Capital Programme and reduce the Council's level of borrowing.

Work had been ongoing to clarify the predicted spend position for the General Services Capital Programme for 2022/2023 and current estimates from Resources suggested an outturn of £73 million. This would leave an underspend across Resources of £5.3 million against the revised budget of £78.272 million. This was made up of project underspends totalling £9.7 million offset by projects with greater than anticipated spend of £4.4 million.

The majority of variance was due to the timing of spend, resulting in budget being required in 2023/2024 rather than 2022/2023. The progression of a number of projects had been impacted by current market conditions which resulted in material shortfalls and longer lead in times. Those underspends had been partially offset by a few projects where there were budget overspends predicted in 2022/2023, such as Jackton Primary School and Oracle Fusion. Again, this was a timing issue and funding for the overall spend on those projects had already been identified into next year.

In addition, £0.150 million related to savings achieved on works completed within the Lanark Interchange Park and Ride project this financial year. This project had been funded by Strathclyde Partnership for Transport (SPT) and, therefore, the saving would be returned.

A list of the main projects which were responsible for the overall underspend of £9.7 million, and would now complete in 2023/2024, were detailed in Appendix E to the report.

The programme spend and funding for the General Fund was summarised in Appendix D of the report.

Budget for the period was £36.049 million and spend to 29 December 2022 was £37.238 million, an overspend of £1.189 million. Actual funding received to 29 December 2022 was £60.718 million.

The physical progress achieved with the General Fund Capital Programme 2022/2023 at 29 December 2022 was detailed in appendices F to H to the report.

The Forum decided: that the position on the General Fund Capital Programme as at 29 December 2022 be noted.

[Reference: Minutes of 8 December 2022 (Paragraph 3a) and Minutes of the Executive Committee of 1 February 2023 (Paragraph 4)]

3b Capital Budget Monitoring 2022/2023 – Housing Capital Programme

A report dated 23 January 2023 by the Executive Director (Finance and Corporate Resources) was submitted on the position of the Housing Capital Programme 2022/2023 for the period 1 April to 29 December 2022 (Period 10).

The revised Housing Capital Programme for 2022/2023 totalled £66.361 million. Budget for the period was £40.639 million and spend to 29 December 2022 was £40.525 million, which represented an underspend of £0.114 million, as detailed in Appendix A to the report. Actual funding received at 29 December 2022 was £40.525 million.

Current estimates from Housing and Technical Resources suggested an outturn of £66.361 million. However, it noted that there was potential for an underspend in the Housing Capital Programme due to the extreme weather experienced in December 2022, which meant that operatives were diverted away from capital investment to tackle urgent repairs.

The physical progress achieved with the Housing Capital Programme 2022/2023 at 29 December 2022 was detailed in Appendix B to the report.

The Council continued to experience material shortages, longer lead times and extraordinary inflationary price increases and it was anticipated that this would continue to impact the supply chain for the foreseeable future. The impact of this would continue to be monitored and updates provided to this Forum.

Any significant increases in contract values for the Housing Capital Programme would be brought to members' attention.

The Forum decided: that the position on the Housing Capital Programme as at

29 December 2022 be noted.

4 Revenue Budget Monitoring 2022/2023 and Probable Outturn

A report dated 20 January 2023 by the Executive Director (Finance and Corporate Resources) was submitted on the overall financial position of the Council's General Fund Revenue Account and the Housing Revenue Account for the period 1 April to 29 December 2022 (Period 10), along with a projection for the year to 31 March 2023.

The report and the associated appendices:-

- summarised the 2022/2023 probable outturn position for the Council's General Fund Revenue Account to 31 March 2023
- provided a summary of the outturn position, including details of proposed transfers to reserves
- provided details of the position on the General Fund Account and the Housing Revenue Account for the period 1 April to 29 December 2022 respectively
- detailed anticipated spend for the current year
- proposed funds to be transferred to reserves for future commitments required in the next financial year
- detailed the position after all transfers to reserves for known commitments
- provided the Housing Revenue Account position

The final outturn position, after transfers to reserves, resulted in an underspend of £4.696 million. This included new proposed transfers to reserves totalling £17.195 million as well as previously approved transfers of £17.420 million arising from the underspend in Loan Charges due to the timing of borrowing, increased deposit interest and the Loans Fund. It was proposed that the underspend of £4.696 million be considered to support the 2023/2024 Budget Strategy

The overall Resource position, which was a combined overspend of £0.335 million, included transfers to reserves totalling £8.405 million. It also included a breakeven position for Social Work Resources. In relation to Adults and Older People, the position included a £1.423 million commitment in respect of the element of the budget delegated to the Integration Joint Board (IJB). It was proposed that the IJB retain this non-recurring underspend in their reserves earmarked for future care costs.

There was a further underspend of £5.635 million relating to core Council funding passed to the IJB. In terms of the IJB financial regulations which entitled the Council to adjust its contributions in respect of such unplanned underspends, it was proposed that the underspend be retained by the Council to help cover the Children and Families' budget pressures into 2023/2024.

The budget for Corporate Items assumed a transfer from reserves of £5.700 million. This reflected the Council's contribution to the increased pay award for 2022/2023. It was proposed that this be funded by the retrospective benefit released by implementing new guidance on Accounting for Service Concessions.

At 29 December 2022, the figures showed the position on the General Fund Revenue Account after transfers to reserves, as net underspend of £0.092 million. The Housing Revenue Account showed a breakeven position and the forecast to 31 March 2023 on the Housing Revenue Account was also a breakeven position.

The Forum decided:

- (1) that including Resources, Corporate Items and Council Tax, and the proposed transfers to reserves, the Council's outturn underspend of £4.696 million, as detailed in section 4.2 of the report, be noted;
- (2) that the proposed transfers to reserves totalling £17.195 million, as detailed in section 4.2 of the report, be noted;
- (3) that the non-recurring underspend of £1.423 million in the delegated budget to the IJB be held in reserves for use in future years, as detailed in section 4.6 of the report, be noted;
- (4) that the proposal to include, within the transfer to reserves, the unplanned underspend in the current year of £5.635 million in the budget delegated to the IJB which would be retained by the Council to assist in managing pressures in Children and Families, as detailed in section 4.7 of the report, be noted;
- (5) that £5.700 million of the retrospective benefit released by the implementation of the guidance on Accounting for Service Concessions be used to support the increased 2022/2023 Pay Award, as detailed in section 4.10 of the report, be noted;
- (6) that the outturn underspend of £4.696 million be transferred to reserves to assist in the 2023/2024 Budget Strategy, as detailed in section 4.16 of the report, be noted;
- (7) that the underspend of £0.092 million on the General Fund Revenue Account at 29 December 2022, as detailed in section 5.1 of the report, be noted; and
- (8) that the breakeven position on the Housing Revenue Account at 29 December 2022, as detailed in section 6.1 of the report, and the forecast to 31 March 2023 of breakeven, as detailed in section 6.2 of the report, be noted.

noted.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 9 March 2023

Report by: Executive Director (Finance and Corporate Resources)

Subject: Capital Budget Monitoring 2022/2023 - General Fund

Capital Programme

1. Purpose of Report

1.1. The purpose of the report is to:

◆ update members of the Financial Resources Scrutiny Forum of progress on the Council's General Fund Capital Programme for the period covering 1 April 2022 to 27 January 2023.

2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation:
 - that the physical and financial progress of the 2022/2023 General Fund Capital Programme be noted.

3. Background

- 3.1. The Capital reports attached provide detail on the position as at 27 January 2023 from both a financial and physical perspective.
- 3.2. Appendices A to E show the financial position of the General Fund Capital Programme, with the physical progress detailed in Appendices F to H as they are split into Build, Non Build and Roads. Projects which were reported as behind programme last period have now been re-profiled based on the revised completion dates.

4. General Fund Capital Programme 2022/2023

- 4.1. **2022/23 Budget:** The revised programme for the General Fund is £78.396 million, as shown in Appendix B. This revised programme consists of the base budget plus carry forward projects and adjustments which have been agreed by the Executive Committee up to and including its meeting on 1 February 2023.
- 4.2. The total programme of £78.396 million includes new adjustments to the programme, which are detailed in Appendix A, which were approved by the Executive Committee on 1 March 2023. These adjustments total £0.124 million and mainly reflect additional funding for new Roads projects.
- 4.3. The programme spend for the General Fund is summarised in Appendix B with a full breakdown of expenditure across Services included in Appendix C.
- 4.4. Programmed funding for the year also totals £78.396 million. The funding available to support the programme is detailed in Appendix D.

- 4.5. **2022/2023 Outturn**: As reported last period, estimates from Resources suggest an outturn of around £73 million. Against the revised budget of £78.396 million this outturn means a net underspend across Resources of £5.3 million. This is made up of project underspends totalling £9.7 million offset by projects with greater than anticipated spend of £4.4 million. Work will continue in the coming weeks to monitor achievable levels of spend.
- 4.6. The majority of the variance is due to the timing of spend, resulting in budget required in 2023/2024 rather than 2022/2023. Funding for projects remaining underspend at the financial year-end will be carried forward to allow the projects to be completed in 2023/2024. Again, this is a timing issue only with funding for the overall spend on these projects already identified into next financial year.
- 4.7. A list of the main projects with anticipated underspends which are responsible for the overall underspend of £9.7 million, as detailed in section 4.5, and which will now complete in 2023/24 is included in Appendix E, along with their anticipated completion dates.
- 4.8. **Period 11 Position:** The programme spend and funding for the General Fund is summarised in Appendix D. As noted in 4.1, the total capital spending programme for the year is £78.396 million.
- 4.9. Appendix D also shows budget for the period of £38.915 million and spend to the 27 January 2023 of £39.540 million, an overspend of £0.625 million. This is mainly due to the timing of spend in relation to the Oracle Fusion project within Finance and Corporate Resources (£0.786m). This is offset by a number of smaller underspends across the rest of the Programme.
- 4.10. Actual funding received to 27 January 2023 is £68.848 million.
- 4.11. Relevant officers will continue to closely monitor the generation of all income including receipts.

5. Employee Implications

5.1. There are no employee implications as a result of this report.

6. Financial Implications

6.1. The financial implications are included in section 4 of this report.

7. Climate Change, Sustainability and Environmental Implications

7.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

8. Other Implications

- 8.1. The main risk associated with the Council's Capital Programme is an overspend. There are detailed project management plans prepared and the risk of overspend on each project is monitored through four weekly investment management meetings.
- 8.2. The Council continues to experience material shortages, longer lead times and extraordinary inflationary price increases and it is anticipated that this will continue to impact the supply chain for the foreseeable future. The impact of this will continue to be monitored through the four weekly investment management meetings. Further

updates will be reported in the coming months with any significant increases in contract values being brought to members' attention.

9. Equality Impact Assessment and Consultation Arrangements

- 9.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 9.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 9 March 2023

Report by: Executive Director (Finance and Corporate Resources)

Subject: Capital Budget Monitoring 2022/2023 - Housing Capital

Programme

1. Purpose of Report

1.1. The purpose of the report is to:

◆ update members of the Financial Resources Scrutiny Forum of progress on the Council's Housing Capital Programme for the period covering 1 April 2022 to 27 January 2023.

2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation:
 - (1) that the physical and financial progress of the Housing Capital Programme be noted.

3. Background

- 3.1. The Capital reports attached provide detail on the position as at 27 January 2023 from both a financial and physical perspective.
- 3.2. Appendix A shows the financial position of the Housing Capital Programme, with the physical progress detailed in Appendix B.

4. 2022/2023 Housing Capital Programme

- 4.1. **2022/2023 Budget**: The revised Housing Capital Programme for the year is £66.361 million reflecting changes to the programme approved by the Executive Committee on 24 August 2022. There have been no further changes to the budget since this meeting.
- 4.2. Programmed funding for the year also totals £66.361 million. The budget, along with a detailed breakdown of the funding sources is included in Appendix A to this report.
- 4.3. **2022/23 Outturn:** Current estimates from Housing and Technical Resources suggest there will be an underspend of £4.1 million within the Housing Capital Programme by the end of the financial year. This is due to a number of factors as advised last period, this is mainly due to the extreme weather experienced in December 2022, which caused flooding damage to a number of Council properties. As a result, operatives from Property Services were diverted away from capital investment to tackle urgent repairs.
- 4.4. In addition, environmental surveys on external fabric projects have required work to be paused due to the suspected presence of bats which, in turn, has delayed owner consultations. There has also been reduced owner uptake for external works. The Service has also experienced higher than normal volumes of no access for legislative works.

- 4.5. Work to monitor achievable spend will continue in the coming weeks. Funding for projects remaining underspend at the financial year-end will be carried forward to allow the projects to be completed in 2023/2024.
- 4.6. **Period 11 Position**: Budget for the period is £45.339 million and spend to 27 January 2023 amounts to £43.015 million (as shown in Appendix A), an underspend of £2.324 million and this mainly reflects the issues detailed in Sections 4.3 to 4.5 above.
- 4.7. As at 27 January 2023, £43.015 million of funding had been received.

5. Employee Implications

5.1. There are no employee implications as a result of this report.

6. Financial Implications

6.1. The financial implications are detailed in section 4 of this report.

7. Climate Change, Sustainability and Environmental Implications

7.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

8. Other Implications

- 8.1. The main risk associated with the Council's Capital Programme is an overspend. There are detailed project management plans prepared and the risk of overspend on each project is monitored through four weekly investment management meetings.
- 8.2. The Council continues to experience material shortages, longer lead times and extraordinary inflationary price increases and it is anticipated that this will continue to impact the supply chain for the foreseeable future. The impact of this will continue to be monitored through the four weekly investment management meetings. Further updates will be reported in the coming months with any significant increases in contract values being brought to members' attention.

9. Equality Impact Assessment and Consultation Arrangements

- 9.1. This report does not introduce a new policy, function or strategy or recommend a change to existing policy, function or strategy and therefore no impact assessment is required.
- 9.2. There was also no requirement to undertake any consultation in terms of the information contained in this report.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 9 March 2023

Report by: Executive Director (Finance and Corporate Resources)

Subject: Revenue Budget Monitoring 2022/2023 and Probable

Outturn

1. Purpose of Report

1.1. The purpose of the report is to:

♦ advise the Forum on the overall financial position of the Council's General Fund Revenue Account and Housing Revenue Account for the period 1 April 2022 to 27 January 2023.

2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation(s):
 - that it be noted that the Council's outturn position is break-even after transfers to reserves (section 4.2);
 - that the underspend position of £0.355 million on the General Fund Revenue Account as at 27 January 2023, after transfers to reserves (section 5.1), be noted; and
 - that the breakeven position on the Housing Revenue Account at 27 January 2023 and the forecast to 31 March 2023 of breakeven (sections 6.1 and 6.2), be noted.

3. Background

- 3.1. The Revenue reports attached provide detail on the most recent report considered at the Executive Committee on 1 March 2023.
- 3.2. This overview report will summarise the 2022/2023 Probable Outturn for the Council's General Fund Revenue Account to 31 March 2023, detailing the position before and after transfers to Reserves. Sections 5 and 6 provide the position on the General Fund Account and the Housing Revenue Account for the current period 1 April 2022 to 27 January 2023 respectively.

4. 2022/2023 General Services Probable Outturn

- 4.1. As reported previously, the 2022/2023 probable outturn position for the General Services presented an underspend of £4.696 million. This underspend was after previously approved transfers of £17.420 million earmarked for the Budget Strategy, and new proposed transfers to reserves totalling £17.195 million. It was proposed that the outturn underspend of £4.696 million be transferred to reserves to assist in the 2023/2024 Budget Strategy.
- 4.2. Full details of the transfers to reserves were included in the 1 February 2023 report to the Executive Committee. The new proposed transfers to Reserves and the use

of the £4.696 million underspend to assist in the 2023/2024 Budget Strategy, were approved at the Executive Committee (1 February 2023). The forecast position before and after Transfers to Reserves is shown in Appendices 1 and 2. The position presented in Appendix 2 includes the underspend of £4.696 million as a Transfer to Reserves. This results in a break-even position for the 2023/2024 Probable Outturn.

5. 2022/2023 General Services Monitoring Position

5.1. Financial Position as at 27 January 2023

As at 27 January 2023, the position on the General Services budget, after Transfers to Reserves, is an underspend of £0.355 million (Appendix 2).

5.2. This position is in line with the forecast position for the General Fund (section 4).

6. Housing Revenue Account Position

- 6.1. **Financial Position as at 27 January 2023:** Appendix 3 of the report shows a break-even position against the phased budget on the Housing Revenue Account. Levels of rent collection are regularly monitored by the Housing Services team and appropriate corrective action will be taken, as required.
- 6.2. **Probable Outturn Position:** Appendix 3 also shows the forecast position for the financial year, being a break-even position for the Housing Revenue Account.

7. Employee Implications

7.1. None.

8. Financial Implications

8.1. As detailed in sections 4 to 6 of the report.

9. Climate Change, Sustainability and Environmental Implications

9.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

10. Other Implications

- 10.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. Inflationary and budget pressures experienced this year increase the risk of overspend however this is mitigated going forward through provision of additional funds in next year's budget strategy, and through the one-off use of reserves in the current year.
- 10.2. The actual impact will continue to be reviewed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise position in this report ensures early warning for corrective action to be taken where appropriate.

11. Equality Impact Assessment and Consultation Arrangements

- 11.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 11.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

Variance Explanations

1. Employee Costs

The underspend is due to higher than anticipated staff turnover.

2. Property Costs

The net overspend reflects the current cost and volume of repairs and maintenance.

3. Administration Costs

A large element of this underspend is due to the demand led legal expenses and the underspend reflects the current level of activity.

4. Total Controllable Income

Rental income from council housing is higher than forecast due to favourable timing of new build and purchased units being available to rent.

5. Transfer to (from) Balance Sheet

The net combined overspend year to date requires for a higher than budgeted level of transfer to reserves.

Report to: Financial Resources Scrutiny Forum

Date of Meeting: 9 March 2023

Report by: Executive Director (Finance and Corporate Resources)

Subject: Revenue Budget Monitoring 2022/2023 - Detailed

Resource Analysis

1. Purpose of Report

1.1. The purpose of the report is to:

 update members of the Financial Resources Scrutiny Forum of progress on the Council's revenue budget for the period covering 1 April 2022 to 27 January 2023.

2. Recommendation(s)

- 2.1. The Forum is asked to approve the following recommendation(s):
 - that the 2022/2023 detailed financial analysis as at period 11 (27 January 2023) for each of the individual Resources, be noted.

3. Background

- 3.1. The individual reports attached provide detailed information on each of the Resource Revenue Budgets for 2022/2023 as at 27 January 2023. The detailed papers cover the General Services and also the Housing Revenue Account.
- 3.2. The following information is provided for each Resource and the Housing Revenue Account:
 - An Executive Summary showing the top-level position to date for each of the Services (as detailed in the Executive Committee Report) within the Resource and the Housing Revenue Account as at 27 January 2023 (Period 11).
 - Details of the most significant variances within the Resource and the Housing Revenue Account across Subjective headings and across Services as at 27 January 2023 (Period 11).
 - A line-by-line trend analysis of the total Resource expenditure and income across subjective headings as at 27 January 2023 (Period 11).
- 3.3. These are shown in Appendices A to F attached.

4. Employee Implications

4.1. None

5. Financial Implications

5.1. As detailed in each of the individual Resource papers.

6. Climate Change, Sustainability and Environmental Implications

6.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

7. Other Implications

7.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.

8. Equality Impact Assessment and Consultation Arrangements

- 8.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 8.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

Housing and Technical Resources - HRA Variance Analysis 2022/23 (Period 11)

| Subjective Head | Variance | Subjective line | Service / amount | Explanation |
|-----------------|------------------|---|------------------|---|
| Employee Costs | 245k under | APT&C - Basic / Overtime / Superannuation / National Insurance - 230k under | HRA | The variance relates to vacancies, which are being actively recruited or being held whilst service requirements are determined. |
| Property Costs | (2,715k) over | Repairs and Maintenance - Internal and External Contractor - (2,209k) over | HRA | The net overspend reflects the current demand for repairs and continuing high cost and volume of voids. The position includes a recharge for recovery of costs from chargeable services due to building services shortfall. |
| | | Housing - Rent Free Accommodation - (60k) over | HRA | The overspend reflects the volume of discretionary rent periods awarded during the year, which is demand led. |
| | | Housing - Rent W/O Unlet Periods - (130k) over | HRA | This budget is demand led and the overspend reflects the current pressure in void properties. |
| | | Electricity / Gas / Heating Oil / Solid Fuel – (173k) over | HRA | The overspend reflects the current demand and price. |
| | | Cleaning Contract - (80k) over | HRA | This overspend is due to inflationary price increases. |

| Subjective Head | Variance | Subjective line | Service / amount | Explanation |
|-------------------------|--------------------------|---|------------------|--|
| Administration Costs | 46k under | Legal Expenses - 41k under | HRA | This budget is demand led and the underspend reflects the lower than anticipated levels of eviction actions during the year. |
| Income | 2,442k over recovered | House Rents - 339k over recovered | HRA | The over recovery is due to the timing of new builds which completed ahead of the anticipated profiles. |
| | | Year End Transfer to the Balance Sheet – 2,103k over recovered | HRA | The budget assumes a level of transfer to reserves, however, due to the current net overspend across the service, mainly as a result of the aforementioned recovery of costs from chargeable services due to the building services shortfall, the drawdown from reserves will be higher than forecast. |

^{*} The underlined variances represent new variances since the last report.
