3 Education Scotland Report – Glenlee Primary School and Nursery Class, Hamilton

A report dated 23 September 2019 by the Executive Director (Education Resources) was submitted on the outcome of the inspection of Glenlee Primary School and Nursery Class, Hamilton made by Education Scotland.

The inspection had taken place in May 2019 as part of a national sample of primary education and the inspection letter reporting the findings had been published on 17 September 2019.

A number of particular strengths of the school had been identified in the inspection letter. The areas of improvement, agreed with the school and education authority, had been incorporated into the school's improvement plan and parents would be informed of progress. Education Scotland had indicated that they would make no further visits in connection with the inspection.

A Duff, Headteacher and G Maguire, Lead Officer, having spoken on key aspects of the report and responded to members' questions, were congratulated on the positive inspection report.

The Committee decided: that the report be noted.

Councillor Callaghan left the meeting after this item of business

Report to:	Hamilton Area Committee
Date of Meeting:	18 December 2019
Report by:	Executive Director (Education Resources)

Subject:	Education Scotland Report – St Peter’s Primary School, Hamilton
----------	------------------------------------------------------------------------

1. Purpose of Report

1.1. The purpose of the report is to:-

- ♦ advise of the outcome of the inspection of St Peter’s Primary School, Hamilton by Education Scotland inspectors

2. Recommendation(s)

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the Education Scotland Report on St Peter’s Primary School, Hamilton be noted.

3. Background

3.1. St Peter’s Primary School, Hamilton was inspected in September 2019 as part of a national sample of primary and early years’ education.

3.2. As part of the revised approach to inspection, the Education Scotland inspectors evaluated the learning, teaching and assessment and raising attainment and achievement under the short inspection model.

3.3. The inspection team analysed questionnaires issued to a sample of parents, pupils and to all staff. Inspectors observed class lessons and interviewed groups of pupils, including the pupil council and staff. Members of the inspection team also met parents and members of the local community.

3.4. The report by Education Scotland was published on 3 December 2019.

4. Findings of Education Scotland Inspectors

4.1. Education Scotland made comment under the following headings:-

- ♦ learning provision
- ♦ children’s successes and achievements

4.2. Education Scotland found that a positive supportive ethos was evident across the school and relationships amongst staff, pupils and families were strong. Within classes, staff and children were respectful and kind towards each other. Almost all children were enthusiastic about school and behave well in class. They commented positively about the learning environment, with it being stimulating and bright. Staff have a wide variety of resources available to them, including the support of class

assistants. A satisfactory attainment level of literacy and numeracy was identified throughout the visit.

4.3. The particular strengths of the school were identified as follows:-

- ◆ The headteacher has a clear understanding of the future direction of the school. She knows the children, staff and parents well. She is working with all staff to strengthen the school culture
- ◆ Children's emotional wellbeing and resilience are being supported through the positive ethos and relationships amongst staff, pupils and families
- ◆ Teachers provide a variety of activities for children who are happy, keen to learn and who enjoy coming to school

4.4. Education Scotland identified the following areas for continued improvement:-

- ◆ Across the school teachers need to develop and agree a shared understanding of what high quality learning and teaching looks like. This should form the basis of future discussions and school planning
- ◆ Children's voices and choices should be increased, particularly in relation to their learning. They should be more involved in choosing, planning and assessing their work to help them understand what and why they are learning
- ◆ All staff should focus on raising children's attainment and achievement. This should be central to all initiatives and activities. Children with additional needs should have clearer and more focused plans to help increase their rate of progress

4.5. As well as welcoming the strengths of the school, it should be noted that the areas for continued improvement have already been incorporated into the school's improvement plan. Progress on the identified areas for improvement will be shared with parents.

4.6. Education Scotland have intimated that they are confident that the school will be able to take forward the areas for improvement and will make no more visits in connection with this report. The local authority will inform parents about the school's progress as part of the authority's arrangements for reporting to parents on the quality of its schools.

4.7. The inspection report can also be accessed by clicking the following web link

5. Employee Implications

5.1. None.

6. Financial Implications

6.1. None.

7. Other Implications (Including Environmental and Risk Issues)

7.1. There are no direct risks associated with this report which is provided for information only.

7.2. There are no significant sustainability issues in connection with the recommendations contained within this report.

8. Equality Impact Assessment and Consultation Arrangements

8.1. There is no requirement to carry out an assessment in terms of the proposals contained within this report.

- 8.2. The content of Education Scotland reports are shared with parents and discussed at Parent Council meetings.

3 December 2019

Dear Parent/Carer

In September 2019, a team of inspectors from Education Scotland visited St Peter's Primary School. During our visit, we talked to parents/carers and children and worked closely with the headteacher and staff.

The inspection team found the following strengths in the school's work.

- The headteacher has a clear understanding of the future direction of the school. She knows the children, staff and parents well. She is working with all staff to strengthen the school culture.
- Children's emotional wellbeing and resilience are being supported through the positive ethos and relationships amongst staff, pupils and families.
- Teachers provide a variety of activities for children who are happy, keen to learn and who enjoy coming to school.

The following areas for improvement were identified and discussed with the headteacher and a representative from South Lanarkshire Council.

- Across the school, teachers need to develop and agree a shared understanding of what high quality learning and teaching looks like. This should form the basis of future discussions and school planning.
- Children's voices and choices should be increased, particularly in relation to their learning. They should be more involved in choosing, planning and assessing their work to help them understand what and why they are learning.
- All staff should focus on raising children's attainment and achievement. This should be central to all initiatives and activities. Children with additional needs should have clearer and more focused plans to help increase their rate of progress.

We gathered evidence to enable us to evaluate the school's work using quality indicators from [How good is our school? \(4th edition\)](#). Quality indicators help schools, local authorities and inspectors to judge what is working well and what needs to be improved. Following the inspection of each school, the Scottish Government gathers details of our evaluations to keep track of how well Scottish schools are doing.

Here are Education Scotland's evaluations for St Peter's Primary School

Quality indicators	Evaluation
Learning, teaching and assessment	satisfactory
Raising attainment and achievement	satisfactory
Descriptions of the evaluations are available from: How good is our school? (4th edition), Appendix 3: The six-point scale	

A more detailed document called Summarised Inspection Findings (SIF) will be available on the Education Scotland website at:

<https://education.gov.scot/education-scotland/inspection-reports/reports-page/?id=4746>

What happens next?

We are confident that the school has the capacity to continue to improve and so we will make no more visits in connection with this inspection. South Lanarkshire Council will inform parents/carers about the school's progress as part of its arrangements for reporting on the quality of its schools.

Ann Floyd
HM Inspector

Report to:	Hamilton Area Committee
Date of Meeting:	18 December 2019
Report by:	Executive Director (Community and Enterprise Resources)

Subject:	Roads Investment Plan - Progress Report
----------	------------------------------------------------

1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ set out progress with roads investment activity in the Hamilton Area Committee area

2. Recommendation(s)

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the progress in roads investment activity in 2019/2020 be noted.

3. Background

3.1. It is recognised there is a need to report progress on key priorities to the relevant Area Committee. Given that the original Roads Investment Plan 2008/2019 represented a total investment of £126 million, it was clearly a key Council initiative. Consequently, this report provides the Committee with an update on progress in the Hamilton Area Committee area in the first year after the end of the initial roads' investment period.

3.2. The condition of roads and pavements continues to be a significant concern for members of the public. The South Lanarkshire Household Survey of 2010 recorded a public satisfaction rating of only 18.6% with regard to the condition of roads and footways highlighting the need to continue the investment programme. A further independent survey in 2013 recorded a satisfaction rating of 24.7% for road conditions. The most recent Household Survey in 2014 identified some further progress with satisfaction levels increasing to 29%. However, this remained the lowest rating of any Council Service and it is clear that while good progress has been achieved, much work remains to be done.

3.3. The initial Roads Investment Plan ended in March 2019, with a further £11 million of capital "steady state" funding subsequently being committed for the current year. The Council's approved Capital Strategy commits to continuation of funding at "steady state" levels.

4. Improving the Road Network

4.1. The road network is the highest value asset owned by the Council, worth over £3 billion. With this in mind, the Council Plan identifies improvements to the road network as one of the Council's key objectives/priorities.

- 4.2. The total value of the works over the 12 years since 2008 is £137 million and was phased as follows:-

Year	£m per annum	Total
2008 - 2009	£6 million	£6 million
2009 - 2010	£12 million	£18 million
2010 – 2011	£12 million	£30 million
2011 - 2012	£12 million	£42 million
2012 – 2013	£12 million	£54 million
2013 – 2014	£12 million	£66 million
2014 - 2015	£12 million	£78 million
2015 - 2016	£12 million	£90 million
2016 – 2017	£12 million	£102 million
2017 – 2018	£12 million	£114 million
2018 - 2019	£12 million	£126 million
2019 - 2020	£11 million	£137 million

5. Priorities

- 5.1. Each carriageway and footway scheme identified for improvement is scored using the criteria listed below. The schemes are then ranked in order of priority to ensure those requiring attention and providing the greatest benefit are included in a programme at the earliest possible date. From 2019/2020 onwards this has been done on a Council-wide basis rather than defined budget splits for each Area Committee area.
- 5.2. This ensures priorities of greatest need across the Council area are addressed.

Carriageway Scoring System			
	Criteria	Max Score	Score
1	Condition	70	70
2	Maintenance Category	30	30
Maximum Total			100

Footway/Footpath Scoring System				
	Criteria	Max Score	Weighting	Score
1	Condition	10	5	50
2	Importance/Accessibility	5	2	10
3	Claims/Defect Reports	10	2	20
4	Assistance to Other Priorities	10	2	20
Maximum Total				100

- 5.3. This approach of treating the worst roads first is also being increasingly complemented by an “asset management” approach whereby relatively low cost interventions, such as surface dressing, are being used to seal existing road surfaces, improve skid resistance and generally prolong the life of the road.
- 5.4. Such an approach represents good value for money and a long-term outlook. However, it can generate comments that “better” roads are being treated before those which are “worse”.

6. Progress to Date – 2019/2020

- 6.1. To 12 November 2019, in total 135 schemes have been completed throughout South Lanarkshire, including 31 in Hamilton. The remaining 4 in Hamilton are either in progress or programmed to be completed by March 2020 as shown below:-

Carriageway Schemes						
	No. of Schemes	Completed	In Progress	Programmed	To be programmed	% Complete
SLC	156	128	6	21	1	82.05
Hamilton	30	27	1	2	0	90.0

Footway Schemes						
	No. of Schemes	Completed	In Progress	Programmed	To be programmed	% Complete
SLC	14	7	3	4	0	50.0
Hamilton	5	4	1	0	0	80.0

- 6.2. The schemes in the Hamilton Area for 2019/2020 are listed in Appendix 1.
- 6.3. The condition of roads is monitored nationally via the Scottish Road Maintenance Condition Survey (SRMCS). South Lanarkshire Council's results for 2018/2019 (the most recent results available) show the Council is now 9th of the 32 Councils in terms of the condition of its road network.
- 6.4. The road condition index shows a long-term trend of improvement as shown in Appendix 2. However, it should be recognised that significant works still have to be undertaken on minor and residential roads, including footways, to bring them up to a reasonable standard.

7. Employee Implications

- 7.1. None.

8. Financial Implications

- 8.1. Works are being funded via approved budgets. Carriageway condition is improving as a result of the significant investment. However, additional investment in both carriageway and footways will be required beyond 2020 if progress is to be maintained and recent improvements protected.

9. Other Implications (Including Environmental and Risk Issues)

- 9.1. Continuing to progress this investment programme will reduce the risk of third party claims and improve public satisfaction with regard to road and footway conditions.
- 9.2. There are no implications for sustainability in terms of the information contained in this report.

10. Equality Impact Assessment and Consultation Arrangements

- 10.1. The Roads Investment Plan will improve road and footway conditions for all sections of the community.
- 10.2. There was no requirement to undertake an equality impact assessment or consultation in terms of the content of this report.

3. Background

- 3.1. The Council operates a community grants scheme to support local constituted community groups and voluntary organisations. Applications are invited throughout the financial year.
- 3.2. All applications require to be supported by a constitution, audited accounts or annual income and expenditure accounts, a bank statement, and confirmation that the group/organisation will adhere to the conditions of the grant award.

4. Employee Implications

- 4.1. None.

5. Financial Implications

- 5.1. The current position of the community grant allocation for the Hamilton Area in 2019/2020 is as follows:-

Total allocation for Community Grants	£25,750
Grants previously allocated	£16,460
Community Grants recommended in this report	£2,450
Remaining balance	£6,840

6. Other Implications

- 6.1. The risk to the Council is that grant funding is not utilised for the purpose for which it was intended. This risk is mitigated by internal controls including audit procedures and a conditions of grant agreement.
- 6.2. There are no apparent implications in terms of sustainable development.

7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 7.2. All the necessary consultation with the community groups has taken place.
