2. Recommendation(s)

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the action taken, in terms of Standing Order No 36(c) by the Executive Director (Finance and Corporate Resources), in consultation with the Chair and an ex officio member, to approve the issue of a Special Safety Certificate for the North and West Stands, HAFC Stadium Limited, Foys Stadium, Cadzow Avenue, Hamilton for the purpose of holding a fireworks event on 5 November 2021, subject to the completion of a satisfactory site inspection, be noted.

3. Background

- 3.1. In terms of the Fire Safety and Safety of Places of Sport Act 1987, a General Safety Certificate is required for a stand at a sports ground which can accommodate at least 500 spectators under cover to view the activities at the ground. A stand which falls within this classification is referred to as a “regulated stand”.
- 3.2. The Foys Stadium had previously been identified as a sports ground with regulated stands and the current General Safety Certificate for the North and West Stands came into force on 15 October 2021. The General Safety Certificate listed primary and ancillary activities to which spectators could be admitted, however, events involving other activities required the issue of a Special Safety Certificate.

4. Application for Special Safety Certificate

- 4.1. An application for a Special Safety Certificate had been received from HAFC Stadium Limited to hold a fireworks event on 5 November 2021.

- 4.2. The maximum number of persons to be admitted to the event, as specified in the Special Safety Certificate, was 4,900 (maximum persons in North Stand was 2,246 / West Stand was 3,288). The specified capacity for the event had been within the maximum capacity for the Foy's Stadium of 5,000 spectators, in terms of The Health Protection (Coronavirus) (Requirements) (Scotland) Regulations 2021, as confirmed by the Council in its letter dated 14 October 2021.
- 4.3. No modifications had been made to the North or West Stands for the purposes of the fireworks event. A number of adaptations, including the set-up of an amusement area, had been detailed in the Special Safety Certificate.
- 4.4. As the Special Safety Certificate was required to be issued prior to the event, the Executive Director (Finance and Corporate Resources), in consultation with the Chair and an ex officio member, approved the issue of the Special Safety Certificate for the North and West Stands, HAFC Stadium Limited, Foy's Stadium, Cadzow Avenue, Hamilton, for the purpose of holding a fireworks event on 5 November 2021, subject to the completion of a satisfactory site inspection.
- 4.5. A site inspection, attended by representatives of the South Lanarkshire Sports Grounds Safety Advisory Group, had subsequently taken place on 5 November 2021 to ensure that:-
- ◆ the organisers had completed the pre-event and event day checklists
 - ◆ the site had been set up as per the Event Plan
- 4.6. The representatives present at the site inspection had been satisfied with the event arrangements and the Special Safety Certificate had been issued prior to the admission of spectators.

5. Employee Implications

- 5.1. None.

6. Financial Implications

- 6.1. The Council is authorised by regulations to charge fees for work reasonably done as a result of an application for the issue, amendment, replacement, transfer or cancellation of a safety certificate.

7. Climate Change, Sustainability and Environmental Implications

- 7.1. There are no climate change, sustainability or environmental implications arising from the information presented in this report.

8. Other Implications

- 8.1. There is a risk to the Council as the body responsible for administering safety certificates for sports grounds that any incident involving public safety where proper guidelines have not been followed could damage the Council's reputation. This risk is mitigated by the requirements and conditions contained within the General Safety Certificate on ground management to implement measures within the Guide to Safety at Sports Grounds (sixth edition) to ensure the reasonable safety of spectators. The requirements of the General Safety Certificate for the North and West Stands also applied to the fireworks event.
- 8.2. Annual inspection and annual match day inspections are carried out at the Foy's Stadium which include checks of safety procedures, physical inspections of the Stands and checks of inspection and test certificates of various installations and equipment.

8.3. In addition, relevant risk assessments specific to the fireworks event, including the identification of foreseeable hazards, evaluation of the risks associated with them, and mitigating measures to reduce the risks to an appropriate level, were undertaken and used to help develop the Event Plan, a copy of which was required to be kept with the Special Safety Certificate.

8.4. As detailed at paragraphs 4.5 and 4.6, a site inspection was also undertaken prior to the event.

9. Equality Impact Assessment and Consultation Arrangements

9.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and, therefore, no impact assessment is required.
