

# Report

Report to:	<b>Executive Committee</b>
Date of Meeting:	<b>29 May 2019</b>
Report by:	<b>Executive Director (Community and Enterprise Resources)</b>

Subject:	<b>Strategic Environmental Assessment Progress Report</b>
----------	---

## 1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ inform the Committee of the progress in carrying out Strategic Environmental Assessments (SEA) on the Council's policies, plans, programmes and strategies

## 2. Recommendations

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the statutory requirement for SEA to inform the development of Council led policies, plans, programmes and strategies be noted; and
- (2) that progress in conducting SEAs within the Council be noted.

## 3. Background

- 3.1. The Environmental Assessment (Scotland) Act 2005 requires the Council as a 'Responsible Authority' to carry out a Strategic Environmental Assessment of all its policies, plans, programmes and strategies (plans).
- 3.2. The SEA process helps to integrate environmental considerations into the preparation and adoption of plans. The SEA is carried out in a staged process alongside the preparation of the proposed plan. Throughout the process, the plan can be adjusted to mitigate negative, or enhance beneficial, environmental effects.
- 3.3. SEAs help to promote the Council's commitment to sustainability and are a key priority within the Sustainable Development and Climate Change Strategy. The Corporate SEA Working Group continues to meet regularly to oversee the progression of SEAs across the Council. Its remit also includes development and mainstreaming of employee knowledge and understanding of the SEA process and development of the skills needed to undertake assessments. The Group is chaired by the Planning Officer (SEA).
- 3.4. The SEA process is further supported by the publication of the biennial South Lanarkshire State of the Environment Report which provides the baseline environmental data. The 2017 edition of this report was approved by the Executive Committee in May 2018. Work on the 2019 edition is in progress.

- 3.5. As part of the SEA process, the Council is also required to formally consult with the statutory Consultation Authorities (Historic Environment Scotland, Scotland Environment Protection Agency and Scottish Natural Heritage). This is facilitated by the Scottish Government's SEA Gateway.
- 3.6. In March 2009, the Executive Committee delegated authority to the Chief Executive to make determinations on whether a Council led plan is exempt from SEA or if a full SEA would be carried out. These determinations are collated by the SEA Gateway and issued to the statutory Consultation Authorities for consultation and agreement. This process is facilitated within the Council by the Planning Officer (SEA).

#### **4. Progress in carrying out SEAs**

- 4.1. The Council has a statutory duty to consider and carry out an SEA for all its policies, plans, programmes and strategies as they are being developed or refreshed. During 2018/2019, a wide range of Council led plans were subject to SEA.
- 4.2. The SEA Act requires the Council to assess whether plans are within the scope of the legislation and whether SEA is required. This can be considered through either Pre-screening or Screening.
- 4.3. Twelve assessments of plans were completed at the Pre-screening stage. At this stage, the Council informed the Scottish Government's SEA Gateway of their opinion that these plans were exempt from SEA as their implementation would have no or minimal effect on the environment. These are detailed in Table 1.

**Table 1: Pre-screening completions 2018/2019**

<b>Lead Resource</b>	<b>Plans</b>
Community and Enterprise	Park and Ride Strategy
	New Lanark World Heritage Site Management Plan
	Food Growing Strategy
	Ayrshire and South Lanarkshire Timber Transport Strategy
Finance and Corporate	British Sign Language Plan
	Gaelic Language Plan
Housing and Technical	Housing Repairs Policy
	Customer Involvement Strategy
	Rapid Rehousing Transition Plan for Homelessness
	Housing Allocation Policy
Social Work	Carers Strategy
	Strategic Commissioning Plan

- 4.4. No plans were subject to Screening during 2017/2018.
- 4.5. Four plans are currently subject to full SEA and Environmental Reports are being progressed for them. Details of these plans are set out in Table 2.

**Table 2: Plans at Environmental Report Stage, March 2019**

<b>Lead Resource</b>	<b>Plans</b>
Community and Enterprise	Air Quality Strategy
	Contaminated Land Strategy
	Invasive Species Strategy
	Local Development Plan 2

- 4.6. The final stage of the SEA process is the preparation and submission of a Post Adoption Statement to the SEA Gateway. In 2018/2019, both the South Lanarkshire Biodiversity Strategy and the Council's Biodiversity Duty Implementation Plan were approved by the Executive Committee and a Post Adoption Statement was prepared and submitted to the SEA Gateway in December 2018.
- 4.7. During 2018/2019, work on translating the State of the Environment Report to Glow, the digital learning platform, was progressed. This initiative, the first of its kind in Scotland, is now available as a teaching resource in our schools. The Glow site will assist teachers in planning relevant classroom lessons, and also contains a useful 'who's who' element which will facilitate improved collaboration between schools and officers with regards to environmental matters.
- 4.8. The Strategic Environmental Assessment work continues to promote the protection and enhancement of the South Lanarkshire environment for our people and communities.
- 5. Employee Implications**
- 5.1. None.
- 6. Financial Implications**
- 6.1. None.
- 7. Other Implications**
- 7.1. Failure to make a formal determination in relation to a plan could result in the SEA process having to be restarted leading to a delay in the development of the plan. Council actions in relation to SEA are also open to legal challenge and it is, therefore, important to ensure compliance with the legislation.
- 8. Equality Impact Assessment and Consultation Arrangements**
- 8.1. This report does not introduce a new policy, function or strategy or recommend a significant change to an existing policy, function or strategy and, therefore, no impact assessment is required. The report is for information only and consultation on its contents is not required.
