

# Report

Report to:	<b>East Kilbride Area Committee</b>
Date of Meeting:	<b>11 May 2005</b>
Report by:	<b>Executive Director (Enterprise Resources)</b>

Application No	EK/05/0035
Planning Proposal:	Demolition of existing dwelling and erection of children's nursery

## 1 Summary Application Information

- Application Type : Detailed Planning Application
- Applicant : Mr & Mrs S Gibb
- Location : 7 Townhead Street  
Glassford

## 2 Recommendation(s)

2.1 The Committee is asked to approve the following recommendation(s):-

- (1) Grant Detailed Planning Permission (Subject to Conditions – based upon the conditions attached)

## 2.2 Other Actions/Notes

The Area Committee has delegated powers to determine the application

## 3 Other Information

- ◆ Applicant's Agent: Campbell & Morris Associates
- ◆ Council Area/Ward: 31 Avondale North
- ◆ Policy Reference(s): Policies ENV8 and SLP6 of the adopted East Kilbride and District Local Plan

◆ Representation(s): None

◆ Consultation(s):

Roads and Transportation Services (East Kilbride)

Scottish Water

Environmental Services

S.E.P.A. (West Region)

TRANSCO (Plant Location)

# Planning Application Report

## 1 Application Site

- 1.1 The application relates to a site on the corner of Station Road and Townhead Street in Glassford. The site is currently occupied by a single storey derelict cottage and associated farm outbuildings. The site is bounded to the north by the land currently being developed for housing by Persimmon Homes.

## 2 Proposal

- 2.1 The applicant intends to demolish the existing building and erect a children's nursery. The proposed building will consist of a single storey wing fronting Townhead Street with a 1 ½ storey wing to the rear. The building will be finished externally in slate effect roof tiles, timber framed windows, white render with sections of timber cladding and buff blocks.
- 2.2 Internally the building will provide four separate areas for children of different ages, kitchen and toilet facilities and staff accommodation. Ten parking spaces will be provided within the site. The applicants have indicated that they will operate a minibus pick up and drop off service for children using the nursery.

## 3 Background

- 3.1 The application site is located within the Glassford Conservation Area. The proposal can be assessed against Policy ENV8 (Conservation Areas) and Policy SLP6 (Development Control – General) of the East Kilbride and District Local Plan. Policy ENV8 relates to Conservation Areas and states that the Council will presume against all development which fails to ensure that the character and appearance of the conservation area is enhanced or preserved. Policy SLP6 states that all planning applications should take into account the local context. A full discussion of the proposal against these policies is contained in Section 6.0 below.

## 4 Consultations

- 4.1 **SLC Roads and Transportation Services** raised no objections subject to conditions relating to footpaths and visibility splays.  
**Response:** Noted. The applicant has agreed to amend the footpath detail to accommodate Roads and Transportation's comments and conditions will be attached to this effect. (Conditions 8,9,10,11 and 12)
- 4.2 **SLC Environmental Services** raised no objections.  
**Response:** Noted.
- 4.3 **Scottish Water** raised no objections.  
**Response:** Noted. The applicant will require to make further application to Scottish Water for a sewer connection. A condition requiring the provision of a satisfactory sewerage scheme will be attached. (Condition No.14)
- 4.4 **SEPA** raised no objections subject to conditions.  
**Response:** Noted. Conditions will be attached to any consent issued. (Condition No.15)
- 4.5 **TRANSCO** raised no objections to the proposal.

**Response:** Noted.

## **5 Representation**

- 5.1 Following statutory neighbour notification, no letters of representation were received.

## **6 Assessment and Conclusions**

- 6.1 The applicant intends to demolish the existing building located on the site and erect a children's nursery. The nursery would be of a modern design but would be constructed in traditional materials.
- 6.2 The proposal can be assessed against the policies contained within the adopted East Kilbride and District Local Plan. The site is located within the Conservation Area and therefore Policy ENV8- Conservation Areas would apply. Policy ENV8 states that the Council will strictly control and will presume against all development that fails to ensure that the character and appearance of the Conservation Area would be preserved or enhanced. The existing building is in a considerable state of disrepair and the applicant has submitted a statement justifying its demolition on the grounds that it cannot be converted or refurbished. The guidance issued by Historic Scotland states that demolition of unlisted buildings in Conservation Areas may be appropriate where the structural condition of the building rules out its retention at reasonable cost. I am satisfied that this is the case with the existing building at 7 Townhead Street. In terms of a replacement building, Historic Scotland's guidance states that where the property to be demolished does not form part of a unified street block, the replacement building does not have to be a replica of the one proposed for demolition. Again I am satisfied that this is the case.
- 6.3 Policy SLP6 relates to development control in general and states that all new developments should aim to enhance the quality and appearance of the local environment. Whilst the design of the building does not replicate the traditional buildings within the Conservation Area, the materials proposed reflect the surroundings and are appropriate to the Conservation Area. I am satisfied therefore that the replacement building is of an acceptable design. The use of the site for a children's nursery is appropriate in terms of the local plan designation. The site is identified as residential however uses such as children's nurseries would be appropriate in these areas.
- 6.4 In terms of consultation responses, no adverse comments were received. The applicant has amended the scheme slightly to reflect comments from SLC Roads and Transportation Services. No objections were received in respect of the application.
- 6.5 Given the above, I would raise no objections to the proposal and therefore recommend that planning permission is granted.

**Iain Urquhart**  
**Executive Director (Enterprise Resources)**

**CONDITIONS**

- 1 That the development hereby permitted shall be started within five years of the date of this permission.
- 2 That the development shall be carried out strictly in accordance with the plans hereby approved and no change to the design or external finishes shall take place without the prior written approval of the Council as Planning Authority.
- 3 That before any development commences on site or before any materials are ordered or brought to the site, details and samples of all materials to be used as external finishes on the development shall be submitted to and approved by the Council as Planning Authority.
- 4 All external colours shall be agreed in writing with the Council as Planning Authority prior to the commencement of works.
- 5 That before development starts, full details of the design and location of all fences and walls, including any retaining walls, to be erected on the site shall be submitted to and approved by the Council as Planning Authority.
- 6 That before the development hereby permitted is occupied or brought into use, all the fences or walls for which the permission of the Council as Planning Authority has been obtained under the terms of Condition No.5 above, shall be erected and thereafter maintained to the satisfaction of the Council.
- 7 That notwithstanding the provisions of the Town and Country Planning (Control of Advertisements)(Scotland) Regulations 1984, no fascia signs, adverts or projecting signs shall be erected on the premises without the prior written consent of the Council as Planning Authority.
- 8 That before the nursery hereby approved is completed or brought into use, the new vehicular access so far as it lies within the boundaries of the road abutting the site, shall be constructed in accordance with the specification and to the satisfaction of the Council as Roads and Planning Authority.
- 9 That before the nursery hereby approved is completed or brought into use, a dropped kerb access to the site shall be constructed in accordance with the specification and to the satisfaction of the Council as Roads and Planning Authority.

- 10 That before the development hereby approved is completed or brought into use, a minimum two metre wide footway shall be constructed along the frontage of the site to the specification and satisfaction of the Council as Roads and Planning Authority.
- 11 That before the nursery hereby approved is completed or brought into use, all of the parking spaces shown on the approved plans shall be laid out and constructed to the satisfaction of the Council as Roads and Planning Authority and thereafter shall be maintained to the entire satisfaction of the Council.
- 12 The surface of the access shall be so trapped and finished in hardstanding as to prevent any surface water or deleterious material from running onto or entering the highway.
- 13 That the developer shall arrange for any alteration, deviation or reinstatement of statutory undertakers apparatus necessitated by this proposal all at his or her own expense.
- 14 That no part of the development shall be occupied until the site is served by a sewerage scheme constructed to the specification and satisfaction of Scottish Water as Sewerage Authority.
- 15 That no development shall commence until details of surface water drainage arrangements have been submitted to and approved in writing by the Council as Planning Authority; such drainage arrangements will require to comply with the principles of sustainable urban drainage systems.

## REASONS

- 1 To accord with the provisions of the Town and Country Planning (Scotland) Act 1997.
- 2 In the interests of amenity and in order to retain effective planning control.
- 3 In the interests of amenity and in order to retain effective planning control.
- 4 In the interests of amenity and in order to retain effective planning control.
- 5 These details have not been submitted or approved.
- 6 In the interests of amenity and in order to retain effective planning control.
- 7 To safeguard the amenity of the area.
- 8 In the interest of public safety
- 9 In the interest of public safety
- 10 In the interest of public safety
- 11 To ensure the provision of adequate parking facilities within the site.
- 12 In the interest of public safety
- 13 In order to retain effective planning control
- 14 To ensure the provision of a satisfactory sewerage system
- 15 To ensure that the disposal of surface water from the site is dealt with in a safe and sustainable manner, to return it to the natural water cycle with minimal adverse impact on people and the environment and to alleviate the potential for off-site flooding.
