

# Report

Report to:	<b>Community and Enterprise Resources Committee</b>
Date of Meeting:	<b>19 March 2019</b>
Report by:	<b>Executive Director (Finance and Corporate Resources) Executive Director (Community and Enterprise Resources)</b>

Subject:	<b>Community and Enterprise Resources - Revenue Budget Monitoring 2018/2019</b>
----------	---

## 1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ provide information on the actual expenditure measured against the revenue budget for the period 1 April 2018 to 1 February 2019 for Community and Enterprise Resources
- ◆ provide a forecast for the year to 31 March 2019.

## 2. Recommendation(s)

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the forecast to 31 March 2019 of an underspend of £0.730m before transfers to reserves, as detailed in Appendix A of the report, and the forecast after transfers to reserves of £0.333m, be noted;
- (2) that an underspend of £1.026m as at 1 February 2019, as detailed in Appendix A of the report, and the underspend of £0.629m, after transfers to reserves, be noted;
- (3) that the use of the projected underspend to support the under recovery in the targeted surplus within the Resources' Trading Operations resulting in an overspend of £0.508 million for the Resource be noted; and
- (4) that the proposed budget virements, as detailed in appendices B to F of the report, be approved.

## 3. Background

3.1. This is the fourth revenue budget monitoring report presented to the Community and Enterprise Resources Committee for the financial year 2018/2019.

3.2. The Resource has completed its formal probable outturn exercise for the year. This exercise identifies the expected spend to the 31 March 2019. Details are included in section 5.

3.3. The report details the financial position for Community and Enterprise Resources in appendix A and the individual services' reports in appendices B to F, including variance explanation.

## 4. Employee Implications

4.1. None

## 5. Financial Implications

- 5.1. **Probable Outturn:** Following the Council's formal Probable Outturn exercise, the Resource position before any transfers to reserves is an underspend of £0.730 million.
- 5.2. The Resource is proposing transfers to reserves totalling £0.397 million. These have been approved by Executive Committee on 13 February 2019, and take the reported position **after transfers** to reserves to an underspend of £0.333 million. The underspend will be used to support the under recovery in the targeted surplus within Fleet Trading Operation of (£0.816) million and Roads Trading (£0.025) resulting in an overspend of £0.508 million for the Resource. The transfers and the overall position are detailed in Appendix A.
- 5.3. As reported at the last committee, the outturn position includes legal costs associated with compensation paid for the court case on food safety (£0.254m) and financial pressures within SLL&C (£0.400m). This will continue to be monitored over the remainder of the financial year.
- 5.4. **Position as 1 February 2019:** Appendix A shows the position as at 1 February 2019, being a £1.026 million underspend against the phased budget. This is the position **before** transfers to reserves. For detailed variance explanations of the underspend, please refer to Appendices B to F. The underspend is currently being used to support the under recovery against the targeted surplus within Fleet Trading of (£0.797) million and Roads Trading (£0.023) million.
- 5.5. The Resource position as at 1 February 2019 **after** transfers to reserves are taken into account, is an underspend of £0.629 million. The position as at 1 February does not take into account the potential financial pressure within South Lanarkshire Leisure and Culture, however this has been reflected in the Resource's outturn forecast for the year.
- 5.6. The Resource position as at 1 February 2019 as outlined in Appendix A reflects transfers to reserves, as detailed in Appendices B to F.
- 5.7. Virements are proposed to realign budgets across budget categories and with other Resources. These movements are detailed in appendices B to F of this report.

## 6. Other Implications

- 6.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.
- 6.2. There are no implications for sustainability in terms of the information contained in this report.

## 7. Equality Impact Assessment and Consultation Arrangements

- 7.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.

7.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

**Variance Explanations**

- The underspend is mainly due to vacancies within the service due to turnover and timing of recruitment, partially offset by overtime costs.
- The overspend relates to rates associated with a former civic amenity site, Muttonhole Road.
- The overspend is mainly due to a higher level of bin purchases than budgeted within Waste Services and the purchase of catering and cleaning equipment within Facilities.
- The underspend relates to leasing costs being less than budget within Streets, partially offset by higher than budgeted vehicle maintenance and fuel costs within Waste, plant repairs, return conditions and fuel within Grounds..
- The overspend is mainly due to the printing of Recycling/Blue Bin Campaign Flyers and medical costs being higher than budgeted.
- The overspend is mainly due to the additional service requests which are capital in nature within Grounds. This is offset by an over recovery of Income.
- The over recovery of income relates to the sale of bins, scrap and clearances being greater than budget within Waste Services and additional service requests of a capital nature within Grounds. These over recoveries are partially offset by lower than budgeted cash income from school meals and service movements mainly within the Concierge service.

**Budget Virements**

- Transfer from reserves in respect of commitment for St Kentigerns (Grounds); Waste Disposal, vehicle repair (Waste) and Food Development Officer (Support). Net Effect £1.041.m: Employee Costs £0.020m, Property Costs £0.004m, Transport and Plant £0.022m, Payment to Contractor £0.995m.
- Transfer budget to Education in respect of ASN transport staffing from Support. Net Effect (£0.000m): Employee Costs (£0.069m), Income £0.069m.
- Realignment of budgets to reflect service delivery. Net effect £0.000m: Employee Costs (£0.202m), Supplies & Services (£0.028m), Payment to Contractor £0.070m, Income £0.160m.

**Transfers to Reserves (£0.285m):**

- New initiative in Lanark - Comfort Scheme (£0.010m)
- Provision for new catering cashless system (£0.175m)
- Crematorium Sinking Fund (£0.050m)
- New Shelter for Crematorium (£0.050m)

**Variance Explanations**

1. This underspend is mainly due to vacancies within the service and timing of recruitment.
2. This overspend is mainly due to compensation costs in respect of the food safety court case.
3. The overspend is due to the cost of clinical waste, which is demand led, offset by an over recovery of income and by an under spend within Projects for property related works.
4. The underspend is mainly due to income recovered from Housing & Technical Resources for the removal of clinical waste.

**Budget Virements**

- a. Realignment of budgets to reflect service delivery (Projects). Net effect £0.000m: Supplies & Services £0.039m, Administration (£0.0010m), Payment to Contractor (£0.029m).

**Transfers to Reserves (£0.052m):**

- i. Upgrade of Environmental Flare System (£0.052m)

<b>Position After Transfers to Reserves (as at 01/02/19)</b>					<b>18,124</b>	<b>18,085</b>	<b>39</b>	<b>under</b>	<b>0.2%</b>

**Variance Explanations**

- The underspend is due to lower than anticipated service charge for East Kilbride ice rink and other property costs.

**Budget Virements**

No budget virements.

**Variance Explanations**

1. This underspend reflects the timing of staff recruitment and vacancies.
2. This over spend relates to bad debt write off for irrecoverable costs.
3. The over spend is mainly due to increased security costs for Christmas switch on events.
4. The over recovery reflects income from building warrants as a result of increased fees.

**Budget Virements**

- a. Creation of temporary budget to support restoration costs at Brokencross and Mainhill. Net effect: £0.000m: Payment to Contractors £1.640m, Income (£1.640m)

**Variance Explanations**

1. This under spend mainly relates to employee turnover within the service.
2. This over spend mainly relates to price increases for electrical power within street lighting.
3. The over spend is due to hire costs for gritters and is offset by an underspend in payment to contractors (see Note 5 below)
4. The over spend is mainly due to weather forecasting costs, which are partially offset by an over recovery of income.
5. The under spend is offset by an overspend in hire costs for gritters within Transport & Plant (see Note 3 above).
6. The over recovery is the net effect of greater income recovered from other Councils in respect of recovery of weather forecasting costs partially offset by reduced income from car parks.

**Budget Virements**

- a. Creation of temporary budget to support Carriageway Repairs funded from Roads Construction Consent income. Net Effect £0.000m: Payment to Contractors £0.600m, Income (£0.600m).
- b. Transfer from reserves to support carriageway repairs. Net Effect £0.200m: Payment to Contractors £0.200m
- c. Transfer of Street Lighting loan charges. Net Effect (£0.720m): Payment to Contractors (£0.720m).
