6 Risk Management Activity During 2010/2011

A report dated 10 May 2011 by the Chief Executive was submitted on risk management activity during 2010/2011.

The actions highlighted within the Risk Management Workplan had resulted from the assessment of the Council's progress on risk management using the Best Value 2 (BV2) toolkit and other risk management standards.

The 2010/2011 Risk Management Workplan was attached as Appendix 1 to the report. Progress in delivering the Workplan had been assessed using the same rating mechanism as "Improve", the Council's performance management system. At the end of March 2011, 79% of actions had been completed or were nearing completion.

Details were given on the main risk management achievements for 2010/2011.

7 Treasury Management - Use of Money Market Funds

A report dated 17 May 2011 by the Chief Executive was submitted on Money Market Funds which could be used as a means of managing cash flow.

At its meeting on 10 February 2011, the Council approved the Annual Investment Strategy for 2011/2012. This Strategy included the use of Money Market Funds (MMFs) as a permitted investment. MMFs were pooled funds which invested in the short-term money market through deposits, Government Bonds and commercial paper. Those funds allowed investors to participate in a more diverse and high-quality portfolio than if they were to invest individually. All investors in an MMF had a claim on a pro rata share of the fund's assets in line with the number of shares or units they owned.

The following measures were currently used to manage the Council's cash flow position:-

- ◆ deposit of surplus cash in banks and building societies which met the Council's counterparty requirements
- ◆ use of the Government's Debt Management Office (DMO) deposit account
- ◆ purchase of Treasury Bills from the Government

MMFs offered a higher interest rate than some banks and the DMO without increasing the risk to the Council. Investments would be restricted to MMFs which had obtained a AAA rating from the credit rating agencies and a maximum of £10 million would be placed with any one MMF. This was in accordance with the criteria set out in the Annual Investment Strategy.

The Committee decided: that approval be given for the use of Money Market Funds as a means of managing the cash flow requirements for the Council.

9 Public Contracts Scotland "Quick Quote" Trial

A report dated 20 May 2011 by the Chief Executive was submitted on a proposed pilot exercise on the use of the "Quick Quote" facility for low value/low risk tenders.

In 2009, the Scottish Government had launched "Quick Quote" as part of the facilities available to public bodies and suppliers on the national tender web site "Public Contracts Scotland". "Quick Quote" was an online quotation request facility which was used to provide competitive quotes for low value/low risk procurement exercises from suppliers who were registered on the national procurement portal. In terms of the Council's Standing Orders on Contracts, the "Quick Quote" facility would be for quotations of a value of less than £50,000.

It was proposed that the "Quick Quote" pilot exercise be undertaken within Housing and Technical Resources and Enterprise Resources for a 2 month period. If the exercise proved successful, the Procurement Service would begin a consultation with all Resources with a view to recommending "Quick Quote" as the preferred method for low value quotations. Prior to the pilot exercise, it was proposed to issue a communication, examples of which were contained in the appendix to the report, to suppliers advising them to register with the national procurement portal.

The Committee decided:

- (1) that the "Quick Quote" facility be piloted by Housing and Technical Resources and Enterprise Resources for a 2 month period; and
- (2) that the communications detailed in the appendix to the report be circulated to suppliers.

Details of all active funds and payments made in 2010/2011, together with the balances of the funds as at 31 March 2011, were given in Appendix 1 to the report.
