

South Lanarkshire Sustainable Development Strategy

improve

Performance Report Quarter 2 : 2017/18 - April to September

How to use this performance report

This performance report is intended to be both informative and easy to use. The guide below is designed to help you get the most out of the report and to answer the most common questions you might have.

Vision and Strategic Direction

Improve effective use of our buildings and transport in order to reduce greenhouse gas emissions

Action	Measures (non statistical measures shaded grey)	Comments / Progress	Status	This Year		Previous Years		
				Target	To date	2008/09	2009/10	Trend
Further implement the carbon management plan to reduce greenhouse gas emissions	Reduce the Council's greenhouse gas emissions by March 2010 compared to 2005/06 baseline Carbon management plan actions covering all key areas of emissions refreshed in March 2011	Current carbon reduction projects cover all resources. These projects will be reviewed and refreshed in March 2011 by members of the carbon management group.	Unknown	0.0%	0.0%	5.6%	Not avail	⊖
	Switch Off energy campaigns held in October 2010	The carbon management group are currently planning the 2010 energy reduction campaign to align to the national event, 'Energy Saving Week'.	Green	---	---	---	---	---
Implement the public sector duty under the Climate Change (Scotland) Act 2009.	Review the carbon management plan by January 2011 once guidance on new public sector duties in the Climate Change (Scotland) Act 2009 are clarified	Review of existing Carbon Management Plan on going. Public sector duties within the Climate Change (Scotland) Act 2009 will be taken into account in the revised version of the carbon management plan.	Green	---	---	---	---	---
	Review of SDS to be started by July 2010, and published for consultation Jan 2011	This action will be delayed due to the departure of the Council's sustainable development officer.	Amber	---	---	---	---	---

Ensure efficient use of material resources and to increase recycling of waste and develop more sustainable waste management

Action	Measures (non statistical measures shaded grey)	Comments / Progress	Status	This Year		Previous Years		
				Target	To date	2008/09	2009/10	Trend
Continue to develop mechanisms for the recycling and of municipal waste in order to achieve Scottish Government waste targets. Review our contracts for schools and of buildings in order to increase recycling. We will provide effective and household waste collection services consistent with the same period last	The amount of biodegradable waste sent to landfill	To be reported in the second quarter	Unknown	73,730	Not avail	77,342	73,730	⬆
	Second quarter		Unknown	40.0%	Not avail	37.0%	40.2%	⬆
	Second quarter		Unknown	1.3 tonnes	Not avail	1.4 tonnes	1.3 tonnes	⬆
			Unknown	208	152	144	152	⬆
			Green	Not avail	£13.45	£64.07	£69.17	⬆
		Green	Not avail	£19.21	£75.47	£80.80	⬆	
		Green	95.0%	99.4%	99.0%	98.9%	⬆	

Statistics for the current year. The **Target** shows what we want to achieve by the end of the year. The **To Date** column shows how much we have achieved so far.

Statistics for last 2 years, showing how we are doing over time.

The trend column shows how performance changed between these 2 years

- Performance getting better
- Performance staying the same
- Performance getting worse
- Information not yet available

Summary (level 1) - number of measures green, amber and red under each Sustainable Development objective

Sustainable Development Theme	Green	Amber	Red	To be reported later / Contextual	Total
Sustainable Council	8			3	11
Sustainable Environment	14	1		1	16
Sustainable Communities	13	2		3	18
Total	35	3	0	7	45

Sustainable Council

The council's carbon emissions are managed and reduced

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Implement our Carbon Management Plan to reduce the council's carbon footprint in line with the Scottish Government's targets	10% reduction in the Council's greenhouse gas emissions achieved by March 2021, compared to 2015/16 (equivalent to 2% each year)	Carbon emissions in 2016-17 reduced by 7.8% compared with the previous year. Reductions reduced across all sources - energy, waste, street lighting, fleet and staff travel. There has been a reduction of 28.9% in the Council's greenhouse gas emissions since the baseline of 2005/06. This brings reductions in line with the Scottish government targets of a 42% reduction by 2020, with a baseline year of 1990.	Report Later	10.0%	-----	-----	-----	7.8%
	Compliance with Carbon Reduction Commitment (CRC) scheme achieved within deadlines	Our 2016-17 Carbon Reduction Commitment (CRC) annual report was submitted by the 31st July 2017 deadline. A total of 50,664 allowances are required for the compliance year. Allowances for 2016-17 were purchased in the 2016 presale at a cost of £16.10 each, and allowances for 2017-18 and 2018-19 were purchased in the 2017 presale at a cost of £16.60 each. By purchasing early, significant savings are made, as the prices increase in each subsequent sale.	Green	---	---	---	---	---
Continue to implement energy efficiency measures across council facilities including investment in renewable and low carbon energy solutions	% reduction in energy consumption across the energy portfolio	Measure to be reported at year end. Regular monitoring of all utilities, with analysis of highs and lows, is carried out through our Energy Team. Work across our entire portfolio of buildings, both domestic and non-domestic to make them more energy efficient, forms a large part of our annual Housing Investment and Capital Projects.	Report Later	---	---	---	---	---

Sustainable Council

The council's carbon emissions are managed and reduced

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
	Agree 2017/18 CEEF Programme with CMT	A successful bid to the Scottish Executive in 2004-05 established SLC's Central Energy Efficiency Fund (CEEF). A subsequent report covering 2017 was agreed by CMT in March 2017. Projects progressing include upgrading of LED lights within Principal Offices and installation of PV panels in a further four Primary Schools.	Green	---	---	---	---	---
Implement measures within the council's fleet to contribute to the Scottish Government's ambition of the decarbonisation of road transport	Implement fuel efficiency measures to achieve a 4% reduction in vehicle emissions by March 2018 (relative to baseline year of 2014-15) (council wide figure)	Year to date, there has been a 15.2% reduction in Council vehicle emissions relative to the baseline year of 2014-15, suggesting that the 4% target will be achieved.	Green	4.0%	15.2%	0.0%	0.0%	6.0%

The council is environmentally responsible in the procurement, use and disposal of resources

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Continue to develop procurement processes to improve environmental outcomes and ensure compliance with the council's sustainable procurement duty	Implement the Procurement Strategy Action Plan	All actions within the Procurement Strategy Action Plan undertaken within agreed timescales. The process of review is well underway with activities commenced in all but one council Resource. Work in the remaining Resource will commence before the end of October 2017.	Green	---	---	---	---	---
Create a culture of resource efficiency in the workplace	Manage and deliver sustainable IT services	Actioned across the corporate IT Infrastructure to comply with the Carbon Reduction Plan.	Green	---	---	---	---	---

The public sector climate change duties are further embedded in service delivery and partnership working

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17

Sustainable Council

The public sector climate change duties are further embedded in service delivery and partnership working

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Ensure the council is compliant with the public sector climate change duties	Council's performance in complying with public sector climate change duties evaluated and annual statutory Climate Change Duties Report published by 30th November 2017	The annual evaluation of the Council's performance in complying with public sector climate change duties will be carried out in October 2017. The draft annual statutory Climate Change Duties Report is now completed and in the committee process for approval. It will be presented to Executive Committee on 8th November, prior to submission to the Scottish Government by 30th November 2017.	Green	---	---	---	---	---
	Participate in 'Climate Ready Clyde' partnership during 2017-18	The Terms of Reference, Memorandum of Understanding, and governance arrangements have now been developed for the partnership. The latest board meeting was held on 6th September 2017 and work has already commenced within the following three sub-groups: Executive; Risk and Vulnerability Assessment; and Impact, Influence and Engagement.	Green	---	---	---	---	---
Use sustainable development as a guiding principle in council plans, policies and strategies and include environmental considerations	Strategic Environmental Assessments undertaken on all appropriate plans and strategies, as statutorily required	Fifteen policies, plans, programmes and strategies have been subject to Strategic Environmental Assessment (SEA) since April 2017. All SEAs are regularly monitored by the Corporate SEA Working Group which has met three times since April 2017.	Green	---	---	---	---	---
	Annual report for Executive Committee and other governance groups on number and outcomes of Strategic Environmental Assessments carried out within the Council prepared by March 2018	The annual report for SEAs carried out in 2016-17 was presented to the Executive Committee meeting in August 2017. The report will be presented to the Sustainable Development Member Officer Group on 31 October 2017. The report covering 2017-18 will be prepared at the end of March 2018.	Report Later	---	---	---	---	---

Sustainable Environment

Sustainable Environment

South Lanarkshire's natural environment is protected, enhanced and respected

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Review and assess air quality throughout South Lanarkshire in the line with our Air Quality Strategy	Implementation of Air Quality Action Plan by March 2018	The delivery of the Air Quality Action Plan measures are progressing. The Vehicle Emissions Testing Programme has been completed with 955 vehicles tested. The engine idling campaign is due to commence over the winter period. School workshops and a walking/cycling campaign are due to commence this quarter. A joint flooding / air quality and biodiversity green infrastructure pilot project is due to be developed over the next quarter.	Green	---	---	---	---	---
	Submit the progress report on air quality across South Lanarkshire to the Scottish Government by March 2018	The 2017 annual progress report on air quality has been submitted and accepted by the Scottish Government. Work has commenced on data gathering to inform the 2018 report.	Green	---	---	---	---	---
Ensure our planning and land use policies protect and enhance the natural environment, ecosystem services and encourage sustainable development	Implement the Contaminated Land Strategy for South Lanarkshire	Implementation of the Contaminated Land Strategy is ongoing. The Council submitted licence surrender reports for two historical landfill sites at Newlandsmuir and Markethill (both in East Kilbride). SEPA have requested a time extension to review the applications. Licence surrender will facilitate suitable future land development.	Green	---	---	---	---	---
	Strategic Development Plan prepared for adoption by Clydeplan Group by December 2017	The Strategic Development Plan (Clydeplan) was approved (adopted) by Scottish Ministers on 24th July 2017.	Green	---	---	---	---	---
Continue to measure progress and report on the state of South Lanarkshire's environment	Updated biennial State of the Environment report finalised by December 2017	The 2017 edition of the State of the Environment Report is being prepared. It is anticipated that it will be presented to the Community and Enterprise Resource SMT in October 2017, prior to being presented to CMT, and reported to Executive Committee by the end of the year.	Green	---	---	---	---	---

Sustainable Environment

South Lanarkshire's natural environment is protected, enhanced and respected

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Meet our statutory biodiversity duty by implementing our Biodiversity Duty Implementation Plan which will enhance and protect biodiversity through managing our own estate	Deliver South Lanarkshire Council Biodiversity Duty Implementation Plan and prepare and submit three yearly monitoring report to Scottish Government by January 2018	The South Lanarkshire Council Biodiversity Duty Implementation Plan 2012-2015 has been delivered. A questionnaire has been issued to all SLC Resources to collate data for the report to the Scottish Government on implementation of the Biodiversity Duty in the last three years (2015-17). A new South Lanarkshire Council Biodiversity Duty Implementation Plan has been developed for 2018-2021, and will be submitted to Committee for approval in January 2018.	Green	---	---	---	---	---
Contribute to South Lanarkshire Biodiversity Partnership's action plan ensuring ecosystems are used sustainably and strengthened	Database updated and information used to establish priority areas for treatment and ongoing assessment of invasive plants	Ongoing activity. Over 250 knotweed sites are currently being treated.	Green	---	---	---	---	---
In partnership with local communities, continue to enhance South Lanarkshire's greenspace whilst improving recreational access	Phase 1 of Management Plan at Millheugh/Greenhall Estate implemented by March 2018 (includes woodland restructuring and recreational access improvements)	At Millheugh/Greenhall Estate, forestry extraction is now completed and footpath regeneration work is well underway. Expecting to complete this phase of the project by early November 2017.	Green	---	---	---	---	---
	Phase 2 of Chatelherault landscape and access regeneration project implemented (includes restructuring of footpath network, replacing and repairing of footbridges, woodland restructuring, and invasive species treatments)	At Chatelherault, timber extraction component is completed and procurement is underway for path regeneration contracts. Expecting path works to start in November 2017, with completion by March 2018.	Green	---	---	---	---	---
	Phase 1 of Management Plan for Mauldslie and West Brownlie Woods implemented by March 2018 (includes woodland restructuring and recreational access improvements)	Grant secured and tenders issued for improvements at Mauldslie and West Brownlie Woods. Currently assessing scope of possible work within available budgets, prior to issuing contracts.	Green	---	---	---	---	---
	Funding applications completed for Bothwell and Blantyre Woods by March 2018, through continued liaison with various 'Friends of' groups	Funding applications for Bothwell and Blantyre Woods not yet started due to the pressures of other projects - Chatelherault and Greenhall / Millheugh - but initial applications will be made this year.	Report Later	---	---	---	---	---

Sustainable Environment

South Lanarkshire's natural environment is protected, enhanced and respected

				Target	To Date	2014/15	2015/16	2016/17

South Lanarkshire's enhanced environment provides health and wellbeing benefits to local communities

Action	Measures (non statistical measures shaded grey)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Continue to develop the Greenspace Strategic Partnership to enable people to learn, play and be physically active outdoors in South Lanarkshire	Continued delivery of healthy walking opportunities throughout South Lanarkshire via the Get Walking Lanarkshire initiative	The healthy walking programme continues across both North and South Lanarkshire. Statistics for 2017 not yet available, but interim figures will be reported in third quarter.	Green	---	---	---	---	---
Work in partnership to develop and implement South Lanarkshire's Outdoor access strategy	Outdoor Access Strategy developed and approved by Committee by December 2017 with implementation thereafter	Draft Outdoor Access Strategy is currently in preparation. The Strategic Environment Assessment process has been completed, work on the main sections of the consultative draft of the Strategy now underway. Strategy will be completed and approved by March 2018.	Amber	---	---	---	---	---
	Continue investigation into partnership and external funding opportunities for extension of Clyde Walkway to link with neighbouring long distance routes - proposal paper for Community Services Committee submitted by March 2018	Consultations with community councils and other stakeholders complete. Sources of funding now being identified.	Green	---	---	---	---	---
Continue to educate our young people about the local environment in which they live and encourage them to reduce the impacts they have upon it	Continue to increase climate change awareness and sustainability in education establishments	Schools will incorporate climate change awareness content into their curriculum, using programmes and initiatives to support their work. This will be supported by the Curriculum and Quality Improvement Service throughout session 2017-18.	Green	---	---	---	---	---
Provide environmental volunteering opportunities and support community groups to manage local environmental projects	2,000 volunteer days achieved as part of Environmental Volunteer programme by March 2018	This figure includes only the directly supported Countryside and Greenspace volunteer teams. The final figure collated at the end of the year will include volunteer figures from community group partners.	Green	2,000	600	4,796	2,020	4,369

Sustainable Communities

Homes and communities are energy efficient, environmentally sustainable, and fuel poverty is minimised

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Continue to invest in energy efficiency measures in council homes including improvements to the fabric of the building, installation of affordable low carbon heating and the use of renewable technologies	% of council dwellings that are meeting the Energy Efficiency Standard for Social Housing (EESH) (LGBF)	Target achieved and improved position on year end.	Green	86.00%	87.19%	0.00%	82.38%	86.10%
Work in partnership to provide advice and support to local communities to help increase energy efficiency at home and minimise fuel poverty	Assist/support households to access schemes available to help address fuel poverty issues	Measure to be reported at year end.	Report Later	---	---	---	---	---

That council's strategies, plans and policies support communities to live more sustainably, reduce carbon emissions and adapt to a changing climate

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
Continue to divert waste from landfill by providing and encouraging the effective use of household waste management services across South Lanarkshire	Ongoing education and awareness undertaken and waste service procedures reviewed to promote waste minimisation, reuse and recycling within local communities	The Waste service is currently preparing to replace co-mingled recycling with dual stream recycling in flats within the Strathaven area. It is anticipated that this will improve the yields and quality of the recyclable material collected from these properties. The Waste Education team have prepared information that will assist residents make full use of the new recycling system.	Green	---	---	---	---	---
	Performance of waste and recycling contracts monitored and internal monthly updates developed on performance within each contract	Regular monthly / bi monthly meetings take place with contractors, and issues relating to performance are monitored. Corrective action is taken on matters raised within monthly reports where necessary.	Green	---	---	---	---	---

Sustainable Communities

That council's strategies, plans and policies support communities to live more sustainably, reduce carbon emissions and adapt to a changing climate

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	Status	----- This Year -----		----- Last 3 Years -----		
				Target	To Date	2014/15	2015/16	2016/17
	Waste audits undertaken and waste collection arrangements reviewed in council buildings, identifying opportunities to reduce residual waste and increase recycling	Waste audits to be arranged for later in financial year.	Report Later	---	---	---	---	---
	The percentage of total household waste arising that is recycled (Council target is 50% in line with Government target)	Year to date percentage of total household waste recycled will be reported in quarter three.	Report Later	50.0%	-----	45.0%	49.0%	53.1%
Work in partnership to ensure that local infrastructure is resilient to the impacts of climate change	Prioritised flood protection projects / studies delivered by March 2018 in line with available capital / revenue funding	<p>Borgie Glen (Cambuslang) - Inlet trash screen replacement and access improvement works (contract awarded, pre-works to address invasive species have commenced with main works due to start October 2017).</p> <p>Station Gate (Netherburn) - Creation of flood storage areas and watercourse diversion works (awaiting SEPA licence, scope of work has been amended and mini-tender will be carried out in September 2017).</p> <p>Coulter - Installation of flood fencing to divert flood flows away from properties and roads (design to be finalised and landowner agreement required, then mini tender to appoint contractor).</p> <p>Jervsiwood Drive, Cleghorn - Use of Groundwater Dynamics technique to increase infiltration potential within agricultural land to reduce flood risk from overland flow (sole supplier paperwork approved, test drilling completed and design underway).</p> <p>Purchase of flood barriers for use at Rosebank/A72 and other locations as required.</p> <p>Project at Hallside Burn (Halfway), proposed to be carried out by Dundas Homes on behalf of Council as part of their development, has been postponed due to landownership issues.</p>	Green	---	---	---	---	---

Sustainable Communities

That council's strategies, plans and policies support communities to live more sustainably, reduce carbon emissions and adapt to a changing climate

Action	Measures (<i>non statistical measures shaded grey</i>)	Comments/ Progress	----- This Year -----			----- Last 3 Years -----		
			Status	Target	To Date	2014/15	2015/16	2016/17
	Participate in Local Flood Risk Management Districts, namely Clyde and Loch Lomond led by Glasgow City Council and Tweed led by Scottish Borders Council	<p>The Local Flood Risk Management Plans (LFRMPs) were published on 22 June 2016 in accordance with the statutory dates. Information and links to the relevant documents have been uploaded onto the Council website.</p> <p>Council officers continue to participate in Tweed Local Plan District meetings and the Clyde and Loch Lomond (CaLL) Senior Officers Group as we embark upon the next Flood Risk Management planning cycle. SLC continue to have a presence on the CaLL Joint Committee which will continue to be in place during the next six year cycle.</p> <p>Initial work has begun on some of the flood studies and Surface Water Management Plans - these are council actions within the published Local Flood Risk Management Plans and require to be completed within the first six year planning cycle.</p>	Green	---	---	---	---	---

Devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products	Tourism Strategy delivered via Lanarkshire Area Tourism Partnership	<p>The refreshed Lanarkshire Tourism Action Plan is now launched and available and clearly aligns local actions to the national tourism strategy. It focuses on priorities and practical opportunities for businesses to ensure they are fully engaged.</p> <p>We have recently completed an Accessible Tourism phase 1 project which has created 100 access guides covering the majority of Lanarkshire's tourism assets, 39 of these are in South Lanarkshire. The aim of the guides is to maximise independence and choice for disabled people in accessing their local area and the places we all want to visit. As well as being socially desirable, this project represents a significant marketing opportunity for Lanarkshire. The Partnership is currently assessing the possibility of a second phase extension to this project.</p> <p>Given limited financial resources, the strategic focus will continue to be on enhancing the digital offering at both an individual business and regional level. During the year, the Partnership has engaged the digital services of VisitScotland to market Lanarkshire video campaign content within their national digital channels and this has increased the reach of our marketing efforts.</p> <p>City Deal – the tourism thematic group last met on the 18th July 2017. Work on a draft regional tourism strategy is ongoing. An action plan will be prepared once the strategy is finalised.</p>	Green	---	---	---	---	---
