

# Report

Report to:	<b>Roads Safety Forum</b>
Date of Meeting:	<b>31 January 2023</b>
Report by:	<b>Executive Director (Community and Enterprise Resources)</b>

Subject:	<b>Bikeability Scotland Cycle Training</b>
----------	--------------------------------------------

## 1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ advise the Forum of the Bikeability Scotland Scheme

## 2. Recommendation(s)

2.1. The Forum is asked to approve the following recommendation(s):-

- (1) that the contents of the report be noted.

## 3. Background

3.1. Bikeability Scotland is the name for multi level Cycle Training in Scotland, designed to give children the skills and confidence they need to cycle safely on the roads, and to encourage them to carry on cycling into adulthood. Bikeability Scotland supports the next generation of confident and responsible road users.

3.2. The 3 levels of Bikeability Scotland form part of the Scottish Government's Cycle Action Plan for Scotland (CAPS) and align to the National Standard for Cycle Training developed on behalf of the Department for Transport. Cycling Scotland has responsibility for the administration and development of this programme nationally.

3.3. The following Bikeability Scotland levels are coordinated and supported by the Council's Traffic and Transportation Section within the Roads, Transportation Fleet Service.

### Bikeability Scotland Level 1

This covers basic cycling skills and is taught in the playground or on other traffic free environments. This is typically delivered in primary 5.

There are 6 National Standard Level 1 outcomes:-

- ◆ prepare myself for a journey
- ◆ check the bike is ready for a journey
- ◆ set off, slow down and stop
- ◆ glide
- ◆ pedal
- ◆ share space

## Bikeability Scotland Level 2

The core training of the programme which takes place on quieter risk assessed single lane roads with simple junctions after a rider has demonstrated level 1 skills. This is typically delivered in primary 6 to 7 and focuses on using roads in accordance with the Highway Code and riding safely and responsibly in traffic.

There are 6 National Standard Level 2 outcomes:-

- ◆ identify and respond to hazards
- ◆ comply with signals, signs and road markings
- ◆ communicate with other road users
- ◆ maintain suitable riding positions
- ◆ start and stop on road journeys
- ◆ negotiate junctions

3.4. There are 4 core functions that pupils learn in Bikeability Scotland training:-

- ◆ making good and frequent observations
- ◆ choosing and maintaining the most suitable riding position
- ◆ understanding priorities on the road, particularly at junctions
- ◆ communicating/signalling intentions clearly to others

3.5. The website [www.cycling.scot/bikeability-scotland](http://www.cycling.scot/bikeability-scotland) provides detailed information for schools, parents and instructors as well as linking to supporting videos which accompany the practical training.

## **4. School Participation and Instructor Training**

4.1. All primary schools are invited to participate within Bikeability Scotland Level 1 and Level 2 training during each academic year. Contact is typically made at the start of the new term in August for the autumn/ winter period and is then reissued in January for the spring/summer terms.

4.2. To support the programmes, a free one day 'Bikeability Scotland Instructor' training course is offered to all new or existing school trainers. This includes school staff, volunteers and any other interested parties looking to update their skills and knowledge to National Standards for cycle training and Bikeability Scotland Level 1 and Level 2 programmes. Two Traffic and Transportation Officers are approved by Cycling Scotland as certified training providers and organise and deliver these courses.

4.3. Two instructor training courses were delivered by Traffic and Transportation Officers in the autumn 2022 term. These practical courses involve candidates instructing, demonstrating, and participating within a range of activities to UK National Standard for Cycle Training levels 1 and 2. Candidates are provided with the resources, knowledge and experience to deliver these programmes within the school setting.

4.4. 24 candidates were successfully certified as Bikeability Scotland instructors on conclusion of these courses. This included classroom teachers, school support staff and parent volunteers.

4.5. During January 2023, Primary schools have been contacted again and invited to participate in the Bikeability Programme. We anticipate approximately 4 further instructor training courses will be scheduled to take place during March/April 2023.

- 4.6. Bike Town, part of the Healthy and Happy Community Development Trust, have undertaken pupil Bikeability training within a selected number of schools as funded through Bikeability Scotland's Bikeability Support Plus Fund during the first part of this academic year. This has been supported by at least one adult within the school community. This aims to increase training uptake by schools and to facilitate self-led delivery in future years. Five schools benefited from this during Autumn 2022, with a number of additional schools expected to receive this support by the end of the 2022/2023 academic year.
- 4.7. To date 15 schools have completed Level 1 training and 10 schools have completed Level 2 training. A further 3 schools have registered interest for Level 1 training and 4 schools for Level 2 training in the new year. The majority of pupil training is being programmed to occur during the months of March to June 2023.
- 4.8. School participation is collated at the close of the academic school year. Results from previous years are reported in the section below.

## 5. Programme Results

- 5.1. Results from the completed academic term 2021/2022 are as follows:-

- ◆ 1,560 pupils from 58 schools completed the Level 1 course
- ◆ 1,594 pupils from 57 schools were subject to assessment at Level 2. This included 1,365 pupils from 49 schools completing Bikeability Scotland Level 2 to National Standards by having an element of "on-road" training
- ◆ 42 schools delivered multi-level training i.e. both Level 1 and Level 2 Participation.

- 5.2. Participation figures are summarised in the tables below for the last 5 academic years. It should be noted that the COVID-19 pandemic significantly impacted training delivery during academic years 2019/2020 and 2020/2021.

	NO. OF SCHOOLS 2017/2018	NO. OF SCHOOLS 2018/2019	NO. OF SCHOOLS 2019/2020	NO. OF SCHOOLS 2020/2021	NO. OF SCHOOLS 2021/2022
<b>Level 1</b>	46	42	18	12	58
<b>Level 2 (Playground)</b>	8	6	0	1	8
<b>Level 2 (On-Road)</b>	45	47	12	12	49
<b>No. of schools delivering at least one programme</b>	65	64	22	16	72

## 6. Bikebank

- 6.1. A small fleet of bikes and helmets, previously funded by Cycling Scotland, remains available to schools. This allows the provision of a small quantity of bikes on a loan basis to address individual cases issue of pupil inclusion. It is not the aim of this 'Bikebank' to provide a fleet of bikes but rather to give opportunities to individual pupils where they may have been excluded due to issues such as not owning a bike, the bike has not been properly maintained or cannot be transported to school.

6.2. Bikes are currently available from Montrose House in Hamilton or Happy n Healthy Community Development Trust (Bike Town Project) in Rutherglen and require to be booked in advance to ensure availability and to arrange collection/delivery. These bikes are also utilised when Bike Town staff are undertaking Bikeability Scotland pupil cycle training on behalf of South Lanarkshire Council.

## **7. Bikeability Coordinator**

7.1. A part time Bikeability Co-ordinator was appointed and started on 9 November 2021, funded by Cycling Scotland's Bikeability Support Plus grant for a one-year period. This post aids the promotion of Bikeability Scotland throughout the council area and provides additional support to schools when required. Further funding has since been received to extend the post by another year and it is anticipated that additional funding will be sought to secure further post continuation.

## **8. Employee Implications**

8.1. A part-time temporary Bikeability Co-ordinator post was established following a successful bid to Cycling Scotland's 'Bikeability Scotland Support Plus Fund'. This was reported at the Forum's October 2019 meeting. This post is now in place and will support the Bikeability Scotland programme.

## **9. Financial Implications**

9.1. Printed training materials are provided free of charge by Cycling Scotland.

9.2. A grant of £36,126 was awarded from Cycling Scotland's Bikeability Scotland Support Plus Fund to meet the cost of 'Bikeability Scotland Instructor' courses, third-party pupil training delivery, sundry items and funding of the Bikeability Co-ordinator post.

## **10. Climate Change, Sustainability and Environmental Implications**

10.1. There are no significant implications in terms of climate change, sustainability and environmental implications associated with this report. It should be noted, however, that active and sustainable travel schemes may have a positive impact on the environment by reducing reliance on private vehicles, supporting South Lanarkshire's Sustainable Development and Climate Change Strategy. Reduced motorised vehicle journeys will improve health and wellbeing whilst reducing reliance on fossil fuels and supports improvements in air quality through reduced vehicle emissions

## **11. Other Implications**

11.1. There are no significant risks associated with this report.

## **12. Equality Impact Assessment and Consultation Arrangements**

12.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and, therefore, no impact assessment is required.

**David Booth**

**Executive Director (Community and Enterprise Resources)**

5 January 2023

## **Link(s) to Council Values/Priorities/Outcomes**

### Values

- ◆ Focused on people and their needs
- ◆ Working with and respecting others
- ◆ Accountable, effective, efficient and transparent
- ◆ Ambitious, self-aware and improving
- ◆ Fair, open and sustainable

### Priorities

- ◆ We will work to put people first and reduce inequality
- ◆ We will work towards a sustainable future in sustainable places
- ◆ We will work to recover, progress and improve

### Outcomes

- ◆ Our children and young people thrive
- ◆ Good quality, suitable and sustainable places to live
- ◆ Caring, connected, sustainable communities
- ◆ People live the healthiest lives possible
