4.2 Delivering a Fairer Future

4.2.1 The Resource has identified 6 areas where jobs should be badged for Delivering a Fairer Future. This shows applicants whether the jobs are under-represented by males or females and offers guaranteed interviews to the under-represented gender if they meet the essential criteria. 190 of these posts have been advertised in 2010 to date and 34 employees in the under-represented gender have been successful in appointment.

4.2.2 Through the Performance and Development Review (PDR) process and the Delivering a Fairer Future initiative, employees are given an opportunity to access 'Taster Days'. This is intended to allow employees to experience first-hand alternative career routes they may be considering, in particular for roles traditionally held by the opposite gender. During 2010/2011, we received 76 requests from employees to undertake taster days and we are currently working through these requests.

4.3 **Training and Development**
