2 Minutes of Previous Meeting

The minutes of the meeting of the Planning Committee held on 8 February 2011 were submitted for approval as a correct record.

The Committee decided: that the minutes be approved as a correct record.

3 Application CL/10/0180 - Mixed Use Development Comprising Industrial and Storage and Distribution Warehousing (Classes 5 and 6), Business Units/Office Accommodation (Class 4), Hotel with Conference and Commercial Leisure Facilities (Class 7), Retail/Restaurant Floorspace (Classes 1 and 3), Landscaping, Open Space and Associated Infrastructure (Planning Permission in Principle) at Land at Poniel/Happendon Wood, South Lanarkshire

A report dated 1 March 2011 by the Executive Director (Enterprise Resources) was submitted on planning application CL/10/0180 by SRG Estates Limited for a mixed use development comprising industrial and storage and distribution warehousing (Classes 5 and 6), business units/office accommodation (Class 4), hotel with conference and commercial leisure facilities (Class 7), retail/restaurant floorspace (Classes 1 and 3), landscaping, open space and

associated infrastructure (planning permission in principle) at land at Poniel/Happendon Wood, South Lanarkshire.

The application had been assessed against the relevant policies and criteria contained in the Adopted South Lanarkshire Local Plan, the Glasgow and Clyde Valley Joint Structure Plan and government advice/policy. Details of the assessment were provided in the report. The development constituted Development Contrary to the Development Plan, however, it was not considered that the proposal was significantly contrary to the Development Plan.

In the view of the Executive Director (Enterprise Resources), a departure from the Development Plan was justified in this case for the following reasons:-

- ◆ the proposal would generate local employment opportunities within the Rural Investment Area
- ◆ a significant portion of the site was zoned for industrial use and would have the benefit of outline planning consent for a similar proposal. The overall proposal would complement this development opportunity and that of the existing Dewars' facility
- ◆ the site was easily accessible from the strategic road network (M74) while measures would be implemented to encourage the use of public transport
- ◆ there would not be an adverse impact on the landscape character of the area and opportunities existed to provide additional woodland planting and the creation of new habitats
- ◆ there were no infrastructure issues or road safety implications
- ◆ there would not be an adverse impact on ecology
- ◆ there was a history of planning consent for mixed use developments in the area
- ◆ there were no objections from statutory consultees

The Committee decided: that planning application CL/10/0180 by SRG Estates Limited for a mixed use development comprising industrial and storage and distribution warehousing (Classes 5 and 6), business units/office accommodation (Class 4), hotel with conference and commercial leisure facilities (Class 7), retail/restaurant floorspace (Classes 1 and 3), landscaping, open space and associated infrastructure (planning permission in principle) at land at Poniel/Happendon Wood, South Lanarkshire be granted subject to the conditions specified in the Executive Director's report.
