Regarding CR/11/0022

Appearance: Design, scale materials
Traffic: Ave is very narrow. Access
& Parking is difficult
Residential: Two storey Building
overlooking a over shadowing
our garden loss of privacy
Drains: have ^{had} problems
before.

Two storey building behind
2 semi-detached bungalows
out of kilter and odd.
Emergency ~~traffic~~ traffic
might find it hard for
access

Dear Mr MORTON,

I am writing
in regards to the notification
notice I received regarding
permission for a two storey
house at the back of 11
Whyte Avenue. I am objecting
to this as the property would
be at my ~~my~~ ^{back} garden their
would be much privacy, also
the building works, noise, dust
levels, more traffic in a very
narrow avenue, the drainage
my neighbour and I have already

had problems, I also have a toddler who will be out in the garden a lot hopefully this Sommer and I don't fancy a lot of noise and building works going on when you want to relax in your own garden when you are not working.

The parking already can be bad in Whyte Avenue my other son has problems parking his car often so if there was building works getting done it would make the traffic worse.

I hope you take my concerns into consideration about objecting to the planning permission
