5 Workforce Profile Report

A report dated 14 June 2010 by the Executive Director (Corporate Resources) was submitted on the workforce profile of the Council from 2005 to 2010.

The Council had a duty to publish annually its workforce profile under the categories of race, disability and gender. Under the new Equality Act 2010, it was expected that, as from April 2011, the Council would have a duty to publish those figures further broken down by age, gender identity, sexual orientation and religion and belief. The purpose of producing the profile was to demonstrate how reflective of the community the Council's workforce was and to show how the diversity of the workforce had developed year on year. The profile also allowed the Council to better understand what effect positive action programmes, such as Delivering a Fairer Future, were having.

The workforce profile of the Council for the period 2005 to 2010, broken down by gender, disability, age and race, was detailed in the appendix to the report. The figures showed that, in relation to gender and disability, there was work to be done in encouraging people into "non traditional" roles and to declare whether or not they considered themselves to be disabled. As part of this work, the Council would continue to run positive action programmes to attract a greater diversity of applicants and to encourage the uptake of non-traditional roles.

The Forum decided: that the report be noted.
