

Report

5

Report to:	Executive Committee
Date of Meeting:	28 March 2018
Report by:	Executive Director (Finance and Corporate Resources)

Subject:	Trading Services Financial Performance for Period 1 April 2017 to 2 February 2018
----------	--

1. Purpose of Report

1.1. The purpose of the report is to:-

- ◆ provide information on the estimated surplus for each of the Council's Trading Operations
- ◆ provide information on the actual surplus as at 2 February 2018
- ◆ provide an update on the projected results for the financial year 2017/2018.

2. Recommendation(s)

2.1. The Committee is asked to approve the following recommendation(s):-

- (1) that the surplus achieved to 2 February 2018 of £8.109 million, as detailed in Appendix A of the report, be noted; and
- (2) that following the probable outturn exercise, the revised forecast surplus to 31 March 2018 of £9.753 million, be noted.

3. Background

Trading Operations Position

- 3.1. At the start of the financial year, an estimated target for Trading Operations' surpluses was set at £14.323 million for 2017/2018. Throughout the year, budget movements have amended this and at the end of the period to 5 January 2018, the estimated surplus for the year stood at £9.907 million.
- 3.2. There have been no further adjustments in the accounting period to 2 February 2018.
- 3.3. Following the probable outturn exercise, the financial forecast for year ended 31 March 2018, has been confirmed. Taking account of all known commitments, the figures at Appendix A show a surplus of £9.753 million which represents an under recovery against surplus of £0.154 million on the current year budget.
- 3.4. This reflects a decreased surplus within Fleet (£0.071 million) and Roads (£0.083 million).
- 3.5. Details of the financial performance of each of the individual Trading Operations is provided in appendix A to this report.

3.6. This budgeted surplus sum will continue to be taken as a minimum target for achievement by the Trading Operations. Effort will be maintained to maximise results during the remainder of this financial year.

4. Employee Implications

4.1. None

5. Financial Implications

5.1. As at 2 February 2018, the actual surpluses achieved by the Trading Operations total £8.109 million.

6. Other Implications

6.1. The main risk associated with the Trading Operations' Budgets is that there is a reduction in the surplus achieved. The risk has been assessed as low given the detailed budget management applied across the Trading Operations. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.

6.2. There are no implications for sustainability in terms of the information contained in this report.

7. Equality Impact Assessment and Consultation Arrangements

7.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.

7.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.
