

Appendix 7

Applicant's Comments on Further Representations Submitted by Interested Parties in the Course of the Notice of Review Consultation Process

FAO Pauline macRae

Date 09/11/10

Dear Pauline,

Notice of Review-Application number-CR/10/0164.

Proposal: Single storey side extension.

Location: 93 Landemer Drive, Rutherglen.

My comments are as follows on the above planning review: -

- My client and I feel that by reducing the size of the extension to the same gable length as the existing house and approximately 3.2metres wide and by changing the roof design to hip ends would meet the criteria within polices DM1 and DM4.
- My client and I have looked at the sunlight/daylight factor at various times during the day based on the above amendments and can see no difference between existing and proposed. Hopefully the planning officer based on above admendments can look this at again.
- Please note that I would have made these admendments at the time had we received any encouragement from the planning officers.

I thank you for your kind assistance in this matter.

Yours

Sincerely,

Peter Robertson
