## **5 2021/2022 Internal Audit Plan – 6 Months to 31 March 2021**

---

A report dated 2 November 2021 by the Executive Director (Finance and Corporate Resources) was submitted on the proposed first phase of the Internal Audit Plan 2021/2022 for the 6 months to 31 March 2021.

A total of 619 audit days, inclusive of days which had been allocated to external clients, had been provided for in the second phase of the Plan. The proposed Internal Audit Plan, which included a brief outline scope for each proposed assignment, was attached as Appendix 2 to the report. Progress on the first phase of the Plan, for the period to 30 September 2021, was set out in Appendix 1.

The content of the Audit Plan each year was determined by the requirement to deliver a programme of work that would inform the annual audit opinion on the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control arrangements. To reflect the evolving risks and challenges that the Council continued to face, the Internal Audit Plan 2021/2022 had been presented to the Committee as 2 separate 6 month Plans to ensure they were current, relevant and deliverable. The Plans included core elements of audit work, completion of key financial year end tasks and reflected the ongoing support that was being provided to Council services to disburse COVID-19 grants.

A summary of how each assignment linked to key assurance areas for both Plans was included at Appendix 3 to the report.

The 2021/2022 Audit Plan would be delivered within the context of the revised Internal Audit Charter and in accordance with the Public Sector Internal Auditing Standards (PSIAS). A formal review of the internal audit function's compliance with PSIAS would be conducted in 2021/2022 in preparation for an external assessment that would be required in 2022/2023.

Work had commenced on the preparation of the 2022/2023 Internal Audit Plan and members of the Committee were invited to suggest potential areas for inclusion in the Plan. For the 2022/2023 Plan, consideration would be given as to whether the more agile approach of presenting the Plan at 6 monthly intervals would continue to be the most effective model. A review would be conducted that would consider practice across other local authorities as well as best practice guidance published by relevant professional bodies. The outcome of the review would be reported to the Committee in conjunction with the presentation of the proposed Internal Audit Plan for 2022/2023.

**The Committee decided:** that the proposed second phase of the 2021/2022 Internal Audit Plan for the 6 months to 31 March 2022 be approved.

## **6 Internal Audit Activity as at 29 October 2021**

---

A report dated 2 November 2021 by the Executive Director (Finance and Corporate Resources) was submitted on work completed by Internal Audit during the period 28 August to 29 October 2021.

Findings from internal audit assignments were reported to this Committee throughout the year and the last progress report was considered by this Committee on 15 September 2021. Key performance indicators, which reflected quality, on time and within budget for the period to 30 September 2021, were summarised at Appendix 1 to the report. 100% of draft reports were issued on time and 100% within budget against targets of 80% respectively. Quality continued to be monitored through internal quality control procedures.

As at 29 October 2021, 95% of planned assignments from Phase 1 of the 2021/2022 Audit Plan had started and 23% completed to the draft report stage. A further 30% of assignments related to work that was continued throughout the year and was carried forward to the second 6 month Plan. Work to complete the remaining 47% of phase 1 of the 2021/2022 Plan continued, alongside the assignments that formed the second phase of the Plan through to 31 March 2022.

Client contributions to the delivery of the audit plan took the form of responding to draft reports, agreeing to close meetings and signing reports timeously once agreed. 100% of audit assignments were concluded to a signed action plan within 4 weeks of the issue of a draft report against a target of 80%.

The findings from assignments completed in the period 28 August to 29 October 2021 were detailed in Appendix 2 to the report.

In December 2020, the Committee was advised that the format for presenting findings with the Internal Audit update reports would be reviewed to support member scrutiny. The review had been completed and the new format, which contained an expanded key messages summary, was attached as Appendix 3 to the report. To further assist members with their scrutiny role, each of the key messages summaries would be concluded with suggested areas where assurance should be sought that all risks had been identified and that controls were in place to mitigate risks.

Officers responded to members' questions on various aspects of the report.

**The Committee decided:** that the report be noted.
