Report to:	Financial Resources Scrutiny Forum
Date of Meeting:	6 May 2021
Report by:	Executive Director (Finance and Corporate Resources)

Subject:	Revenue Budget Monitoring 2020/2021 and Probable Outturn
----------	---

1. Purpose of Report

1.1. The purpose of the report is to:-

- ♦ advise the Forum on the overall financial position of the Council's General Fund Revenue Account and Housing Revenue Account for the period 1 April 2020 to 26 February 2021, and a projection for the year to 31 March 2021.

2. Recommendation(s)

2.1. The Forum is asked to note the following recommendation(s):-

- (1) that the additional COVID funding of £27.861 million (section 6.3), be noted;
- (2) that the utilisation of £7.891 million of the additional COVID funding to manage capital costs (section 6.4), be approved;
- (3) that any unspent element of the additional funding, currently £18.068 million, be carried forward in reserves to manage COVID pressures in 2021/2022 (section 6.9), be noted;
- (4) that the underspend of £1.394 million on the General Fund Revenue Account after transfers as at 26 February 2021 (section 7.3), be noted;
- (5) that including Resources, Corporate Items, Council Tax and the updated COVID breakeven position, the Council's revised outturn underspend of £2.163 million, (section 8.3), be noted; and
- (6) that the breakeven position on the Housing Revenue Account at 26 February 2021 and the forecast to 31 March 2021 of breakeven (section 9), be noted.

3. Background

3.1. The Revenue reports attached provide detail on the most recent report considered at the Executive Committee on 28 April 2021.

3.2. General Fund Position

This overview report will summarise the previously reported probable outturn position for the Council's General Fund (including COVID) to 31 March 2021 (section 4) and provide an update to this position in an Executive Summary (section 5).

3.3. Section 6 will detail the anticipated COVID position for the year and will provide information on the spend/funding to 26 February 2021. The same information will be provided for the Council's General Fund services (section 7) and the combined Council outturn will be summarised in section 8. Finally, the report will provide a

probable outturn and the position on the current period on the Housing Revenue Account (section 9).

4. Summary of Previously Reported Probable Outturn

- 4.1. As previously reported, the Council's overall outturn position to 31 March 2021 after transfers to reserves, and including the COVID shortfall of £1.902 million, is an **underspend of £0.261 million**. Table 1 provides a breakdown of this position.

Table 1: Council's Outturn Position (Executive Committee, 10 March 2021)

Note 1 – this position is after Covid costs have been met by capital (£7.891m) and that income continues to be recharged to HRA and Capital for the period of lockdown (£23.485m). If these costs were not recharged the overall costs would be £33.278m.

- 4.2. Sections 6 and 7 of the report will provide details on the updated position in relation to spend and funding of COVID and the impact on the Council's General Fund Services, with a combined Council outturn position in section 8.

5. Executive Summary

- 5.1. The Council's original Outturn position for financial year 2020/2021 was an underspend of £0.261 million, being a General Fund underspend of £2.163 million, partially offset by a COVID shortfall of £1.902 million (refer Table 1).
- 5.2. The Council has received additional COVID funding totalling £27.861 million. This takes the total COVID funding to £63.172 million (Table 2).
- 5.3. As previously reported, the Council's capital programme currently includes an element of budget for capital costs associated with COVID-19, estimated at £7.891 million. It was previously advised that a change to the approach may be considered which would be to use Revenue funding instead of Capital to cover these additional capital costs. This would reduce the burden on the Council's Capital programme. As additional funding has been received by the Council (sections 6.2 / 6.3), it is proposed that these monies are used to pay for the additional costs currently anticipated to be met by the capital programme (section 6.4). This will free up the capital budget set aside for COVID (£7.891 million).
- 5.4. The total additional funding received in 2020/2021 is £27.861 million and by using this to both manage the previously estimated COVID shortfall of £1.902 million (Table 1) in 2020/2021 and to manage the £7.891 million of potential costs relating to the capital programme in that year, leaves funding of £18.068 million (Table 2) to manage any further COVID costs into 2021/2022. This is based on the probable outturn cost of COVID, as at December 2020. If this funding is not utilised by 31

March, it will be carried forward in reserves to manage COVID costs in 2021/2022 (section 6.8).

- 5.5. Some of the allocation of funding is tied to a specific purpose and will have specific spend that requires to be made. Of the £18.068 million of funding carrying forward into 2021/2022, an estimated £9 million is tied to funding specific anticipated spend.
- 5.6. Taking the revised COVID position for the year into account, alongside the General Fund position, gives a revised outturn **underspend of £2.163 million for 2020/2021**. Table 3 details the original outturn underspend of £0.261 million and the revised outturn underspend of £2.163 million. The revised position reflects the use of the additional funding to manage the COVID shortfall (£1.902 million, Table 1).

This replicates Table 5 at Section 7.3

- 5.7. The forecast underspend of £2.163 million reflects the estimated outturn position and is based on the probable outturn exercise. Section 7.3 proposes that at the end of the financial year, these monies are considered for transferring to Reserves and set aside to manage future budget strategies. This may include the need to cover expenditure in relation to COVID moving into 2021/2022. The final value of the transfer will be confirmed at the end of the financial year.
- 6. 2020/2021 COVID Position**
- 6.1. **COVID Outturn Position:** The COVID position has previously been reported as a shortfall of £1.902 million (see Table 1).
- 6.2. Since the last report, the Council has received confirmation of a number of new funding allocations. The additional funding received in 2020/2021 and the Council's

respective share, is shown below, and is split across the 2 financial years that the funding relates to. There are elements of these funding streams that are tied to requirements to spend. This is covered further at section 6.11.

2020/2021 Allocations

- £70 million Education Recovery (£4.221 million)
- £110 million Loss of Income (£3.354 million) - allocation now confirmed.
- £1.995 million Local Self Isolation Assistance January to March (£0.124 million)
- £275 million Flexible Funding (£13.480 million)

2021/2022 Allocations

- £26.7 million Teachers / Support staff (£1.734 million)
- £25 million Teachers / Support staff (£1.624 million) - this is the 2021/2022 allocation of funding notified earlier in financial year
- £15 million Additional Financial Insecurity (£1.244 million)
- £15 million Additional Flexible Funding (£0.894 million) - allocation now confirmed.
- £17.2 million Spring Hardship Payment including Administration (£1.186 million)

- 6.3. The new funding allocations above total £27.861 million. When added to existing COVID funding, the revised total of funding is £63.172 million. These new allocations have been added to the budget in Appendix 2. Included within the £63.172 million is the Council's allocation for Free School Meals for March and Easter and the balance of £100 Winter Hardship funding notified to the Council since the last report which have been added to the Cost of Recovery expenditure and funding as they are spent.
- 6.4. **Capital:** As previously reported, the Council's capital programme currently includes an element of budget for capital costs associated with COVID-19, estimated at £7.891 million. Depending on how the revenue position progresses towards the end of the financial year, and how the Council chooses to use the Fiscal Flexibilities available, it was advised that a change to the approach may be considered which would be to use Revenue funding instead of Capital to cover these additional capital costs. This would reduce the burden on the Council's Capital programme. As additional flexible funding has been received by the Council (section 6.2 / 6.3), it is proposed that these monies are used to pay for the additional costs in relation to the capital programme.
- 6.5. The current estimate of these capital costs is £6.600 million. Some of these costs are overheads incurred by Housing and Technical Resources that would have been charged to capital projects (£4.600 million), and some are additional costs including compensation claims against capital projects (£2.000 million). As this figure cannot be confirmed until the end of the financial year, it proposed that the £4.600 million of additional overheads from Property Services be funded by this additional revenue support and these would stay in the Council's Revenue budget. In addition, the Revenue budget can provide the remaining funding for the rest of the budgeted £7.891 million, meaning a £3.291 million contribution to the remaining COVID-19 costs within the Capital Programme. Any revenue funding not required will be carried forward in Reserves.
- 6.6. This approach will free up the full capital budget of £7.891 million for use on other projects. This is discussed in more detail in the Capital Monitoring report to this meeting.

- 6.7. Taking the £27.861 million additional funding received in 2020/2021 (section 6.3) and covering the £1.902 million required to manage the original COVID shortfall and the £7.891 million of capital costs (section 6.4), leaves a balance of £18.068 million which can be carried into 2021/2022.
- 6.8. The funding balance of £18.068 million has been fully committed in the outturn figures in Appendix 2. This is because some of the allocations relate to 2021/2022 but have been received early, and the remaining allocations received in 2020/2021 are required to manage COVID costs in 2021/2022. Any funding received in 2020/2021 which has not been utilised by 31 March 2021, will be transferred to reserves and be carried forward into 2021/2022. It is anticipated that the majority of this funding will be carried forward in reserves to meet COVID expenditure in 2021/2022.
- 6.9. **Total COVID Expenditure and Funding:** Table 4 provides a summary of the total COVID expenditure and funding for the year, including the movements detailed in this report, to arrive at the carried forward funding position of £18.068 million.

Total COVID Funding (including additional funding)	(63.172)
Funding received in 2020/2021 to be carried forward to 2021/2022	(18.068)

- 6.10. As covered at section 6.2, some of the allocation of funding is tied to a specific purpose and will have specific spend that requires to be made. Of the £18.068 million of funding carrying forwards into 2021/2022, an estimated £9 million is tied to funding specific anticipated spend.
- 6.11. This revised position continues to be based on what is known at present. The high level COVID restrictions in place may still result in additional costs, and the final position for the year on the costs of COVID will be finalised over the coming weeks as part of the year end exercise.
- 6.12. **COVID Current Position as at 26 February 2021**
The total COVID net expenditure as at 26 February 2020 is **£24.275 million** which has been funded from a number of COVID funding streams including the Food Fund, Hardship Fund, Consequentials, Education specific funding and administrative support funding.
- 6.13. The total funding utilised to 26 February 2021 is £24.275 million, which equates to 51.3% of the total funding confirmed to date (including the £0.751 million of funding

used in 2019/2020). The reduction in percentage funding utilised reflects the increase in funding available since the last report.

- 6.14. A summary of the position is included in Table 5 with a full breakdown included in Appendix 5.

Table 5: Analysis of COVID expenditure at 26 February 2021 (Period 12)

	As at 26 February 2021 £m

- 6.15. The COVID costs above exclude the costs of the Social Work Mobilisation Plan. The assumption is that this will be fully funded. The spend to period 12 is £17.841 million. As at 26 February 2021, the Council has received £12.602 million of funding, with regular claims for funding being made to recover all spend made. The Scottish Government have now allocated a final tranche of funding through Health Boards for mobilisation plans. Work is ongoing with the Chief Financial Officer for the IJB to ensure that funding allocated for Local Authorities is passed over.

7. 2020/2021 General Services Position (excluding COVID)

7.1. General Services Outturn Position (excluding COVID)

The probable outturn position for the Council, after transfers to reserves of £24.863 million (as detailed in Appendix 4) and excluding the COVID shortfall of £1.902 million, is an underspend of £2.163 million (see Table 1). There has been no change to this position since the last report.

- 7.2. The underspend reflects an over recovery of Council Tax and an underspend on the Council Tax Reduction Scheme (CTRS), which is partly offset by an overspend on Resources, mainly within Education and on Corporate Items. This is summarised in Table 6.

Table 6: Forecast Underspend After Transfers to Reserves (excl COVID Shortfall)

	£m
Resources' Outturn / Corporate Items	(0.441)
Council Tax / CTRS	2.604
Forecast Underspend After Transfers to Reserves	2.163

- 7.3. The forecast underspend of £2.163 million reflects the estimated outturn position and is based on the probable outturn exercise. It is proposed that at the end of the financial year, these monies are considered for transferring to Reserves and set aside to manage future budget strategies. This may include the need to cover

expenditure in relation to COVID moving into 2021/2022. The final value of the transfer will be confirmed at the end of the financial year.

7.4. **Area Committee Grants:** there is currently approximately £0.060m of unspent money in the budget held for grants which are distributed by Area Committees. Area Committees have expressed that in this unusual year, they would not want groups to lose access to these funds, and it is therefore proposed that the unspent balances will be carried forward at the end of the year. This will be managed as part of the year end final transfer to reserves. Formal approval for the carrying forward of these unspent monies will be sought from committee through a recommendation in the 2020/2021 year-end report which will be brought to the Executive Committee meeting on 23 June.

7.5. **General Services Current Position as at 26 February 2021**

As at 26 February 2021, the position on the General Fund (including COVID spend and income) **before** transfers to reserves is an underspend of £10.080 million (Appendix 2a). Appendix 3a shows the position after the approved transfers to reserves, as an **underspend of £1.394 million**. This is in line with the probable outturn position and relates mainly to the over recovery of Council Tax and an underspend on the Council Tax Reduction Scheme.

8. **Summary Position section – Total Council Position including COVID**

8.1. As noted in section 6.2, the Council has received additional COVID funding and this has been used to manage the previously reported COVID shortfall of £1.902 million (Table 1).

8.2. The Council's General Fund position has not changed from the £2.163 million underspend (excluding COVID), previously reported.

8.3. Taking the revised COVID position into account alongside the General Fund position, gives a revised Council outturn **underspend of £2.163 million**. Table 7 shows the original outturn underspend of £0.261 million and the revised outturn underspend of £2.163 million. The revised position reflects the use of the additional funding to manage the COVID shortfall.

Table 7: Reconciliation of Council Outturn Position

Over Recovery of Council Tax excluding COVID 19	2.604	2.604
Revised Council Outturn Position	0.261	2.163

8.4. The forecast underspend of £2.163 million reflects the estimated outturn position and is based on the probable outturn exercise. It is proposed that at the end of the financial year, these monies are considered for transferring to Reserves and set aside to manage future budget strategies (section 7.3). The final value of the transfer will be confirmed at the end of the financial year.

9. Housing Revenue Account Position

- 9.1. As at 26 February 2021, Appendix 6 of the report shows a breakeven position against the phased budget on the Housing Revenue Account.
- 9.2. The forecast to 31 March 2021 on the Housing Revenue Account is a breakeven position.

10. Employee Implications

- 10.1. None.

11. Financial Implications

- 11.1. As detailed within this report.

12. Climate Change, Sustainability and Environmental Implications

- 12.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

13. Other Implications

- 13.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, the probable outturn exercise ensures early warning for corrective action to be taken where appropriate.
- 13.2. There are no implications for sustainability in terms of the information contained in this report.

14. Equality Impact Assessment and Consultation Arrangements

- 14.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 14.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

Variance Explanations**1. Employee Costs**

This underspend reflects the level of turnover within the Service.

2. Property Costs

This overspend reflects an increase in the level of demand for repairs and maintenance, following the easing of lockdown restrictions and recharges from property services for fixed costs.

3. Income

The under recovery of income reflects the delay in the level of additional new build properties due to COVID19 lockdown and income from insurance commissions.

4. Transfer to/(from) Balance Sheet

This reflects the current anticipated year end transfer from reserves. The transfer will depend on the final outturn, and currently the transfer required is higher than anticipated due to the under recovery of income as a result of COVID19 lockdown.

Virements

- a. The Capital Financed by Current Revenue (CFCR) budget is amended to reflect the approved capital programme and transferred to Reserves net Nil:- Transfers to/(from) Balance Sheet £1.314m and Financing Charges (£1.314m).
