#### 4. Monitoring Statistics

#### 4.1. Attendance Statistics (Appendix 1)

Information on absence statistics is analysed for the month of September 2021 for Community and Enterprise Resources.

The Resource absence figure for September 2021 was 7.5%, this figure has increased by 1.6% when compared to the previous month and is 1.1% higher than the Council-wide figure. Compared to September 2020, the Resource absence figure has increased by 2.4%.

Managers follow the procedures outlined in the Maximising Attendance Policy to support employees to remain at work, or to return to work after a sickness absence. There are comprehensive employee supports in place and additionally, Personnel Services work in close partnership with line managers and Resource Management Teams on a case management basis to ensure that appropriate actions are taken.

The attendance information contained in this report includes absences as a result of COVID-19, and employees are being supported through this difficult time to maintain attendance levels where they can.
