

Report

Report to: Date of Meeting: Report by:

Subject:

Executive Committee 10 March 2021 Executive Director (Finance and Corporate Resources)

# Revenue Budget Monitoring for Period 11: 1 April 2020 to 29 January 2021 and Probable Outturn

# 1. Purpose of Report

- 1.1. The purpose of the report is to:
  - advise the Committee on the overall financial position of the Council's General Fund Revenue Account and Housing Revenue Account for the period 1 April 2020 to 1 January 2021, and a projection for the year to 31 March 2021.

## 2. Recommendation(s)

- 2.1. The Committee is asked to approve the following recommendation(s):-
  - (1) that the previously reported COVID shortfall of £4.657 million, the additional Loss of Income funding of £2.755 million and the revised COVID shortfall of £1.902 million (section 4.1), be noted;
  - (2) that including Resources, Corporate Items and Council Tax, the Council's revised outturn **underspend of £0.261 million**, including the updated COVID shortfall position (section 5.1), be noted;
  - (3) that an underspend of £2.213 million on the General Fund Revenue Account after transfers as at 29 January 2021 (section 6.1), be noted; and
  - (4) that the breakeven position on the Housing Revenue Account at 29 January 2021 and the forecast to 31 March 2021 of breakeven (section 7), be noted.

# 3. Background

## 3.1. General Fund Position

This overview report will summarise the probable outturn position for COVID (section 4) and also for the Council's General Fund Revenue Account to 31 March 2021 (section 5). The report will also provide the position on the General Fund Account (section 6) including the COVID expenditure and income position for the current period 1 April 2020 to 29 January 2021. Finally, the report will provide a probable outturn and the current period position on the Housing Revenue Account (section 7).

## 4. 2020/2021 COVID Probable Outturn

4.1. As reported previously, an updated probable outturn position for the costs in relation to the pandemic have been prepared. Whilst the costs associated with COVID across Resources were refined, the net cost of COVID remained at the £4.657 million previously reported. After taking into account the Loss of Income funding from the Scottish Government of £2.755 million, there is a revised shortfall of £1.902 million. Details are included in Appendix 1.

- 4.2. This estimated position is based on what is known at present. The high level COVID restrictions in place are expected to result in additional costs, with no certainty or confirmation of what the level of these costs may be or whether there will be additional funding made available to help manage them.
- 4.3. **Capital**: Currently, the capital account is absorbing additional costs associated with COVID, estimated at around £7.8 million. There is a possibility that depending on how COVID costs progress over the next few months and the Council's ability to use the options on fiscal flexibility, officers may present to members a change to the current approach. This may involve using the Revenue COVID funds to cover some of these additional costs and reduce the burden on the capital programme. This will continue to be monitored.

# 5. 2020/2021 General Services Probable Outturn

- 5.1. As reported previously, the probable outturn position for the Council (including the COVID shortfall of £1.902 million) shows a forecast underspend of £25.124 million, before Transfers to Reserves (Appendix 2a). After taking into account all the proposed Transfers to Reserves totalling £24.863 million (Appendix 4), the outturn position is an **underspend of £0.261 million (Appendix 3a).**
- 5.2. A summary of this position is detailed in Table 1.

# **Table 1: Final Outturn Position**

	£m
Forecast Underspend <b>Before</b> Transfers to Reserves excl COVID	27.026
shortfall (Appendix 2a £25.124m less COVID shortfall £1.902m)	
Less: Previously Approved Transfers to Reserves for 2021/2022	(14.289)
Strategy (Appendix 4)	
Less: Proposed Transfers to Reserves (Appendix 4)	(10.574)
Forecast Underspend After Transfers to Reserves	2.163
Less: Shortfall on COVID Funding (section 4.1)	(1.902)
Revised Forecast Underspend After Transfers to Reserves	0.261

- 5.3. Full details of the transfers to reserves totalling £24.863 million were detailed in the previous report and are included at Appendix 4 for information.
- 5.4. The underspend position after transfers to reserves (before the COVID shortfall) of £2.163 million reflects an over recovery of council tax. This is partially offset by an overspend on the Resources' position, mainly within Education Resources and an overspend on Corporate Items Non-COVID including the commitment for Council Tax Second Homes offset by additional Council Tax income. This position is summarised in Table 2.

# Table 2: Forecast Underspend After Transfers to Reserves (excl COVID Shortfall)

	£m
Resources' Outturn	(0.324)
Corporate Items – Non COVID	(0.117)
Council Tax / CTRS	2.604

= Shortfall in COVID funding	(1.902)
Expenditure Position from Probable Outturn Exercise	(0.441)
Over-Recovery of Council Tax excl COVID	2.604
Probable Outturn Position: Revised underspend	0.261

## 6. 2020/2021 General Services Monitoring Position

## 6.1. Financial Position as at 29 January 2021

As at 29 January 2021, the position on the General Fund (including COVID spend and income) before transfers to reserves is an underspend of £10.340 million (Appendix 2a). Appendix 3a shows the position assuming the approval of the proposed transfers to reserves, as an underspend of £2.213 million. This is in line with the probable outturn position being reported. This relates mainly to the over recovery of Council Tax.

## 6.2. COVID Position as at 29 January 2021

The total COVID net expenditure as at 29 January 2020 is £21.538 million which has been funded from a number of COVID funding streams including the Food Fund, Hardship Fund, Consequentials, Education specific funding and administrative support funding. This expenditure and income have both been included in the position detailed in section 6.1.

- 6.3. The total funding utilised to 29 January 2021 is £22.289 million, which equates to 65.6% of the total funding confirmed to date (including the £0.751 million of funding used in 2019/2020).
- 6.4. Since the last report, the Council has received confirmation of its funding for Free School Meals (January and February lockdown allocations) totalling £0.892 million and it share of the £45 million being made available to Education for Teachers, Digital Inclusion and Home Learning Support. The Education funding can be used into 2021/2022 and work is ongoing to identify all commitments, however, it is assumed that the funds will be fully spent or will be transferred to reserves at year end. These have both been added to the expenditure and income in the Cost of Recovery, with no impact on the previously reported COVID shortfall of £1.902 million.
- 6.5. A summary of the position is included in Table 4 with a full breakdown included in Appendix 5.

# Table 4: Analysis of COVID expenditure at 29 January 2021 (Period 11)

	As at
	29 January
	2021
	£m
Additional Resource Spend	15.557
Lost Income	5.106
Unachieved Savings	0.484
Less: Unspent Budget	(2.851)
Total Net Expenditure incl in Resources	18.296
Food Fund Spend	3.242
Total Expenditure incl Food Fund	21.538
Total COVID Funding Utilised	(21.538)
Net COVID Expenditure	0.000

- 6.6. The COVID costs above exclude the costs of the Social Work mobilisation Plan. The assumption is that this will be fully funded. The spend to period 11 is £17.084 million. As at 29 January 2021, the Council has received £11.010 million of funding, with regular claims for funding being made. The Scottish Government have now allocated a final tranche of funding through Health Boards for mobilisation plans. Work is ongoing with the Chief Financial Officer for the IJB to ensure that funding allocated for Local Authorities is passed over.
- 6.7. **COVID Funding Update:** In addition to the funding previously reported, the Scottish Government are making a further £15 million of Flexible Fund available to enable authorities to assist individuals and communities during Tier 4 lockdown in 2020/2021. This takes the total Flexible Fund to £30 million. Discussions are currently taking place around the distribution of the full £30 million of funding, as the original £15 million was only allocated to the 11 councils in Tier 4 lockdown at that time, whereas all councils are now currently deemed to be in Tier 4 lockdown. An update will be provided once the Council's updated allocation is known.
- 6.8. For 2021/2022, the Scottish Government is making available £259 million of one-off funding to assist in managing the costs of COVID. In addition to this, a further £110m million is being added to the funding available for Loss of Income. Discussions will take place with COSLA around the distribution of these funds and an update will be provided when the Council's allocation is confirmed.

# 6.9. 2020/2021 Additional General Revenue Grant Update – F/C 1/2021

As part of the 2021/2022 grant settlement, the Council received an update on its 2020/2021 General Revenue Grant. The Council was notified of additional funding in relation to the Teachers Induction Scheme (£2.355 million) which is not allocated until this point each financial year, Education Psychologists (£0.009 million) and EU BREXIT funding (£0.025 million), totalling £2.389 million. These amounts have been added to the figures detailed in Appendix 2a.

# 7. Housing Revenue Account Position

- 7.1. As at 29 January 2021, Appendix 6 of the report shows a breakeven position against the phased budget on the Housing Revenue Account.
- 7.2. The forecast to 31 March 2021 on the Housing Revenue Account is a breakeven position.

## 8. Employee Implications

8.1. None.

## 9. Financial Implications

9.1. As detailed within this report.

## 10. Climate Change, Sustainability and Environmental Implications

10.1. There are no implications for climate change, sustainability or the environment in terms of the information contained in this report.

## 11. Other Implications

11.1. The main risk associated with the Council's Revenue Budget is that there is an overspend. The risk has been assessed as low given the detailed budget management applied across the Resources. The risk is managed through four weekly Budget Monitoring Meetings at which any variance is analysed. In addition, he probable outturn exercise ensures early warning for corrective action to be taken where appropriate.

## 12. Equality Impact Assessment and Consultation Arrangements

- 12.1. This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy and therefore no impact assessment is required.
- 12.2. There is also no requirement to undertake any consultation in terms of the information contained in this report.

#### Variance Explanations

### 1. Employee Costs

This underspend reflects the level of turnover within the Service.

#### 2. Property Costs

This overspend reflects an increase in the level of demand for repairs and maintenance, following the easing of lockdown restrictions and recharges from property services for fixed costs.

#### 3. Income

The under recovery of income reflects the delay in the level of additional new build properties due to COVID19 lockdown and income from insurance commissions.

#### 4. Transfer to/(from Balance Sheet

This reflects the current anticipated year end transfer from reserves. The transfer will depend on the final outturn, and currently the transfer required is higher than anticipated due to the under recovery of income as a result of COVID19 lockdown.
